

Preliminary Results of Changed Circumstances Review

We preliminarily determine that Newlat is not the successor-in-interest to Delverde. Record evidence submitted by Newlat indicates that the post-merger entity (*i.e.*, Newlat, which includes Delverde) does not operate as essentially the same business entity as the pre-merger Delverde with respect to the subject merchandise.¹¹ For the complete successor-in-interest analysis, refer to the accompanying successor-in-interest memorandum.¹²

Rescission of Administrative Review

It is Commerce's practice to rescind an administrative review pursuant to 19 CFR 351.213(d)(3) when there are no reviewable entries of subject merchandise during the POR subject to the antidumping duty order and for which liquidation is suspended.⁶ At the end of the administrative review, the suspended entries are liquidated at the assessment rate computed for the review period.⁷ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry to be liquidated at the newly calculated assessment rate. As discussed in the Issues and Decision Memorandum, we find that, because all of the entries associated with Bothwell's reported sales of subject merchandise during the POR were liquidated by U.S. Customs and Border Protection (CBP), Bothwell had no reviewable entries during this POR.⁸ Accordingly, we are rescinding this review pursuant to 19 CFR 351.213(d)(3).

Assessment

Because Commerce is rescinding this administrative review, we have not calculated a company-specific dumping margin for Bothwell.

Cash Deposit Requirements

As noted above, Commerce is rescinding this administrative review. Thus, we have not calculated a company-specific dumping margin for Bothwell. Therefore, entries of Bothwell's subject merchandise continue to be subject to its company-specific cash deposit rate of 116.17 percent. This cash deposit requirement

⁷ See 19 CFR 351.212(b)(1).

⁸ To the extent that record evidence suggests that additional Bothwell-produced merchandise imported into the United States from unaffiliated parties in third countries might have been sold during the POR, Bothwell's statements on the record indicate that it had no knowledge of those sales. Commerce therefore will not review those sales.

shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a reminder to parties subject to Administrative Protective Order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in these segments of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(h) and 351.221(b)(5).

Dated: November 3, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) orders on monosodium glutamate (MSG) from the People's Republic of China (China) and the Republic of Indonesia (Indonesia) would likely lead to continuation or recurrence of dumping, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of these AD orders.

On November 26, 2014, Commerce published the amended final affirmative determination in the less-than-fair-value (LTFV) investigation of MSG from China and the antidumping duty orders for MSG from China and Indonesia in the **Federal Register**.¹ On October 1, 2019, the ITC instituted,² and Commerce initiated,³ the five-year (sunset) reviews of the *Orders*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would be likely to lead to continuation or recurrence of dumping
