Greater Sage-Grouse habitat conservation or whether the BLM should initiate a new land use planning process to consider additional alternatives or new information.

Comments on the draft Supplemental EIS (85 FR 10185) received from the public and internal BLM review were considered and incorporated as appropriate into the final Supplemental EIS. To address public comments raised during this supplemental analysis, the BLM convened a team of biologists and land use planners to evaluate scientific literature provided to the agency. Upon review, the BLM found that the most up-to-date Greater Sage-Grouse science and other information has incrementally increased, and built upon, the knowledgebase of Greater Sage-Grouse management evaluated by the BLM most recently in its 2019 land use plan amendments, but does not change the scope or direction of the BLM’s management; however, new science does suggest adaptations to management may be warranted at site-specific scales.

After reviewing public comments and completing the new science evaluation, the BLM determined that the most recent scientific information relating to Greater Sage-Grouse is consistent with the BLM’s environmental analysis in supporting its 2019 Greater Sage-Grouse land use plan amendments. [Authority: 40 CFR 1506.6, 40 CFR 1506.10] John F. Ruhs, BLM Idaho State Director. [FR Doc. 2020–25647 Filed 11–19–20; 8:45 am]

DEPARTMENT OF THE INTERIOR
Bureau of Land Management

Notice of Availability of the Final Oregon Sage Grouse Supplemental Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.
ACTION: Notice of availability.
SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended, the Bureau of Land Management (BLM) Oregon State Office has prepared a final Supplemental Environmental Impact Statement (EIS) for the management of Greater Sage-Grouse habitat, and by this notice is announcing its availability. DATES: The BLM will not issue a final decision on the proposal for a minimum of 30 days after the date that the Environmental Protection Agency (EPA) publishes its Notice of Availability (NOA) in the Federal Register. The EPA usually publishes its NOAs on Fridays.
ADDRESSES: Copies of the final Supplemental EIS are available for public inspection at the Oregon Bureau of Land Management State Office, 1220 SW 3rd Ave., Portland, Oregon 97204. Interested persons may also review the final Supplemental EIS on the internet at: https://go.usa.gov/xdY8E.
