conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, C/O Cynthia Roscoe, 100 F Street NE, Washington, DC 20549; or send an email to: PRA_Mailbox@sec.gov.

J. Matthew DeLesDernier,
Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270–824; OMB Control No. 3235–0500]

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Extension: Rule 608

Rule 608 specifies procedures for filing or amending national market system plans (“NMS Plans”). Self-regulatory organizations (“SROs”) filing a new NMS Plan must submit the text of the NMS Plan to the Commission, along with a statement of purpose, and, if applicable, specified supporting materials that may include: (1) A copy of all governing or constituent documents, (2) a description of the manner in which the NMS Plan, and any facility or procedure contemplated by the NMS Plan, will be implemented, (3) a listing of all significant phases of development and implementation contemplated by the NMS Plan, including a projected completion date for each phase, (4) an analysis of the competitive impact of implementing the NMS Plan, (5) a description of any written agreements or understandings between or among plan participants or sponsors relating to interpretations of the NMS Plan or conditions for becoming a plan participant or sponsor, and (6) a description of the manner in which any facility contemplated by the NMS Plan shall be operated. Participants or sponsors to the NMS Plan must ensure that a current and complete version of the NMS Plan is posted on a designated website or a plan website after being notified by the Commission that the NMS Plan is effective. Each plan participant or sponsor must also provide a link on its own website to the current version of the NMS Plan.

The Commission estimates that the creation and submission of a new NMS Plan and any related materials would result in an average aggregate burden of approximately 850 hours per year (25 SROs × 34 hours = 8,500 hours). The Commission further estimates an average aggregate burden of approximately 125 hours per year (25 SROs × 5 hours = 125 hours), for each of the SROs to keep a current and complete version of the NMS Plan posted on a designated website or a plan website, and to provide a link to the current version of the NMS Plan on its own website. In addition, the Commission estimates that the creation of a new NMS Plan and any related materials would result in an average aggregate burden of approximately 11,050 hours per year (25 SROs × 442 hours = 11,050 hours). The Commission further estimates an average aggregate burden of approximately 124 hours per year (25 SROs × 4.94 hours = 123.5 hours rounded up to 124) for SROs to post any pending NMS Plan amendments to a designated website or a plan website and to update such websites to reflect the current status of the amendment and the NMS Plan. In addition, the Commission estimates that the creation of a NMS Plan amendment and any related materials would result in an average aggregate cost of approximately $325,000 per year (25 SROs × $13,000 = $325,000).

Finally, to the extent that a plan processor is required for any facility contemplated by a NMS Plan, the plan participants or sponsors must file with the Commission a statement identifying the plan processor selected, describing the material terms under which the plan processor is to serve, and indicating the solicitation efforts, if any, for alternative plan processors, the alternatives considered, and the reasons for the selection of the plan processor. The Commission estimates that the preparation and materials related to the selection of a plan processor would result in an average aggregate burden of approximately 283 hours per year (25 SROs × 11.33 hours = 283.33 rounded down to 233). In addition, the Commission estimates that the preparation and submission of materials related to the selection of a plan processor would result in an average aggregate cost of approximately $8,333 per year (25 SROs × $333.33 = $8,333.33 rounded down to $8,333).

The above estimates result in a total annual industry burden of approximately 12,432 hours (850 + 125 + 11,050 + 124 + 283) and a total annual industry cost of approximately $483,333 ($150,000 + $325,000 + $8,333). Compliance with Rule 608 is mandatory. The text of the NMS Plans and any amendments will not be confidential, but published on a designated website or plan website. To the extent that Rule 608 requires the SROs to submit confidential information...
SECURITIES AND EXCHANGE COMMISSION
