(2) A check or money order payable in the amount of \$326.00 to the U.S. Nuclear Regulatory Commission for each individual for whom a background check is being requested.

(3) Background Check Request Letter: The background check request letter must:

(a) Request initiation of a background check for the purpose of determining trustworthiness and reliability for access to SGI that may be relevant to the upcoming ITAAC proceeding for VEGP Unit 4.

(b) Provide the name and address of the potential party and a description of the potential party's particularized interest that could be harmed by an NRC finding that the acceptance criteria in the combined license are met.⁷

(c) Identify each individual for whom access to SGI will be requested, including the identity of any expert, consultant, or assistant who will aid the petitioner in evaluating the SGI.

(d) If the requestor or any individual for whom access to SGI will be requested believes they belong to one or more of the categories of individuals that are exempt from the criminal history records check and background check requirements in 10 CFR 73.59, the requestor should provide a statement identifying which exemption the person is invoking and explaining the person's basis for believing that the exemption applies. While processing the request, the Office of Administration will make a final determination on whether the claimed exemption applies.

Alternatively, the requestor may contact the Office of Administration for an evaluation of the person's exemption status prior to submission of the background check request. Persons who are exempt from the background check are not required to submit the forms and fee described in Sections II.C.(1) and II.C.(2) of this notice; however, all other requirements for access to SGI, including need to know, still apply.

(e) State that the completed forms and fee described in Sections II.C.(1) and II.C.(2) of this notice have been submitted for each individual for whom access to SGI will be requested (except for those exempted by 10 CFR 73.59).

⁷ The NRC staff will review this statement of interest for the limited purpose of determining whether to initiate the requested background check. The NRC staff will review the statement of interest only to confirm that there is some description of why the potential party's interest could be affected. A positive determination by the NRC staff is not a conclusion that the potential party has met the requirements for standing under 10 CFR 2.309.

(4) To avoid delays in processing background check requests, the requestor should review all submitted materials for completeness and accuracy (including legibility) before submitting them to the NRC. The NRC will return incomplete packages to the sender without processing.

D. Results of Background Check.

(1) If the background check results in a favorable trustworthiness and reliability determination, the NRC staff will so notify the requestor. In its discretion, the responsible NRC staff may proceed at that time with an inspection of the requestor's information protection system to confirm it is sufficient to protect SGI from inadvertent release or disclosure.⁸ Once the notice of intended operation is published, an associated request for access to specified SGI will still need to address the other requirements for access, in accordance with the requirements in the notice of intended operation.

(2) If the background check results in an adverse trustworthiness and reliability determination, the NRC staff will so notify the requestor with a brief statement of the reasons for denial.

(a) Before the Office of Administration makes a final adverse determination, the individual against whom the adverse determination has been made must be provided an opportunity to correct or explain information. Specifically, the Office of Administration will (i) provide to the individual any records, including those required to be provided under 10 CFR 73.57(e)(1), that were considered in the trustworthiness and reliability determination; and (ii) resolve any challenge by the individual to the completeness or accuracy of these records. The individual may make this challenge by submitting information and/or an explanation to the Office of Administration within 10 days of the distribution of the records described previously.

(b) The requestor may challenge a final adverse determination by submitting a request for review of the adverse determination to the Chief Administrative Judge of the Atomic Safety and Licensing Board Panel (ASLBP) in accordance with 10 CFR 2.336(f)(1)(iv) and by the method described in the final adverse

⁸ The requestor may wish to defer this inspection to a later time, but if the NRC staff decides that an inspection is necessary to confirm that the requestor's information protection system is sufficient, this inspection must be conducted before SGI is provided to the requestor. However, the requestor may opt to view SGI at an approved SGI storage location rather than establish its own SGI protection program to meet SGI protection requirements.

determination. Because a final adverse determination is sufficient grounds for denying a subsequent request for SGI access submitted after the notice of intended operation is published, the requestor should not wait until a subsequent denial to appeal the adverse trustworthiness and reliability determination.

(3) If the notice of intended operation is published while the background check is in progress or while an appeal of an adverse determination is pending, the petitioner should still submit the other components of its request for access consistent with the requirements set forth in the notice of intended operation. Those elements of the access determination will be handled in accordance with the procedures and timelines in the notice of intended operation. The petitioner's submission of its request need not repeat the information already submitted specifically for the background check—it may simply reference the pre-clearance background check request—but it must provide all other information requested in the notice of intended operation.⁹ To avoid confusion, however, the submission should identify the petitioner's contact information, the agency action, and the notice of intended operation.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–9046; File No. SR-OCC–2020–011]

Self-Regulatory Organizations; The Options Clearing Corporation; Order Approving Proposed Rule Change To Adopt a New Second Amended and Restated Cross-Margin Agreement Between The Options Clearing Corporation and The Chicago Mercantile Exchange

November 19, 2020.

I. Introduction

On September 22, 2020, the Options Clearing Corporation (“OCC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change SR-OCC–2020–011 (“Proposed Rule Change”) pursuant to Section 19(b) of the Securities Exchange Act of 1934 (“Exchange Act”)¹ and Rule 19b–4² thereunder to provide OCC with express authority to adopt a new Second Amended and Restated Cross-Margin Agreement (“Proposed X–M Agreement”) between OCC and the Chicago Mercantile Exchange (“CME”).³ The Proposed Rule Change was published for public comment in the *Federal Register* on October 7, 2020.⁴ The Commission has received no comments regarding the Proposed Rule Change. This order approves the Proposed Rule Change.

II. Background

OCC and CME are parties to an Amended and Restated Cross-Margin Agreement dated May 28, 2008, as further amended by Amendment No. 1 dated October 23, 2008⁵ and Amendment No. 2 dated May 20, 2009⁶ (the “Existing X–M Agreement”). OCC and CME first implemented their cross-margining program (the “X–M Program”) in 1989. The purpose of the X–M Program is to: (1) Facilitate the cross-margining of positions in options cleared by OCC with positions in futures and commodity options cleared
