due to IMLS on June 30, 2022. Guidelines for the Five-Year State Plans have already been developed and approved by OMB, and this update to the guidelines will incorporate the latest language from the revised Museum and Library Services Act of 2018. This language does not substantively change the guidelines but reflects minor updates to the purposes of the LSTA, to which the SLAAs must adhere when creating goals for the new Five-Year State Plans.

The Five-Year State Plan identifies a State’s library needs, sets forth the activities to be taken toward meeting the identified needs supported with the assistance of Federal funds made available under the Library Services and Technology Act (“LSTA”), and provides assurances that the officially designated SLAA has the fiscal and legal authority and capability to administer all aspects of any award under the Grants to States program. 20 U.S.C. 9122(5). The Five-Year State Plan must also provide assurances for establishing the State’s policies, priorities, criteria and procedures necessary to the implementation of all programs under the LSTA. 20 U.S.C. 9122(5).

This action is to renew the forms and instructions for the IMLS Grants to States Program Five-Year State Plan Guidelines for State Library Administrative Agencies for the next three years.
