SOCIAL SECURITY ADMINISTRATION

[Docket No. SSA–2020–0058]

Agency Information Collection Activities: Proposed Request

The Social Security Administration (SSA) publishes a list of information collection packages requiring clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104–13, the Paperwork Reduction Act of 1995, effective October 1, 1995. This notice includes revisions of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency’s burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Mail, email, or fax your comments and recommendations on the information collection(s) to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses or fax numbers.

(OMB) Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202–395–6974, Email address: OIRA_Returns@omb.eop.gov.

(SSA) Social Security Administration, OLCA, Attn: Reports Clearance Director, 3100 West High Rise, 6401 Security Blvd., Baltimore, MD 21235, Fax: 410–966–2830, Email address: OR.Reports.Clearance@ssa.gov.

Or you may submit your comments online through www.regulations.gov, referencing Docket ID Number [SSA–2020–0058].

The information collections below are pending at SSA. SSA will submit them to OMB within 60 days from the date of this notice. To be sure we consider your comments, we must receive them no later than January 26, 2021. Individuals can obtain copies of the collection instruments by writing to the above email address.

1. Partnership Questionnaire—20 CFR 404.1080–404.1082—0960–0025. SSA considers partnership income in determining entitlement to Social Security benefits. SSA uses information from Form SSA–7104 to determine several aspects of eligibility for benefits, including the accuracy of reported partnership earnings; the veracity of a retirement; and lag earnings where SSA needs this information to determine the status of the insured. The respondents are applicants for, and recipients of, Title II Social Security benefits who are reporting partnership earnings.

Type of Request: Revision of an OMB-approved information collection.

claimant’s date of birth. SSA collects information from claimants using Form SSA–1535 to provide the Census Bureau with sufficient identification information to allow an accurate search of census records. Additionally, the Census Bureau uses a completed, signed SSA–1535 to bill SSA for the search.

The respondents are applicants for Social Security benefits who need to establish their date of birth as a factor of entitlement.

Type of Request: Revision of an OMB-approved information collection.

4. Workers’ Compensation/Public Disability Questionnaire—20 CFR

404.408—0960–0247. Section 224 of the Social Security Act (Act) provides for the reduction of disability insurance benefits (DIB) when the combination of DIB and any workers’ compensation (WC) or certain Federal, State or local public disability benefits (PDB) exceeds 80 percent of the worker’s pre-disability earnings. SSA field office staff conduct in-person interviews with applicants using the electronic SSA–546 WC/PDB screens in the Modernized Claims System (MCS) to determine if the worker’s receipt of WC or PDB payments will cause a reduction of DIB.
The respondents are applicants for the Title II DI.

Type of Request: Revision of an OMB-approved information collection.

5. Supplemental Security Income (SSI) Claim Information Notice—20 CFR 416.210—0960–0324. Section 1611(e)(2) of the Act requires individuals to file for and obtain all payments (annuities, pensions, disability benefits, veteran's compensation, etc.) for which they are eligible before qualifying for SSI payments. Individuals do not qualify for SSI if they do not first apply for all other benefits. SSA uses the information on Form SSA–L8050 to verify and establish a claimant’s or recipient’s eligibility under the SSI program. Respondents are SSI applicants or recipients who may be eligible for other payments from public or private programs.

When a claimant appeals a denied disability claim, SSA may ask the claimant to have a consultative examination at the agency’s expense, if the claimant’s medical sources cannot, or will not, give the agency sufficient evidence to determine whether the claimant is disabled. The medical providers who perform these consultative examinations provide a statement about the claimant’s state of disability. Specifically, these medical source statements determine the work-related capabilities of these claimants. SSA collects the medical data on the HA–1151 and HA–1152 to assess the work-related physical and mental capabilities of claimants who appeal SSA’s previous determination on their issue of disability. The respondents are medical sources who provide reports based either on existing medical evidence or on consultative examinations.

