

Ricoh already has authority to produce copiers, printers, toner cartridges, related toner products, thermal paper and thermal film products within Subzone 26H. The current request would add foreign-status materials to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Ricoh from customs duty payments on the foreign-status materials used in export production. On its domestic sales, for the foreign-status materials noted below, Ricoh would be able to choose the duty rates during customs entry procedures that apply to copiers, printers, toner cartridges, related toner products, thermal paper and thermal film (duty rate ranges between duty-free and 5.8%). Ricoh would be able to avoid duty on foreign-status materials which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials sourced from abroad include titanium dioxide mixture (titanium dioxide, methyltrimethoxy silane, and trifluoropropyltrimethoxysilane), silica mixture (silica is over 91% of mixture), polycarbonate/acrylonitrile butadiene styrene resin, and calcium oxide mixture (calcium oxide is over 85% of mixture) (duty rate ranges between 5% and 6%). The request indicates that certain materials are subject to duties under Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is December 23, 2020.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: November 9, 2020.
Andrew McGilvray,
Executive Secretary.

Citric Acid and Certain Citrate Salts From Colombia: Final Results of Antidumping Duty Administrative Review; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On August 10, 2020, the Department of Commerce (Commerce) published the preliminary results of the administrative review of the antidumping duty (AD) order on citric acid and certain citrate salts (citric acid) from Colombia. The review covers one mandatory respondent, Sucroal S.A. (Sucroal). The period of review (POR) is January 8, 2018 through June 30, 2019. For the final results of this review, we continue to find that Sucroal sold subject merchandise at less than normal value during the POR.

DATES: Applicable November 13, 2020.

FOR FURTHER INFORMATION CONTACT: Bharat Phuyal, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW, Washington, DC 20230; telephone: (202) 482-3992.

SUPPLEMENTARY INFORMATION:

Background

On August 10, 2020, Commerce published the *Preliminary Results* of the administrative review of the AD order on citric acid from Colombia.¹ The administrative review covers one producer/exporter of the subject merchandise, Sucroal. We gave interested parties an opportunity to comment on the *Preliminary Results*. We received no comments. Hence, these final results are unchanged from the *Preliminary Results*.

Scope of the Order

The merchandise covered by this order includes all grades and granulation sizes of citric acid, sodium citrate, and potassium citrate in their

unblended forms, whether dry or in solution, and regardless of packaging type. The scope also includes blends of citric acid, sodium citrate, and potassium citrate; as well as blends with other ingredients, such as sugar, where the unblended form(s) of citric acid, sodium citrate, and potassium citrate constitute 40 percent or more, by weight, of the blend.

Citric acid and sodium citrate are classifiable under 2918.14.0000 and 2918.15.1000 of the Harmonized Tariff Schedule of the United States (HTSUS), respectively. Potassium citrate and crude calcium citrate are classifiable under 2918.15.5000 and, if included in a mixture or blend, 3824.99.9295 of the HTSUS. Blends that include citric acid, sodium citrate, and potassium citrate are classifiable under 3824.99.9295 of the HTSUS. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive. For a full description of the scope of the order, see the Preliminary Decision Memorandum.

Final Results of the Administrative Review

As a result of this administrative review, we determine that the following weighted-average dumping margin exists for the POR:

Producer/exporter	Estimated weighted-average dumping margin (percent)
Sucroal S.A	4.59

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For Sucroal, because its weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent), Commerce has calculated importer-specific AD assessment rates. We calculated importer- (or customer-) specific *ad valorem* AD assessment rates by dividing the total amount of dumping calculated for the importer's examined sales by the total entered value of the same sales for that importer, in accordance with 19 CFR 351.212(b)(1).

For entries of subject merchandise during the POR produced by Sucroal for which it did not know its merchandise

¹ See *Citric Acid and Certain Citrate Salts from Colombia: Preliminary Results of Antidumping Duty Administrative Review; 2018-2019*, 85 FR 51012 (August 19, 2020) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company involved in the transaction. We intend to issue assessment instructions to CBP 15 days after the date of publication of the final results of review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of this administrative review for all shipments of citric acid from Colombia entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Sucroal will be equal to the dumping margin established in the final results of this review; (2) for merchandise exported by producers and/or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which the producer and/or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 28.48 percent, the all-others rate established in the original investigation.² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

² See *Citric Acid and Certain Citrate Sales from Belgium, Colombia and Thailand: Antidumping Duty Orders*, 83 FR 35214 (July 25, 2018) (*Order*).

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

Commerce is issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(5).

Dated: November 5, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Carbon and Alloy Seamless Standard, Line and Pressure Pipe (Under 4.5 Inches) From Romania: Rescission of Antidumping Duty Administrative Review; 2019-2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty order on carbon and alloy seamless standard, line and pressure pipe (under 4.5 inches) (small diameter seamless pipe) from Romania for the period August 1, 2019, through July 31, 2020.

DATES: Applicable November 13, 2020.

FOR FURTHER INFORMATION CONTACT: Katherine Johnson or Samantha Kinney, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4929 or 202-482-2285 respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 6, 2020, based on a timely request for review of four companies by United States Steel Corporation (the petitioner),¹ Commerce published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on small diameter seamless pipe from Romania covering the period August 1, 2019, through July 31, 2020.²

On October 28, 2020, the petitioner withdrew its request for administrative review of the four companies in its Request for Review: ArcelorMittal Tubular Products Roman S.A., SC TMK-Artrom S.A.,³ Kurvers Piping Italy S.R.L., and Silcotub S.A.⁴ No other interested parties requested an administrative review.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the date of publication of the notice of initiation of the requested review. Because the petitioner's request for administrative review of ArcelorMittal Tubular Products Roman S.A., SC TMK-Artrom S.A., Kurvers Piping Italy S.R.L., and Silcotub S.A. was withdrawn within 90 days of the date of publication of the *Initiation Notice*, and no other interested party requested a review of these or any other companies, Commerce is rescinding this review in accordance with 19 CFR 351.213(d)(1), in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period August 1, 2019, through July 31, 2020, in accordance with 19 CFR

¹ See the Petitioner's Letter, "Carbon and Alloy Seamless Standard, Line, and Pressure Pipe (Under 4½ Inches) from Romania: Request for Administrative Review," dated August 31, 2020 (Request for Review).

² See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 85 FR 63081 (October 6, 2020) (*Initiation Notice*).

³ The withdrawal of request for administration review listed this company as SC TMK-Artom S.A. However, the correct spelling of the company name is SC TMK-Artrom S.A.

⁴ See Petitioner's Letter, "Carbon and Alloy Seamless Standard Line, and Pressure Pipe (Under 4½ Inches) from Romania: Withdrawal of Request for Administrative Review of Antidumping Duty Order," dated October 28, 2020.
