the period for issuing an order approving or disapproving the proposed rule change, however, by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The date of publication of notice of filing of the proposed rule change was June 3, 2020. November 30, 2020, is 180 days from that date, and January 29, 2021, is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider this proposed rule change. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act, designates January 29, 2021, as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR-CboeBZX–2020–042).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.

J. Matthew DeLesDernier,
Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; NYSE Arca, Inc.: Notice of Filing of Proposed Rule Change Regarding the Availability of Information for the iShares Gold Trust, the iShares Silver Trust Under NYSE Arca Rule 8.201–E and the iShares S&P GSCI Commodity-Indexed Trust Under Rule 8.203–E

November 17, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”) and Rule 19b–4 thereunder, notice is hereby given that, on November 12, 2020, NYSE Arca, Inc. (“NYSE Arca” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) a proposed rule change described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The Exchange proposes certain changes regarding the dissemination of information on the respective websites for the iShares Gold Trust (formerly the iShares COMEX Gold Trust) and the iShares Silver Trust, shares of which are currently listed on the Exchange under NYSE Arca Rule 8.201–E (Commodity-Based Trust Shares), and the iShares S&P GSCI Commodity-Indexed Trust, shares of which are currently listed on the Exchange under Rule 8.203–E (Commodity Index Trust Shares). The proposed change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

B. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes certain changes concerning the availability of information for the following information about Shares of the iShares Gold Trust currently is required to be available on the iShares Gold Trust’s website pursuant to the Amex Gold Order: (a) The prior business day’s NAV per Share; (b) Basket Gold Amount; (c) the reported Share selling price; (d) the present day’s Indicative Basket Gold Amount; (e) the midpoint of the bid-ask price in relation to the NAV as of the time the NAV is calculated (“Bid-Asked Price”); (f) calculation of the premium or discount of such price against such NAV; (g) data in chart form displaying the frequency distribution of discounts and premiums of the Bid-Ask Price against the NAV; (h) the prospectus; and (i) other applicable quantitative information, such as expense ratios, trading volumes, and the total return of the Shares. As stated in the Amex Gold Notice and the NYSE Arca Gold Order, the “Basket Gold Amount” is the corresponding amount of gold, measured in fine ounces, to be exchanged for an issuance of a basket of 50,000 Shares for the purpose of creating and redeeming the Shares. Also, as stated in the Amex Gold Notice and the NYSE Arca Gold Order, the “Indicative Basket Gold Amount” is the indicative amount of gold to be deposited for issuance of the Shares that Authorized Participants can use. The NAV per Share, Basket Gold Amount, Indicative Basket Gold Amount and Indicative Trust Value are available on the Trust’s website or through one or more major market data vendors, as described above, and are not available on the Exchange’s website. In addition, investors can access the gold spot price and gold futures prices through major market data vendors. The Indicative Trust Value also is available through one or more major market data vendors.

4 See Securities Exchange Act Release No. 56041 (July 11, 2007), 72 FR 39114 (July 17, 2007) (SR–NYSEArca–2007–43) (Notice of Filing and Order Granting Accelerated Approval of Proposed Rule Change to List and Trade Shares of the iShares COMEX Gold Trust) ("SR–NYSEArca–2007–38") (granting approval to list and trade the Shares on Amex) ("Amex Gold Order"). The Commission previously approved listing of iShares COMEX Gold Trust on the American Stock Exchange LLC. See Securities Exchange Act Release No. 51058 (January 19, 2005), 70 FR 3749 (January 26, 2005) (SR–Amex–2004–38) (granting approval to list and trade the Shares on Amex) ("Amex Gold Order"). See also Securities Exchange Act Release Nos. 50792 (December 3, 2004), 69 FR 71446 (December 9, 2004) (SR–Amex–2004–38) (providing notice of Amex’s proposal to list and trade shares of the Trust) ("Amex Gold Notice"); 63398 (November 30, 2010), 72 FR 76506 (December 7, 2010) (SR–NYSEArca–2010–105) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Calculation of Net Asset Value for the iShares Gold Trust). The following information on the respective websites for the iShares Gold Trust currently is required to be available on the Trust’s website pursuant to the Amex Silver Order and the NYSE Arca Silver Order: (a) The prior business day’s NAV and the reported closing price; (b) the midpoint of the bid-ask price in relation to the NAV as of the time the NAV is calculated (the “Bid-Asked Price”); (c) calculation of the premium or discount of such price against such NAV; (d) data in chart form displaying the frequency distribution of discounts and premiums of the Bid-Ask Price against the NAV, within appropriate ranges for each of the four previous calendar quarters; (e) the Basket Silver Amount; (f) the Indicative Basket Silver Amount; (g) the prospectus; and (h) other applicable quantitative information. The NAV per Share, Basket Silver Amount, Indicative Basket Silver Amount and Indicative Trust Value are available on the Trust’s website or through one or more major market data vendors, as described above, and are not available on the Exchange’s website. In addition, investors can access the silver spot price and silver futures prices through major market data vendors. The Indicative Trust Value also is available through one or more major market data vendors.
shares of which currently are listed and traded on the Exchange under Rule 8.203–E (Commodity Index Trust Shares) and the terms of the applicable listing rules approved by the Commission.6

