requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination.

International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the International Trade Commission (ITC) of its preliminary determination. If the final determination is affirmative the 7ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: November 12, 2020.
Jeffrey I. Kessler,
Assistant Secretary for Enforcement and Compliance.

Appendix I
Scope of the Investigation

The merchandise covered by this investigation is prestressed concrete steel wire strand (PC strand), produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete applications (both pretensioned and post-tensioned). The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand. PC strand is normally sold in the United States in sizes ranging from 0.25 inches to 0.70 inches in diameter. PC strand made from galvanized wire is only excluded from the scope if the zinc and/or zinc oxide coating meets or exceeds the 0.40 oz./ft² standard set forth in ASTM–A–475.

The PC strand subject to this investigation is currently classifiable under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

SUPPLEMENTARY INFORMATION:

Background

On July 28, 2020, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of Seamless Carbon and Alloy Steel Standard, Line, and Pressure Pipe from the Czech Republic, Korea, Russia, and Ukraine. Currently, the preliminary determinations are due no later than December 15, 2020.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On October 15, 2020, the petitioner submitted a timely request that Commerce postpone the preliminary determinations in the Korea, Russia, and Ukraine LTFV investigations3. The petitioner stated that it requests postponement because Commerce will not otherwise have complete questionnaire responses and sufficient information to issue preliminary determinations.4

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations in the Korea, Russia, and Ukraine LTFV investigations by 50 days (i.e., 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations in the Korea, Russia, and Ukraine LTFV investigations no later than February 3, 2021. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Jeffrey I. Kessler,
Assistant Secretary for Enforcement and Compliance.
