Coast Guard

[Docket No. USCG-2020-0668]

Monitoring of Certain High Frequency, Voice-Distress Frequencies

AGENCY: Coast Guard, DHS.

ACTION: Request for comments.

SUMMARY: The U.S. Coast Guard is proposing to cease monitoring four, High Frequency (HF) voice distress frequencies within the contiguous United States and Hawaii because they are rarely used. We would continue to monitor HF Digital Selective Calling (DSC) distress alerting for all existing regions and voice distress and hailing from Kodiak, Alaska and Guam. We invite your comments on this proposed action.

DATES: Comments must be submitted to the online docket via <http://www.regulations.gov>, on or before January 19, 2021.

ADDRESSES: You may submit comments identified by docket number USCG-2020-0668 using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

Public Participation and Comments

We encourage you to submit comments (or related material) on the possible termination of voice monitoring of four, HF-voice-distress frequencies within the contiguous United States and Hawaii. We will consider all submissions received during the comment period. If you submit a comment, please include the docket number for this notice, and provide a reason for each of your suggestions or recommendations.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions. All public comments will be placed in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted. We accept anonymous comments. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

Discussion

The U.S. Coast Guard is proposing to cease monitoring four, HF-voice-distress frequencies in the contiguous United States and Hawaii due to the lack of activity on these frequencies. During a 6-year period, there were four potential distress calls heard over these four voice frequencies; none required a Coast Guard response. These four voice frequencies, which we propose to cease monitoring in the contiguous United States and Hawaii, are: 4125 kHz; 6215 kHz; 8291 kHz; and 12290 kHz.

Monitoring of HF DSC frequencies for all existing regions and voice distress and hailing from Kodiak, Alaska and Guam would not be affected by this proposed action. There would also be no change in service to Puerto Rico, U.S. Virgin Islands, or American Samoa since these U.S. territories do not currently have HF infrastructure.

We believe this change would have a low impact on the maritime public as commercial satellite radios and DSC-marine-Single-Sideband HF radios have become more prevalent onboard vessels.

However, we would like your comments on how you would be affected if we terminated monitoring HF-voice-only distress frequencies within the contiguous United States and Hawaii, particularly if you use HF, but do not currently have a commercial satellite radio or a HF DSC capable radio aboard your vessel.

We will consider all comments in response to this notice before deciding whether to terminate the monitoring of these HF voice-only distress frequencies within the contiguous United States and Hawaii. After considering comments received, the Coast Guard will issue a notice in the **Federal Register** indicating what course of action it has decided to take. This notice is issued under the authority of *14 U.S.C. 504(a)(16)* and *5 U.S.C. 552(a)*.

Dated: November 16, 2020.

Chief, Spectrum Management and Communications Policy.

DEPARTMENT OF HOMELAND SECURITY

[Docket No. ICEB-2020-0002]

Privacy Act of 1974; System of Records

AGENCY: U.S. Immigration and Customs Enforcement, U.S. Department of Homeland Security.

ACTION: Notice of a Modified System of Records.

SUMMARY: In accordance with the Privacy Act of 1974, the U.S. Department of Homeland Security (DHS) proposes to modify and reissue a current system of records titled, "DHS/ U.S. Immigration and Customs Enforcement (ICE)-009 External Investigations System of Records." This system of records allows the DHS/ICE to collect and maintain records by ICE Homeland Security Investigations (HSI). This system of records covers information related to external audits, inquiries, and investigations pertaining to suspected violations of laws regulating the movement of people and goods into and out of the United States. DHS/ICE is updating this system of records to revise the purpose, update and expand the category of individuals, add new categories of records, modify and add to routine uses, update the records retention policies, and make non-substantive formatting changes.

DATES: Submit comments on or before December 21, 2020. This modified

system will be effective upon publication. New or modified routine uses will become effective December 21, 2020.

ADDRESSES: You may submit comments, identified by docket number ICEB-2020-0002 by one of the following methods:

- *Federal e-Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Fax:* 202-343-4010.

- *Mail:* Constantina Kozanas, Chief Privacy Officer, Privacy Office, U.S. Department of Homeland Security, Washington, DC 20528-0655.

Instructions: All submissions received must include the agency name and docket number ICEB-2020-0002. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For general questions please contact: Jordan Holz, (202) 732-3300, Privacy Officer, U.S. Immigration and Customs Enforcement (ICE), 500 12th Street SW, Mail Stop 5004, Washington, DC 20536. SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, 5 U.S.C. 552a, DHS/ICE proposes to modify and reissue a current DHS system of records notice (SORN) titled, "DHS/ICE-009 External Investigations System of Records." DHS/ICE is updating this system of records to better reflect and clarify the nature of law enforcement investigatory records collected, maintained, and shared by ICE.

The purpose of this system of records is to collect and maintain records related to external investigations and support conducted by ICE offices, primarily HSI. ICE/HSI is the largest investigative branch of the DHS. The agency was created to more effectively enforce immigration and customs laws and to protect the United States against terrorist attacks. ICE does this by targeting the people, money, and materials that support terrorism and other criminal activities. ICE investigates on its own and in conjunction with other agencies a broad

range of illegal activities, such as terrorism, organized crime, gangs, child exploitation, and intellectual property violations.

This system of records covers information related to external audits, inquiries, and investigations pertaining to suspected violations of laws regulating the movement of people and goods into and out of the United States. For example, this system of records will include investigatory records that are generated prior to the creation of an official case file, and records pertaining to immigration status inquiries that do not constitute an official criminal investigation.

This system of records was also used to support information requests from the U.S. Congress relating to potential recipients of private immigration relief. That purpose has since been transferred to the DHS/ICE-011 Criminal Arrest Records and Immigration Enforcement Records (CARIER) System of Records (*see* 81 FR 72080 (October 19, 2016)). This update modifies the system of records notice to excise the stated purpose, category of individuals, and routine use that related to supplying information to assist with private immigration relief.

The following list includes the full explanation of changes to this system of records notice:

(1) The category of individuals in this system of records has been modified to include family members and known associates of a subject of investigation, as well as individuals and third-party record holders who are served administrative subpoenas and summonses for the production of records and testimony.

(2) The category of records has been modified to include criminal history, immigration status and history, biometrics (*e.g.*, facial images, iris images, and fingerprints), record holder information (*e.g.*, biographical, contact), information derived from location tracking tools, License Plate Reader (LPR) information, social media information, suspicious financial activity, currency transaction reports, currency or monetary instrument reports, email addresses and the contents of email records, unique numerical identifiers assigned to biometrics, telecommunication device identifiers, telecommunications usage data, call and subscriber records, banking records, travel history records, and the statements of targets and witnesses. The categories of records will also include information pertaining to DNA tests conducted by ICE to verify a familial relationship.