In the proposed rule changes filed with the Commission by the Exchange regarding listing and trading of shares (“Shares”) of the iShares Gold Trust, iShares Silver Trust, and iShares S&P GSCI Commodity-Indexed Trust (each a “Trust” and, collectively, the “Trusts”), the Exchange described the information available on the respective Trust’s website regarding Trust holdings. The Exchange proposes to change certain representations regarding premium and discount price information to be disseminated on the websites for the Trusts, as described below. The purpose of this proposed rule change is [sic] provide that each Trust will disseminate the premium or discount of the Official Closing Price against the applicable NAV, expressed as a percentage of such NAV, together with additional information regarding premium or discount, as described below.

The Orders stated that the Trusts disseminate on their respective websites a calculation of the premium or discount of the midpoint of the respective bid-ask price against NAV and data in chart form displaying the frequency distribution of discounts and premiums of such price against the NAV, within appropriate ranges for each of the four previous calendar quarters. The Exchange proposes that, going forward, a Trust would disseminate the premium or discount of the Official Closing Price (rather than the midpoint of the respective bid-ask price) against the NAV as of the prior business day, expressed as a percentage of such NAV.8 Each Trust also would disseminate a table showing the number of days the Shares of a Trust traded at a premium or discount during the most recently completed calendar year and the most recently completed calendar quarters since that year, as well as a line graph showing the Shares’ premiums or discounts for the most recently completed calendar year and the most recently completed calendar quarters since that year.9

The term “Official Closing Price” is defined in NASD Rule 6.11a as the reference price to determine the closing price in a security for purposes of Rule 7–E Equities Trading. The procedures for determining the Official Closing Price are set forth in Rule 7.1(1). See Securities Exchange Act Release No. 82907 (March 20, 2018), 83 FR 12980 (March 26, 2018) (SR–NYSEArca–2018–08) (Order Approving a Proposed Rule Change to Amend NYSE Arca Rule 1.11((2)) (“Official Closing Price Approval Order”). See also, Securities Exchange Act Release No. 84471 (October 23, 2018), 84 FR 54384 (October 29, 2018) (SR–NYSEArca–2018–63) (Order Approving a Proposed Rule Change To Amend NYSE Arca Rule 1.11).10 While the Trusts are not registered under the 1940 Act and, therefore, are not subject to Rule 6c–11 under the 1940 Act applicable to exchange-traded funds, the Exchange notes that the premium/discount information proposed to be disseminated by the Trusts is consistent with the premium/discount website requirements applicable to exchange traded funds under Rule 6c–11. Rule 6c–11(a)(1) defines “premium or discount” as the positive or negative deviation, as the case may be, of the market price of an exchange-traded fund share at the time of which the current net asset value is calculated and the exchange-traded fund’s current net asset value per share, expressed as a percentage of the exchange-traded fund share’s current net asset value per share. The term “market price” is defined in Rule 6c–11(a) as “(A) The official closing price of an exchange-traded fund share; or (B) If it more accurately reflects the market value of an exchange-traded fund share at the time of which the exchange-traded fund calculates current net asset value per share, the price for which the exchange-traded fund trade or trades at the national best bid and national best ask at the time of which the exchange-traded fund calculates current net asset value per share, or the average of the bid and ask for the preceding half hour.” Rule 6c–11(c)(1)(i) provides that the market price of a series of exchange-traded fund shares includes “[a] table showing the number of days the exchange-traded fund’s shares traded at a premium or discount during the most recently completed calendar year and the most recently completed calendar quarters since that year (or the life of the exchange-traded fund, if shorter).” Rule 6c–11(c)(1)(iv) provides that the website disclosure for a series of exchange-traded fund shares includes “[a] table showing the number of days the exchange-traded fund’s shares traded at a premium or discount during the most recently completed calendar year and the most recently completed calendar quarters since that year (or the life of the exchange-traded fund, if shorter).” The Exchange believes that the proposed change concerning how the Trusts would disclose information regarding premium or discount information would be both more specific and more comprehensive than the manner by which premium or discount information is currently disseminated by the Trusts. By providing the premium and discount information in a table and line graph as opposed to only in chart form, and for the preceding calendar year and the completed quarters following such calendar year as opposed to only for the four previous quarters, the Trusts would provide market participants with additional information to assess market pricing of Shares of a Trust against NAV over certain time periods, which may facilitate effective arbitrage between the market price of a Trust’s Shares and its NAV.

