NATIONAL CREDIT UNION ADMINISTRATION

Agency Information Collection Activities: Proposed Collection; Comment Request; Truth in Lending Disclosure and Recordkeeping Requirements

AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice and request for comment.

SUMMARY: The National Credit Union Administration (NCUA), as part of a continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on the following extension of a currently approved collection, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments should be received on or before January 22, 2021 to be assured consideration.

ADDRESSES: Interested persons are invited to submit written comments on the information collection to Dawn Wolfgang, National Credit Union Administration, 1775 Duke Street, Suite 6032, Alexandria, Virginia 22314; Fax No. 703–548–2279; or email at PRAComments@NCUA.gov. *Given the limited in-house staff because of the COVID–19 pandemic, email comments are preferred.*

FOR FURTHER INFORMATION CONTACT: Address requests for additional information to Dawn Wolfgang at the address above or telephone 703–548–2279.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133–0102.

Title: Truth in Lending (TILA), Regulation Z.

Type of Review: Extension of a currently approved collection.

Abstract: The Truth in Lending Act (TILA) was enacted to foster comparison credit shopping and informed credit decision making by requiring accurate disclosure of the costs and terms of credit to consumers and to protect consumers against inaccurate and unfair credit billing practices. TILA has been revised numerous times since it took

effect, notably by passage of the Fair Credit Billing Act of 1974, the Consumer Leasing Act of 1976, the Truth in Lending Simplification and Reform Act of 1980, the Fair Credit and Charge Card Disclosure Act of 1988, and the Home Equity Loan Consumer Protection Act of 1988. Historically, TILA was implemented by the Board of Governors of the Federal Reserve System's (FRB) Regulation Z, 12 CFR part 226. The Dodd-Frank Wall Street Reform and Consumer Protection Act transferred FRB's rulemaking authority for TILA to the Consumer Financial Protection Bureau (CFPB).

Regulation Z contains several provisions that impose information collection requirements: The information collection requirements for open-end credit products; the information collection requirements for closed-end credit; the information collection requirements that apply to both open- and closed-end mortgage credit; the information collection requirements for specific residential mortgage types—namely, reverse mortgages and high cost mortgages with rates and fees above specified thresholds; the information collection requirements for private education loans; and information collection requirements related to Regulation Z's advertising and record retention rules.

The collection of information pursuant to Part 1026 is triggered by specific events and disclosures and must be provided to consumers within the time periods established under the regulation. To ease the compliance cost (particularly for small credit unions), model forms and clauses are appended to the regulation.

Affected Public: Private Sector: Not-for-profit institutions.

Estimated Number of Respondents: 5,150.

Estimated Frequency of Response: Upon occurrence of triggering action.

Estimated Burden Hours per Response: 0.064.

Estimated Total Annual Burden Hours: 2,906,986.

Request for Comments: Comments submitted in response to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit comments concerning: (a) Whether the collection of information is necessary for the proper execution of the function of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information, including the validity of

the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of the information on the respondents, including the use of automated collection techniques or other forms of information technology.

By Melane Conyers-Ausbrooks, Secretary of the Board, the National Credit Union Administration, on November 18, 2020.

Dated: November 18, 2020.

NUCLEAR WASTE TECHNICAL REVIEW BOARD

Board Meeting

December 2-3, 2020—*The U.S. Nuclear Waste Technical Review Board will hold an online virtual public meeting to review information on the U.S. Department of Energy's non-site-specific geologic disposal research and development program.*

Pursuant to its authority under section 5051 of Public Law 100-203, Nuclear Waste Policy Amendments Act (NWPAA) of 1987, the U.S. Nuclear Waste Technical Review Board will hold an online virtual public meeting on Wednesday, December 2, 2020, and Thursday, December 3, 2020, to review information on U.S. Department of Energy (DOE) non-site-specific geologic disposal research and development (R&D) program.

The meeting will begin on both days at 12:00 p.m. Eastern Standard Time

(EST) and is scheduled to adjourn at 5:00 p.m. EST on both days. Speakers representing the DOE Office of Nuclear Energy and the national laboratories conducting the work for DOE will report on DOE's non-site-specific geologic disposal R&D program. Speakers will describe DOE's program, including its purpose, scope, goals, technical approach, and prioritization of activities. Three presentations will address the reference disposal concepts and key considerations for a repository sited in either crystalline, salt, and argillite rock. Two speakers from abroad will describe geologic disposal research strategies in Europe. Next, speakers from the national laboratories will present DOE's R&D activities, and their prioritization, in other program areas that address multiple disposal concepts. These speakers will address the disposal of dual-purpose canisters, geologic disposal safety assessment, engineered barrier systems, and will describe a disposal concept and key considerations for an unsaturated alluvium reference case. The last presentation will address prioritization of international activities and DOE's Disposal Research 5-year Plan. A detailed meeting agenda will be available on the Board's website approximately one week before the meeting.

The meeting will be open to the public, and opportunities for public comment will be provided. Details on how to comment publicly during the meeting will be provided on the Board's website along with the details for viewing the meeting. A limit may be set on the time allowed for the presentation of individual remarks. However, written comments of any length may be submitted to the Board staff by mail or electronic mail. All comments received in writing will be included in the meeting record, which will be posted on the Board's website after the meeting. An archived recording of the meeting will be available on the Board's website following the meeting. The transcript of the meeting will be available on the Board's website by February 3, 2021.

The Board was established in the Nuclear Waste Policy Amendments Act of 1987 as an independent federal agency in the Executive Branch to evaluate the technical and scientific validity of DOE activities related to the management and disposal of spent nuclear fuel and high-level radioactive waste, and to provide objective expert advice to Congress and the Secretary of Energy on these issues. Board members are experts in their fields and are appointed to the Board by the President from a list of candidates submitted by the National Academy of Sciences. The

Board reports its findings, conclusions, and recommendations to Congress and the Secretary of Energy. All Board reports, correspondence, congressional testimony, and meeting transcripts and related materials are posted on the Board's website.

For information on the meeting agenda, contact Bret Leslie at leslie@nwtarb.gov or by phone 703-235-9132; or Jo Jo Lee at lee@nwtarb.gov or by phone 703-235-4485. For information on logistics, or to request copies of the meeting agenda or transcript, contact Davonya Barnes at barnes@nwtarb.gov or by phone 703-235-9141. All three may be reached by mail at 2300 Clarendon Boulevard, Suite 1300, Arlington, VA 22201-3367; or by fax at 703-235-4495.

Dated: November 17, 2020.

Nigel Mote,

Executive Director, U.S. Nuclear Waste Technical Review Board.
