ENVIRONMENTAL PROTECTION AGENCY

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The purpose of this notice is to announce that the Environmental Protection Agency (EPA), Region IX granted the Navajo Nation Environmental Protection Agency’s (NNEPA) request to supplement its delegation of authority to administer the Clean Air Act (the Act) Federal title V operating permits program. Under this supplemental delegation, the NNEPA’s authority to issue and implement title V operating permits pursuant to EPA regulations is geographically extended to include an area located in the western portion of the Navajo Nation Reservation known as the Former Bennett Freeze. The terms and conditions of the supplemental delegation are specified in a Second Supplemental Delegation of Authority Agreement (Agreement) between the EPA Region IX and the NNEPA, effective on July 28, 2020.

DATES: The effective date for the Agreement between the EPA and the NNEPA is July 28, 2020. Pursuant to section 307(b)(1) of the Clean Air Act, judicial review of this final decision, to the extent it is available, may be sought by filing a petition for review in the United States Court of Appeals for the Ninth Circuit within 60 days of November 17, 2020.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA–R09–OAR–2019–0471.

Publically available docket materials, including the Agreement, are available through https://www.regulations.gov, or by contacting the person identified in the FOR FURTHER INFORMATION CONTACT section. Effective July 28, 2020 all notifications, requests, applications, reports and other correspondence required under 40 CFR part 71 for the Former Bennett Freeze must be submitted to the NNEPA’s Air Quality Control Program Office at the following address: NNEPA—Operating Permit Program, P.O. SUPPLEMENTARY INFORMATION: The purpose of this notice is to announce that on effective on July 28, 2020, the EPA Region IX granted the NNEPA’s request to supplement its existing full delegation of authority to administer the part 71 Federal operating permits program to include the Former Bennett Freeze.

Previously, on October 15, 2004, the EPA and the Navajo Nation (or “Tribe”) entered into an initial delegation of authority agreement, which authorized the Tribe to administer the part 71 program on behalf of the EPA for all sources located within a Delegated Program Area specified in that agreement. At that time, the Tribe did not request that the EPA make any determination regarding the Tribe’s eligibility to administer the part 71 program over two coal-fired generating stations located on the Reservation (the Four Corners Power Plant and the Navajo Generating Station), and an area within the western portion of the Navajo Nation Reservation known as the “Former Bennett Freeze.” On March 21, 2006, the EPA and the NNEPA entered into a supplemental delegation of authority agreement for the purpose of delegation of administration of the part 71 program over the Four Corners Power Plant and the Navajo Generating Station.

The Act and its implementing regulations under 40 CFR part 71 authorize the EPA to delegate authority to administer the part 71 program to any eligible tribe that submits a demonstration of adequate regulatory procedures and authority for administration of the part 71 operating permits program.

In order to be considered an “eligible tribe,” the NNEPA submitted, on October 31, 2018, an application for a determination, under the provisions of the Tribal Authority Rule (TAR), 40 CFR part 49, that it is eligible to be treated...
