

5. Please provide any studies or other information in your possession that demonstrate whether or not a change in the law of secondary liability for trademark counterfeiting with respect to e-commerce platforms, online third-party marketplaces, and other online third-party intermediaries would be effective in reducing online sales of counterfeit goods, or whether it would pose any risks.

6. Are there any other areas of law or legal doctrines that could help inform or supplement the standard for secondary trademark infringement to reduce online sales of counterfeit goods?

Dated: November 6, 2020.

Andrei Iancu,

Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office.
