(F) The imported subject-paper rolls covered by this certification will not be further processed into uncoated paper sheets in the United States. (Note: For certifications related to entries made on or after November 6, 2020, and through 14 days after the publication of the Preliminary Determination, the importer should replace “will not be further processed” with “were not further processed” in the certification, as necessary).

(G) This certification applies to the following entries (repeat this block as many times as necessary):

(H) I understand that (NAME OF IMPORTING COMPANY) is required to maintain a copy of this certification and sufficient documentation supporting this certification (i.e., documents maintained in the normal course of business, or documents obtained by the certifying party, for example, mill certificates, production records, invoices, etc.) for the later of: (1) A period of five years from the date of entry; or (2) a period of three years after the conclusion of any litigation in the United States courts regarding such entries.

(i) I understand that (NAME OF IMPORTING COMPANY) is required to provide this certification and supporting records to U.S. Customs and Border Protection (CBP) and/or the Department of Commerce (Commerce), upon request by the respective agency.

(j) I understand that the claims made herein, and the substantiating documentation, are subject to verification by CBP and/or Commerce.

(K) I understand that failure to maintain the required certifications, and/or failure to substantiate the claims made herein, and/or failure to allow CBP and/or Commerce to verify the claims made herein, may result in a de facto determination that all entries to which this certification applies are within the scope of the antidumping/countervailing duty orders on certain uncoated paper from China. I understand that such finding will result in:

(i) suspension of liquidation of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met;

(ii) the requirement that the importer pay applicable antidumping duty and/or countervailing duty cash deposits (as appropriate) equal to the rates determined by Commerce; and

(iii) the revocation of (NAME OF IMPORTING COMPANY)’s privilege to certify future imports of subject-paper rolls from China as not being imported for purposes of further processing into the United States into uncoated paper sheets.

(L) I understand that agents of the importer, such as brokers, are not permitted to make this certification. Where a broker or other party was used to facilitate the entry process, (NAME OF IMPORTING COMPANY) obtained the entry summary number and date of entry summary from that party.

(M) This certification was completed at or prior to the date of entry summary.

(N) I am aware that U.S. law (including, but not limited to, 18 U.S.C. 1001) imposes criminal sanctions on individuals who knowingly and willfully make material false statements to the U.S. government.

Forced Steel Fittings From the People’s Republic of China:
Preliminary Results of Countervailing Duty Administrative Review; 2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is conducting an administrative review of the countervailing duty (CVD) order on forced steel fittings from the People’s Republic of China (China) for the period of review March 14, 2018 through December 31, 2018. Commerce preliminarily determined that countervailable subsidies are being provided to Both-Well (Taizhou) Steel Fittings, Co., Ltd. (Both-Well), the sole producer/exporter of forced steel fittings from China subject to this review.

FOR FURTHER INFORMATION CONTACT:

Katherine Johnson or Janae Martin, AD/ CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4929 or (202) 482–0238, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 17, 2020, Commerce published the notice of initiation of an administrative review of the CVD order on forced steel fittings from China.1 On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days, thereby extending the deadline for the preliminary results of this review until July 21, 2020.2 On July 21, 2020, Commerce again tolled all deadlines in administrative reviews by 60 days.3 Accordingly, the deadline for the preliminary results in this administrative review was postponed to November 19, 2020.4

For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.5 A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Order

The merchandise covered by the order is forced steel fittings. For a complete description of the scope of the order, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 775(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, i.e., a government financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.6 For a full description of the

4 Id. at 2.

6 See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E)
methodology underlying our preliminary conclusions, see the accompanying Preliminary Decision Memorandum.

As explained in the Preliminary Decision Memorandum, Commerce relied on adverse facts available because the Government of China did not act to the best of its ability in responding to Commerce’s requests for information, and consequently, we have drawn an adverse inference, where appropriate, in selecting from among the facts otherwise available. For further information, see “Use of Facts Otherwise Available and Adverse Inferences” in the Preliminary Decision Memorandum.

Rate for Non-Selected Companies Under Review

There are 35 companies for which a review was requested and not rescinded, and which were not selected as mandatory respondents or found to be cross-selected with a mandatory respondent. For these companies, because the rate calculated for Both-Well was above *de minimis* and not based entirely on facts available, we applied Both-Well’s subsidy rate to the non-selected companies. This methodology to establish the subsidy rate for non-selected companies is consistent with our practice and with section 705(c)(3)(A) of the Act, which governs the determination of an “all-others” rate in an investigation and which we rely on for guidance here. For a list of the non-selected companies, see Appendix II to this notice.

Preliminary Results of Review

In accordance with 19 CFR 351.221(b)(4)(i), we calculated a countervailable subsidy rate for Both-Well, the sole mandatory respondent in this review. We preliminarily determine that the following subsidy rate exists for Both-Well and the non-selected companies under review:

<table>
<thead>
<tr>
<th>Company</th>
<th>Subsidy rate (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Both-Well (Taizhou) Steel Fittings, Co., Ltd.</td>
<td>25.90</td>
</tr>
<tr>
<td>Non-Selected Companies Under Review*</td>
<td>25.90</td>

</tbody>
</table>

Assessment Rate

In accordance with 19 CFR 351.221(b)(4)(i), we preliminarily assigned subsidy rates in the amounts shown above for the producer/exporters of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

\* See sections 776(a) and (b) of the Act.
\* See Appendix III.

shown above. Upon completion of the administrative review, consistent with section 751(a)(1) of the Act and 19 CFR 351.212(b)(2), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review. We intend to issue instructions directly to CBP 15 days after publication of the final results of this review.

Cash Deposit Rate

Pursuant to section 751(a)(1) of the Act, Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amount indicated for Both-Well with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review. For all non-reviewed firms, we will instruct CBP to continue to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company, as appropriate. These cash deposit instructions, when imposed, shall remain in effect until further notice.

Disclosure and Public Comment

We will disclose to parties to this proceeding the calculations performed in reaching the preliminary results within five days of the date of publication of these preliminary results. Interested parties may submit written comments (case briefs) within 30 days of publication of the preliminary results and rebuttal comments (rebuttal briefs) within seven days after the time limit for filing case briefs. Pursuant to 19 CFR 351.309(d)(2), rebuttal briefs must be limited to issues raised in the case briefs. Parties who submit arguments are requested to submit with the argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must do so within 30 days of publication of these preliminary results by submitting a written request to the Assistant Secretary for Enforcement and Compliance using Enforcement and Compliance’s ACCESS system.

Requests should contain the party’s name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce will inform parties of the scheduled date of the hearing which will be held at a time and date to be determined. Issues addressed during the hearing will be limited to those raised in the briefs. Parties should confirm the date and time of the hearing two days before the scheduled date.

Parties are reminded that all briefs and hearing requests must be filed electronically using ACCESS and received successfully in their entirety by 5 p.m. Eastern Time on the due date. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act, Commerce intends to issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their comments, within 120 days after publication of these preliminary results. This administrative review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

Jeffrey I. Kessler,
Assistant Secretary for Enforcement and Compliance.
