Such persons may submit requests, along with an advance electronic copy of their statement in PDF (preferred), Microsoft Word or Excel, WordPerfect, or text (ASCII) file format, to the appropriate address shown in the **ADDRESSES** section at the beginning of this notice. The request and advance copy of statements must be received at least one week before the

public meeting and may be emailed, hand-delivered, or sent by mail. DOE prefers to receive requests and advance copies via email. Please include a telephone number to enable DOE staff to make a follow-up contact, if needed.

Conduct of Public Meeting

DOE will designate a DOE official to preside at the public meeting and may also use a professional facilitator to aid discussion. The meeting will not be a judicial or evidentiary-type public hearing. Audio from the meeting will be recorded for the purpose of preparing a transcript. The public meeting will be conducted in an informal, conference style. Each participant will be allowed to make a general statement (within time limits determined by DOE), before the discussion of specific topics.

DOE will permit, as time permits, other participants to comment briefly on any general statements. At the end of all prepared statements on a topic, DOE will permit participants to clarify their statements briefly and comment on statements made by others. Participants should be prepared to answer questions by DOE and by other participants concerning these issues. DOE representatives may also ask questions of participants concerning other relevant matters. The official conducting the public meeting will accept additional comments or questions from those attending, as time permits. The presiding official will announce any further procedural rules or modification of the above procedures that may be needed for the proper conduct of the public meeting.

A transcript of each public meeting will be included in the Administrative Record accompanying the Notice of Proposed Rulemaking.

Background

In accordance with MEBA section 5(b)(1), 42 U.S.C. 6939f(b)(1), this consultation opportunity is intended for persons who are likely to deliver elemental mercury to a designated facility for long-term management and storage and other interested persons (Persons). DOE will conduct multiple, internet-based webinar (WebEx) meetings to facilitate consultation with Persons seeking to provide input on the assessment and collection of a fee for providing long-term management and storage of elemental mercury. During the initial WebEx meeting, DOE will present information on topics DOE considers relevant and applicable to

establishing a fee including: (1) Potential Alternative Locations for Management and Storage of Elemental Mercury (e.g., existing DOE-owned facilities, facilities owned by other Federal Government agencies, or commercially-owned facilities), (2) Fee that Covers Costs for Long-Term Management and Storage (e.g., storage, transportation, treatment, and disposal), (3) Inputs and Assumptions that Affect Cost (e.g., quantities of elemental mercury and storage durations), (4) Cost Elements (e.g., Operations and Maintenance and other costs) and MEBA Recoverable/Non-Recoverable Costs, and, (5) Fee Determination method (e.g., calculation/formula/model). DOE will also present information on the process it will follow to prepare and issue a fee for long-term management and storage of elemental mercury. DOE invites consultation input from Persons on the information presented and on topics Persons consider relevant and applicable to establishing a fee.

Submission of Comments

DOE invites all interested parties to submit in writing by the date specified previously in the **DATES** section of this document, comments and information on matters addressed in this document and on other matters relevant to DOE's development of the fee for the long term management and storage of elemental mercury. After the close of the comment period, DOE will consider the public comments received in the development of the fee.
