**Proposed Revocation of Class E
Airspace and Amendment of Class E
Airspace; Lone Rock, WI**

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to revoke the Class E surface airspace at Tri-County Regional Airport, Lone Rock, WI, and amend the Class E airspace extending upward from 700 feet above the surface at Tri-County Regional Airport and Richland Airport, Richland Center, WI. The FAA is proposing this action as the result of airspace reviews caused by the decommissioning of the Lone Rock VHF omnidirectional range (VOR) navigation aid as part of the VOR Minimum Operational Network (MON) Program. The names and geographic coordinates of the airports would also be updated to coincide with the FAA's aeronautical database.

SUPPLEMENTARY INFORMATION:**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would revoke the Class E surface airspace at Tri-County Regional Airport, Lone Rock, WI, and amend the Class E airspace extending upward from 700 feet above the surface at Tri-County Regional Airport and Richland Airport, Richland Center, WI, which is contained within the Lone Rock, WI, airspace legal description, to support instrument flight rule operations at these airports.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2020-1059/Airspace Docket No. 20-AGL-40." The postcard

will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by:

Revoking the Class E surface airspace at Tri-County Regional Airport, Lone Rock, WI, as the weather reporting and communications requirements of FAA Order 7400.2M, Procedures for Handling Airspace Matters, are no longer being met to retain this airspace;

Amending the Class E airspace extending upward from 700 feet above the surface to within a 6.5-mile (increased from a 6.4-mile) radius of Tri-County Regional Airport, Lone Rock,

WI; removing the city associated with the airport to comply with changes in FAA Order 7400.2M; and updating the geographic coordinates of the airport to coincide with the FAA's aeronautical database;

And amending the Class E airspace extending upward from 700 feet above the surface to within a 6.4-mile (decreased from a 7.3-mile) radius of Richland Airport, Richland Center, WI, which is contained within the Lone Rock, WI, airspace legal description; and updating the name (previously Richland Center Airport) and geographic coordinates of the airport to coincide with the FAA's aeronautical database.

This action is the result of airspace reviews caused by the decommissioning of the Lone Rock VOR, which provided navigation information for the instrument procedures these airports, as part of the VOR MON Program.

Class E airspace designations are published in paragraph 6002 and 6005 of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and

Procedures" prior to any FAA final regulatory action.

FSA Time Credits

AGENCY: Bureau of Prisons, Justice.

ACTION: Proposed rule.

SUMMARY: This proposed rule would codify the Bureau of Prisons (Bureau) procedures regarding time credits as authorized by the First Step Act of 2018 (FSA), hereinafter referred to as "FSA Time Credits." The FSA provides that eligible inmates may earn FSA Time Credits towards pre-release custody or early transfer to supervised release for successfully completing approved Evidence-Based Recidivism Reduction programs or Productive Activities that are assigned to the inmate based on the inmate's risk and needs assessment. Eligible inmates include those individuals who are sentenced under the U.S. Code and in the custody of the Bureau. However, as required by the FSA, an inmate cannot earn FSA Time Credits if he or she is serving a sentence for a disqualifying offense or has a disqualifying prior conviction. However, these inmates can still earn other benefits, as authorized by the Bureau, for successfully completing recidivism reduction programming.