In addition, by disseminating the premium or discount of the Official Closing Price (rather than the midpoint of the respective bid-ask price) against the NAV as of the prior business day, the Exchange believes the Trusts would be utilizing more up-to-date and reliable pricing information available for the Trust’s Shares compared to midpoint of the bid-ask price. The Exchange’s Official Closing Price is calculated in accordance with the specific and detailed procedures in Rule 1.11(11).10

While the Trusts are not registered under the 1940 Act and, therefore, are not subject to Rule 6c–11, the Exchange notes that the Commission, in discussing the proposed definition of “market price” in the Rule 6c–11 Release, stated that “[w]e continue to believe, however, that using the ‘official closing price’ provides a more precise measurement of an ETF’s market price than other alternatives, including during disruptive market events.” [footnote omitted]11

Exchanges have detailed
rules regarding the determination of the official closing price of a security.” 12

Moreover, the manner by which the Exchange determines the Official Closing Price for the Shares is designed to identify the most accurate price for such securities. As set forth in NYSE Arca Rule 1.11(l)(1), the Official Closing Price is the price established in a “Closing Auction” of one round lot or more on a trading day and if there is no Closing Auction, the Official Closing Price for the Shares is derived by adding a percentage of the time-weighted average price (“TWAP”) of the NBBO midpoint measured over the last 5 minutes before the end of Core Trading Hours (normally 4:00 p.m. Eastern Time) and a percentage of the consolidated last-sale eligible trade before the end of Core Trading Hours on that trading day. 13 As noted by the Commission when approving Rule 1.11(l), “the proposed calculation for the Official Closing Price is designed to utilize more recent and reliable market information to provide a closing price that more accurately reflects the true and current value of a security that may be thinly traded or generally illiquid and when the Official Closing Price for such security may otherwise be based on a potentially stale last-sale trade.” 14

The Commission further noted that “this objective calculation would take into account more recent firm quotations over less recent trades, which trades may provide less information about the value of a security, and would assign less weight to the last consolidated last-sale eligible trade the farther away it occurred from the end of Core Trading Hours.” 15

Because the manner by which the Official Closing Price is determined on the Exchange continues to factor in the midpoint of the NBBO if there is no Closing Auction, the Exchange believes that dissemination of the premium or discount of the Official Closing Price against the NAV as of the prior business day would provide a more accurate price point for applying the premium or discount calculation as compared to the current methodology, which disseminates the premium or discount of solely the midpoint of the respective bid-ask price against the NAV. While NYSE Arca Rules 8.201–E and 8.203–E do not expressly require that a Trust provide website disclosure of its portfolio, the Trusts currently provide such disclosure and would continue to do so. Other than change to information to be disclosed on a Trust’s website as described herein, each of the Trusts would continue to comply with all other listing requirements set forth in the Orders and in NYSE Arca Rules 8.201–E and 8.203–E, respectively.

The Exchange believes that the proposed website disclosure for the Trusts, together with the portfolio disclosures by the Trusts, would continue to facilitate effective arbitrage between the market price of a Trust’s Shares and its NAV.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5) of the Act that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

The Exchange believes that the Trusts would disclose information regarding premium or discount information that is both more specific and more comprehensive than premium or discount information currently disseminated by the Trusts. By providing the premium and discount information in a table and line graph as opposed to only in chart form, and for the previous calendar year and the completed quarters following such calendar year as opposed to only for the four previous quarters, the Trusts would provide market participants with additional information to assess market pricing of Shares of a Trust against NAV over certain time periods, which may facilitate effective arbitrage between the market price of a Trust’s Shares and its NAV.

The Exchange further believes that the proposed rule change to disseminate the premium or discount of the Official Closing Price (rather than the midpoint of the respective bid-ask price) against the NAV as of the prior business day would remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest because the Trusts would be utilizing more up-to-date and reliable pricing information available for the Trust’s Shares compared to midpoint of the bid-ask price. As already recognized by the Commission, the manner by which the Exchange determines the Official Closing Price for the Shares “is designed to utilize more recent and reliable market information to provide a closing price that more accurately reflects the true and current value of a security.” 16 More specifically, if there is no Closing Auction for the security, the Official Closing Price would continue to factor in the midpoint of the NBBO.

Accordingly, the proposed change to use the Official Closing Price rather than relying solely on the midpoint of the bid-ask would not be a material change for those days when the Official Closing Price is determined for the Shares pursuant to Rule 1.11(l)(1)(B).

While NYSE Arca Rules 8.201–E and 8.203–E do not expressly require that a Trust provide website disclosure of its portfolio, the Trusts currently provide such disclosure and would continue to do so. Other than changes to information to be disclosed on a Trust’s website as described herein, each of the Trusts would continue to comply with all other listing requirements set forth in the Orders and the Amex Gold Notice and in NYSE Arca Rules 8.201–E and 8.203–E, respectively.

Investors can access each Trust’s website at no cost. Investors also can access, for the iShares Gold Trust, the gold spot price and gold futures prices, and for the iShares Silver Trust, the silver spot price and silver futures prices through major market data vendors. The applicable Indicative Trust Value for each Trust is available through one or more major market data vendors. The NAV per Share for each Trust for the iShares Gold Trust, the Basket Gold Amount and Indicative Basket Gold Amount; and, for the iShares Silver Trust, the Basket Silver Amount and Indicative Basket Silver Amount are available on the applicable Trust’s website.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange believes that the proposed rule change would provide enhanced website disclosure for the Trusts as described above, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.
