Notice of Request for Information (RFI) on Offshore Wind Transmission System Integration Research Needs

ACTION: Request for information.

SUMMARY: The U.S. Department of Energy (DOE) invites public comment on its Request for Information (RFI) number DE–FOA–0002389 regarding offshore wind transmission system integration research needs. The DOE’s Wind Energy Technologies Office (WETO) is seeking information from the public on research needs regarding the integration of large-scale offshore wind energy generation into the transmission grid. In addition to input on overall research priorities, focus areas include considerations of technical means to

preventative measures concerning abusive, deceptive, and fraudulent practices against Service members and Spouses who are pursuing higher education utilizing TA and MyCAA.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent’s Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

You may also submit comments and recommendations, identified by Docket ID number and title, by the following method:

enhance transmission utilization and mitigate congestion; updates to system integration studies and analyses in view of anticipated offshore wind additions; and priorities for improvements to data, models, and analytical tools. This RFI is intended to inform WETO’s strategic planning on research aimed at lowering the cost of integrating offshore wind power into the grid, while enhancing system reliability and resiliency.

DATES: Responses to the RFI must be received no later than 5:00pm (ET) on January 24, 2021.

ADDRESSES: Interested parties are to submit comments electronically to WindEnergyRFI@ee.doe.gov. Include WETO OSW Integration RFI in the subject line of the email. Responses must be provided as attachments to an email. It is recommended that attachments with file sizes exceeding 25MB be compressed (i.e., zipped) to ensure message delivery. Responses must be provided as a Microsoft Word (.docx) attachment to the email, and no more than 10 pages in length, 12 point font, 1 inch margins. Only electronic responses will be accepted. The complete RFI document is located at https://eere-exchange.energy.gov/.

FOR FURTHER INFORMATION CONTACT: Question may be addressed to Jian Fu at WindEnergyRFI@ee.doe.gov or (202) 586–9136. Further instruction can be found in the RFI document posted on EERE Exchange.

SUPPLEMENTARY INFORMATION: The purpose of this RFI is to solicit information from electric utilities, academia, research laboratories, government agencies, and other stakeholders on research needs regarding the integration of large-scale offshore wind generation into the transmission grid. The responses will inform WETO’s strategic and research planning in the general area of offshore wind and systems integration. WETO is specifically interested in information on: (a) Overall offshore wind systems integration research and development priorities; (b) means to enhance transmission utilization and mitigate congestion; (c) transmission system integration studies and analysis related to offshore wind; and (d) data, models and analytic tools to support offshore wind grid integration. The questions are meant to stimulate thoughts and comments in the identified areas, but may not be exhaustive. As such, responders may offer additional relevant comments in the topic areas even though a question is not specifically asked. The RFI is available at https://eere-exchange.energy.gov/.

Federal Energy Regulatory Commission

Docket No. OR21–2–000

Coffeyville Resources Refining & Marketing, LLC v. TransCanada Keystone Pipeline, LP; Notice of Complaint

Take notice that on November 18, 2020 pursuant to Rule 206 of the Federal Energy Regulatory Commission’s (Commission) Rules of Practice and Procedure, 18 CFR 385.206 (2020), sections 343.1(a) and 343.2(c) of the Commission’s Procedural Rules Applicable to Oil Pipeline Proceedings, 18 CFR 343.1(a) and 343.2(c) (2020), and sections 15(5), 3(1), 6, 13, 15(9) and 16 of the Interstate Commerce Act (ICA), 49 U.S.C. App. 1(5), 3(1), 6, 13, 15(9), 16, Coffeyville Resources Refining & Marketing, LLC (Coffeyville or Complainant) filed a formal complaint against TransCanada Keystone Pipeline, LP (Keystone or Respondent) challenging the lawfulness of rates charged by Keystone for the transportation of crude oil within the United States under committed rates calculated pursuant to terms contained in a Transportation Service Agreement between Keystone and Coffeyville, all as more fully explained in the complaint. The Complainants certifies that a copy of the complaint was served on the contacts listed for the Respondent in the Commission’s list of Corporate Officials. Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent’s answer and all interventions, or protests must be filed on or before the comment date. The Respondent’s answer, motions to intervene, and protests must be served on the Complainants.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at http://www.ferc.gov. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

In addition to publishing the full text of this document in the Federal Register, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission’s Home Page (http://ferc.gov) using the “eLibrary” link.
