- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Service enters into agreements and partnerships with nonprofit Friends groups to facilitate and formalize collaboration between the parties in support of mutual goals and objectives as authorized by:

- The Fish and Wildlife Act of 1956 (16 U.S.C. 742a-742j);
- The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-ee), as amended;
- The Refuge Recreation Act of 1962 (16 U.S.C. 460k *et seq.*), as amended;
- The Anadromous Fish Conservation Act (16 U.S.C. 757a-757g), as amended;
- The Fish and Wildlife Coordination Act of 1934 (16 U.S.C. 661-667e), as amended;
- The National Wildlife Refuge System Volunteer and Community Partnership Enhancement Act of 1998 (16 U.S.C. 742f), as amended; and
- The National Fish Hatchery System Volunteer Act of 2006 (16 U.S.C. 760aa), as amended.

The Service utilizes a standardized agreement which describes the substantial involvement of both parties in mutually agreed-upon activities and ensures that both parties have a mutual understanding of their respective roles, responsibilities, rights, expectations, and requirements within the partnership. The agreement, pre-approved by the Department of the Interior (DOI) Office of the Solicitor, provides the suggested language common to most Service Friends partnerships. The content is based on DOI and Service policies, but the Friends and Service sites/programs may thoughtfully add and delete certain language to meet their varying partnership roles and responsibilities wherever Department and Service policies do not dictate otherwise. We also use a supplemental partnership agreement for use of Service property, which provides additional terms and responsibilities beyond the general terms of the partnership agreement and is required only for those Friends groups that use Service land, facilities, or equipment.

The partnership agreement and supplemental agreement are effective for 5 years, with four annual modification options during the 5-year period of performance. Each time the agreement is up for its 5-year renewal, the Refuge or Fish Hatchery Project Leader and the Friends President or Board will meet to review, modify, and sign the agreement as described above. To become effective, the Regional Director (or designee) must review, approve, and sign a new agreement every 5 years.

In addition to the partnership agreement and supplemental agreement, and subsequent renewals of the agreements, the Service collects the following information in conjunction with the administration of the Friends Program:

- Basic program information documentation, to include documents such as Internal Revenue Service (IRS) determination letters recognizing an organization as tax exempt, submission of IRS Form 990-series forms, bylaws, articles of incorporation, etc.;
- Internal financial control documentation for the organization;
- Recordkeeping requirements documenting accountability for donations and expenditures;
- Assurance documentation that donations, revenues, and expenditures benefit the applicable refuge or hatchery;
- Resumes of potential Friends group staff selected to work in visitor centers;
- Annual performance reporting (donations, revenues, and expenditures)

and number of memberships (if applicable); and

- Additional information that may be included as part of quarterly, annual, and in-depth program reviews.

Over the life of this clearance, the Service plans to develop a digital platform and process to collect information directly from Friends groups. Until that occurs, Friends groups will submit information through form and non-form responses.

The Service uses the information collected to establish efficient and effective partnerships and working relationships with nonprofit Friends organizations. The agreements provide a method for the Service to legally accept donations of funds and other contributions by people and

organizations through partnerships with nonprofit (and non-Federal) Friends organizations.