7. Objection to Appearing by Video Teleconferencing; Acknowledgement of Receipt (Notice of Hearing); Waiver of Written Notice of Hearing—20 CFR 404.935, 404.936; 404.938, 404.939, 416.1435, 416.1436, 416.1438, & 416.1439—0960–0671. SSA uses the information we obtain on Forms HA–55, HA–504, HA–504–OP1, HA–510, and HA–510–OP1 to manage the means by which we conduct hearings before an administrative law judge (ALJ), and the...
scheduling of hearings with an ALJ. We use the HA–55, Objection to Appearing by Video Teleconferencing, and its accompanying cover letter, HA–L2, to allow claimants to opt-out of an appearance via video teleconferencing (VTC) for their hearing with an ALJ. The HA–L2 explains the good cause stipulation for opting out of VTC if the claimant misses their window to submit the HA–55, and for verifying a new residence address if the claimant moved since submitting their initial hearing request. SSA uses the HA–504 and HA–504–OP1. Acknowledgement of Receipt (Notice of Hearing), and accompanying cover letter, HA–L83, to: (1) Acknowledge the claimants will appear for their hearing with an ALJ; (2) establish the time and place of the hearing; and (3) remind claimants to gather evidence in support of their claims. The only difference between the two versions of the HA–504 is the language used for the selection check boxes as determined by the type of appearance for the hearing (in-person, phone teleconference, or VTC). In addition, the cover letter, HA–L83, explains: (1) The claimants’ need to notify SSA of their wish to object to the time and place set for the hearing; (2) the good cause stipulation for missing the deadline for objecting to the time and place of the hearing; and (3) how the claimants can submit, in writing, any additional evidence they would like the ALJ to consider, or any objections they have on their claims. The HA–510, and HA–510–OP1. Waiver of Written Notice of Hearing, allows the claimants to waive their right to receive the Notice of Hearing as specified in the HA–L83. We typically use these forms when there is a last minute available opening on an ALJ’s schedule, so the claimants can fill in the available time slot. If the claimants agree to fill the time slot, we ask them to waive their right to receive the Notice of Hearing. We use the HA–510–OP1 at the beginning of our process for representatives and claimants who wish to waive the 20-day (for amended or continued hearing notices) or 75-day (for all other hearing notices) requirement earlier in the process, and the HA–510 later in the process for those representatives and claimants who want the full 20 or 75 days prior to the scheduled hearing. The respondents are applicants for Social Security disability payments who request a hearing to appeal an unfavorable entitlement or eligibility determination or their representative payees.

+ Due to the COVID–19 pandemic, we are currently not conducting hearings in person with administrative law judges. We are holding all hearings by telephone and online video while offices remain closed. We are using different versions of the HA–504 depending on the format of the hearing (HA–504 is used for in-person/traditional VTC, HA–504–OP1 is used for phone, HA–504–OP2 is used for online video). At this time, we are unable to provide an accurate breakdown of their usages individually until offices reopen. The combined total for all of the versions is a good estimate.

**Public Reporting Burdens for the Temporary COVID–19 Enhanced Outreach (CEO) project.** We estimate a total universe of approximately 560,000 respondents for the COVID–19 Enhanced Outreach (CEO) project. This number represents 280,000 cases in “Ready to Schedule” (RTS) and “Scheduled” (SCHD) statuses with attorney or non-attorney representatives, plus a courtesy copy to the claimant. We will also conduct a follow-up call for cases without a returned form. We expect 25% or less will be non-responsive. The numbers on this chart reflect our estimates for this outreach project:

As part of the stewardship duties of the Medicare Part D subsidy program, SSA conducts periodic quality reviews of the information Medicare beneficiaries report on their subsidy applications (Form SSA–1020). SSA uses the Medicare Quality Review program to conduct these checks. The respondents are applicants for the Medicare Part D subsidy whom SSA chose to undergo a quality review.

Hospitals and claimants use Form SSA–3380 to provide medical information to local field offices (FO) and the Disability Determination Services (DDS) on behalf of infants with low birth weight. FOs use the form as a protective filing statement and the medical information to make presumptive disability findings, which allow expedited payment to eligible claimants. DDSs use the medical information to determine disability and continuing disability. The respondents are hospitals and claimants who have information identifying low birth weight babies and their medical conditions.

Electronic Records Express (ERE) is an online system which enables medical providers and various third party representatives to electronically access clients’ disability files online and submit disability claimant information electronically to SSA as part of the disability application process. To ensure only authorized people access ERE, SSA requires third parties to complete a unique registration process if they wish to use this system. This information collection request (ICR) includes the third-party registration process and the burden for submitting evidence to SSA is part of other, various ICRs. The respondents are representatives of disability applicants who want to use ERE to electronically access clients’ disability files online and submit information to SSA.

**Type of Request:** Revision of an OMB-approved information collection.
