DEPARTMENT OF HOMELAND SECURITY

[Docket Number DHS–2020–0044]

Agency Information Collection Activities: Post-Award Contract, DHS Form 700–23, 700–26

AGENCY: Department of Homeland Security (DHS).

ACTION: 60-Day notice and request for comments; extension without change of a currently approved collection, 1600–0003.

SUMMARY: The Department of Homeland Security, will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted until January 19, 2021. This process is conducted in accordance with 5 CFR 1320.1

Instructions: All submissions received must include the agency name and docket number Docket # DHS–2020–0044. All comments received will be posted without change to http://www.regulations.gov, including any personal information provided. Docket: For access to the docket to read background documents or comments received, go to http://www.regulations.gov.

SUPPLEMENTARY INFORMATION: The Department of Homeland Security (DHS) collects information, when necessary, in administering public contracts for supplies and services. The information is used to determine compliance with contract terms placed in the contract as authorized by the Federal Property and Administrative Services Act (41 U.S.C. 251 et seq.), the Federal Acquisition Regulation (FAR) (48 CFR Chapter 1), and the Homeland Security Acquisition Regulation (HSAR) (48 CFR Chapter 30). Respondents submit information based on the terms of the contract; the instructions in the contract deliverables mandatory reporting requirements; and correspondence from acquisition personnel requesting post-award contract information. The least active contracts and the simplest contracts will have little to no data to report. The most active and complex contracts, however, will contain more reporting requirements. DHS believes that some of this information is already readily available as part of a company’s business processes and that the largest businesses use computers to compile the data. However, a significant amount of time is spent correlating information to specific contract actions and gathering information for more complex contract actions.

The prior information collection request for OMB No. 1600–0003 was approved through May 31, 2022 by OMB, and includes the following:

• 3052.204–70 Security requirements for unclassified information technology resources. (Required in all solicitations and contracts that require submission of an IT Security Plan.) This clause applies to all contractor systems connected to a DHS network and those contracts where the Contractor must have physical or electronic access to sensitive information contained in DHS unclassified systems. The contractor is asked to prepare, provide and maintain an IT Security Plan.

• 3052.204–71 Contractor employee access. (Required when contractor employees require recurring access to Government facilities or access to sensitive info.) Contractors may be subject to background investigations and will have to provide information as required by the DHS Security Office. The information requested is in addition to the information requested through Standard Form (SF) 86.

• 3052.205–70 Advertisements, Publicizing Awards, and Releases. (Required for all contracts exceeding Simplified Acquisition Threshold.) Contractors may have to provide copies of information related to advertisements and release statements to receive approval for publication.

• 3052.209–72 Organizational Conflict of Interest, paragraphs (f) and (g) (Included in solicitations and contracts where a potential organizational conflict of interest exists and mitigation may be possible.) Contractors will have to provide information related to actual or potential conflicts of interest and a mitigation plan.

• 3052.209–75 Prohibited Financial Interests for Lead System Integrators. (Required in solicitations and contracts for the acquisition of a major system when the acquisition strategy envisions the use of a lead system integrator or when the contractor will be the lead system integrator.) Contractors will have to provide information related to changes in financial interests.

• 3052.209–76 Prohibition on Federal Protective Service Guard
Services Contracts with Business Concerns Owned, Controlled, or Operated by an Individual Convicted of a Felony, paragraph (h). (Section 2 of the Federal Protective Service Guard Contracting Reform Act of 2008, Pub. L. 110–356, generally prohibits DHS from entering into a contract for guard services under the Federal Protective Service (FPS) guard services program with any business concern owned, controlled, or operated by an individual convicted of a serious felony.) The notification required by paragraph (h) applies to any contractual instrument that may result in the issuance of task orders. Contractors will have to provide information on any felony conviction of personnel who own, control or operate a business during the performance of a contract.

- 3052.215–70 Key personnel or facilities. (Required in solicitations and contracts when the selection for award is substantially based on the offeror’s possession of special capabilities regarding personnel or facilities.) Contractors will have to provide notice of and documentation related to changes in key personnel for evaluation, including resumes; description of the duties the replacement will assume; description of any change in duties and confirmation that such change will not negatively impact contract performance.
- 3052.216–71 Determination of Award Fee. (Required in solicitations and contracts that include an award fee.) Contractor may submit a performance self-evaluation for each evaluation period.
- 3052.217–91 Performance (USCG). (Required in sealed bid fixed-price solicitations and contracts for vessel repair, alteration, or conversion which are to be performed within the United States, its possessions, or Puerto Rico. (Generally included in solicitations and contracts) Contractor must take all reasonable and appropriate action to end a strike or picketing. Delay caused by a strike or by picketing which constitutes an unfair labor practice is not excusable unless the Contractor takes all reasonable and appropriate action to end such a strike or picketing, such as the filing of a charge with the National Labor Relations Board, the use of other available Government procedures, and the use of private boards or organizations for the settlement of disputes. The contractor may be required to submit information to the contracting officer.
- 3052.222–71 Strikes or Picketing Affecting Access to a DHS Facility. (Generally included in solicitations and contracts) Contractor is responsible if strike or picketing is directed at the Contractor and impedes access by any person to a DHS facility.
