NUCLEAR WASTE TECHNICAL REVIEW BOARD

Board Meeting

December 2-3, 2020—*The U.S. Nuclear Waste Technical Review Board will hold an online virtual public meeting to review information on the U.S. Department of Energy's non-site-specific geologic disposal research and development program.*

Pursuant to its authority under section 5051 of Public Law 100-203, Nuclear Waste Policy Amendments Act (NWPAA) of 1987, the U.S. Nuclear Waste Technical Review Board will hold an online virtual public meeting on Wednesday, December 2, 2020, and Thursday, December 3, 2020, to review information on U.S. Department of Energy (DOE) non-site-specific geologic disposal research and development (R&D) program.

The meeting will begin on both days at 12:00 p.m. Eastern Standard Time

(EST) and is scheduled to adjourn at 5:00 p.m. EST on both days. Speakers representing the DOE Office of Nuclear Energy and the national laboratories conducting the work for DOE will report on DOE's non-site-specific geologic disposal R&D program. Speakers will describe DOE's program, including its purpose, scope, goals, technical approach, and prioritization of activities. Three presentations will address the reference disposal concepts and key considerations for a repository sited in either crystalline, salt, and argillite rock. Two speakers from abroad will describe geologic disposal research strategies in Europe. Next, speakers from the national laboratories will present DOE's R&D activities, and their prioritization, in other program areas that address multiple disposal concepts. These speakers will address the disposal of dual-purpose canisters, geologic disposal safety assessment, engineered barrier systems, and will describe a disposal concept and key considerations for an unsaturated alluvium reference case. The last presentation will address prioritization of international activities and DOE's Disposal Research 5-year Plan. A detailed meeting agenda will be available on the Board's website approximately one week before the meeting.

The meeting will be open to the public, and opportunities for public comment will be provided. Details on how to comment publicly during the meeting will be provided on the Board's website along with the details for viewing the meeting. A limit may be set on the time allowed for the presentation of individual remarks. However, written comments of any length may be submitted to the Board staff by mail or electronic mail. An archived recording of the meeting will be available on the Board's website following the meeting. The transcript of the meeting will be available on the Board's website by February 3, 2021.

The Board was established in the Nuclear Waste Policy Amendments Act of 1987 as an independent federal agency in the Executive Branch to evaluate the technical and scientific validity of DOE activities related to the management and disposal of spent nuclear fuel and high-level radioactive waste, and to provide objective expert advice to Congress and the Secretary of Energy on these issues. Board members are experts in their fields and are appointed to the Board by the President from a list of candidates submitted by the National Academy of Sciences. The

Board reports its findings, conclusions, and recommendations to Congress and the Secretary of Energy. All Board reports, correspondence, congressional testimony, and meeting transcripts and related materials are posted on the Board's website.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–90440; File No. SR–CBOE–2020–109]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Interpretations and Policies to Rule 5.33 in Connection With Market-Makers’ Complex Orders, Quoting Obligations and Volume

November 17, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the

“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on November 3, 2020, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b–4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed

Cboe Exchange, Inc. (the “Exchange” or “Cboe”) proposes to amend its Interpretations and Policies to Rule 5.33 in connection with Market-Makers’ complex orders, quoting obligations and volume. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to adopt new Interpretation and Policy .02 to Rule 5.33 to codify how complex strategy volume is counted when determining whether a Market-Maker exceeds the 25% volume threshold in its non-

appointed classes pursuant to Rule 5.52(g) and when determining whether a Market-Maker exceeds the electronic volume thresholds in its appointed classes pursuant to 5.52(d)(1) and (d)(2).⁵ The Exchange also proposes to make clarifying, nonsubstantive updates to Interpretation and Policy .01 to Rule 5.33.

Rule 5.33 governs trading of complex orders on the Exchange and, currently, Interpretation and Policy .01 to Rule 5.33 specifically provides that Market-Makers are not required to quote on the Complex Order Book (“COB”). Complex strategies are not subject to any quoting requirements that are applicable to Market-Makers in the simple market for individual options series or classes. Interpretation and Policy .01 to Rule 5.33 also states that volume executed in complex strategies is not taken into consideration when determining whether Market Makers are meeting quoting obligations applicable to Market Makers in the simple market for individual options. The proposed rule change updates Interpretation and Policy .01 to Rule 5.33 as it inadvertently refers to volume executed rather than orders, as “quoting” obligations relate to the submission of quotes and orders rather than executed volume. More specifically, pursuant to Rule 5.52, a Market-Maker’s bids and offers entered in the simple market are considered in determining whether a Market-Maker satisfies its quoting obligations, therefore, the proposed rule change amends Interpretation and Policy .01 to Rule 5.33 to more appropriately reflect this. The proposed change also harmonizes the spelling of Market-Maker with the definition set forth in Rule 1.1 and updates the language to read in plain English, and, to the extent possible, with the language in corresponding Interpretation and Policy .01 to Rule 6.13 of its affiliated options exchange, Cboe C2 Exchange, Inc. (“C2”).

Current Rule 5.52(g) provides that a Market-Maker is considered an order entry firm (“OEF”)⁶ under the Rules in all classes in which the Market-Maker has no appointment, and limits the total number of contracts a Market-Maker may execute in classes in which it has no appointment to 25% of the total number of all contracts the Market-

⁵ As a result of the proposed Interpretation and Policy, the proposed rule change accordingly updates the subsequent Interpretation and Policy numbering.

⁶ See Rule 1.1., which defines an “Order Entry Firm” or “OEF” as a Trading Permit Holder that represents as agent customer orders on the Exchange or that is a non-Market-Maker conducting proprietary trading.
