SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90414; File No. SR-NYSEArca-2020-96]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Modifying the NYSE Arca Options Fee Schedule Regarding the Criteria To Qualify for a Posting Credit on Certain Customer Volume

November 13, 2020.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the

“Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on November 2, 2020, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify the NYSE Arca Options Fee Schedule (“Fee Schedule”) regarding the criteria to qualify for a posting credit on certain Customer volume. The Exchange proposes to implement the fee change effective November 2, 2020. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend the Fee Schedule to modify the criteria to qualify for a posting credit on Customer volume in Penny Issues. The Exchange proposes to implement the rule change on November 2, 2020.

The Exchange currently provides several incentives for OTP Holders and OTP Firms (collectively, “OTPs”) designed to encourage OTPs to direct additional order flow to the Exchange to achieve more favorable pricing and higher credits. Among these incentives are enhanced posted liquidity credits

based on achieving certain percentages of Total Industry Customer equity and ETF option average daily volume (“TCADV”).⁴

Pursuant to the Customer Penny Posting Credit Tiers (the “Penny Credit Tiers”), Customer and Professional Customer orders that post liquidity and are executed on the Exchange earn a base credit of (\$0.25) per contract, and may be eligible for increased credits based on the participant’s activity. Currently, there are seven Penny Credit Tiers, with increasing minimum volume thresholds (as well as increasing credits) associated with each tier, ranging from per contract credits of (\$0.27) to (\$0.50) for OTP Holders that achieve Tiers 1–7, respectively.

Currently, there are two alternative bases for an OTP Holder to qualify for Tier 2, one of which requires the OTP to execute at least 0.25% of TCADV from Customer posted interest in all issues to earn the associated (\$0.43) per contract credit applied to electronic executions of Customer posted interest in Penny Issues.⁵ The Exchange proposes to increase the minimum volume threshold from 0.25% to 0.30% of TCADV from Customer posted interest in all issues for the same (\$0.43) per contract credit.⁶ The Exchange believes this proposed change would still encourage OTP Holders to achieve Tier 2 albeit with increased Customer posted interest, which brings increased liquidity and order flow for the benefit of all market participants.

The Exchange cannot predict with certainty whether any OTP Holders would qualify for Tier 2 under the modified criteria; however, the Exchange believes that OTP Holders would continue to be encouraged to increase Customer posted volume to qualify for this Tier.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and

⁴ TCADV includes OCC calculated Customer volume of all types, including Complex Order Transactions and QCC transactions, in equity and ETF options. See Endnote 8 to the Fee Schedule.

⁵ The alternative Tier 2 volume threshold requires an OTP Holder to achieve an “[i]ncrease of at least 0.15% of TCADV in posted interest in all issues, all account types other than Market Maker, over the OTP Holder’s or OTP Firm’s March 2020 level of posted interest in all issues, all account types other than Market Maker.” See Fee Schedule, NYSE Arca OPTIONS: TRADE-RELATED CHARGES FOR STANDARD OPTIONS, CUSTOMER PENNY POSTING CREDIT.
