SUPPLEMENTARY INFORMATION:

The Petitions

On September 30, 2020, the U.S. Department of Commerce (Commerce) received countervailing duty (CVD) petitions concerning imports of utility scale wind towers (wind towers) from India and Malaysia, filed in proper form on behalf of the Wind Tower Trade Coalition (the petitioner), the members of which are domestic producers of wind towers.¹ The Petitions were accompanied by antidumping duty (AD) petitions concerning imports of wind towers from India, Malaysia and Spain.²

On October 5 and October 6, 2020, Commerce requested supplemental information pertaining to certain aspects

of the Petitions.³ The petitioner filed responses to these requests on October 7 and October 9, 2020.⁴

On October 7, 2020, Commerce extended the initiation deadline by 20 days to poll the domestic industry in accordance with section 702(c)(4)(D) of the Tariff Act of 1930, as amended (the Act), because the Petitions as filed had "not established that the domestic producers or workers accounting for more than 50 percent of total production support the Petitions."⁵

In accordance with section 702(b)(1) of the Act, the petitioner alleges that the Government of India (GOI) and the Government of Malaysia (GOM) are providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of wind towers in India and Malaysia, and that imports of such products are materially injuring, or threatening material injury to, the domestic industry producing wind towers in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating CVD investigations, the Petitions were accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petitions on behalf of the domestic industry, because the petitioner is an interested party, as defined in sections 771(9)(C) and (E) of the Act. Commerce also finds that the petitioner demonstrated sufficient
