

Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act and 19 CFR 351.205(c).

Dated: November 23, 2020.

Joseph A. Laroski Jr.,

Deputy Assistant Secretary for Policy and Negotiations.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is phosphate fertilizers in all physical forms (*i.e.*, solid or liquid form), with or without coating or additives such as anti-caking agents. Phosphate fertilizers in solid form are covered whether granular, prilled (*i.e.*, pelletized), or in other solid form (*e.g.*, powdered).

The covered merchandise includes phosphate fertilizers in the following forms: ammonium dihydrogenorthophosphate or monoammonium phosphate (MAP), chemical formula $NH_4H_2PO_4$; diammonium hydrogenorthophosphate or diammonium phosphate (DAP), chemical formula $(NH_4)_2HPO_4$; normal superphosphate (NSP), also known as ordinary superphosphate or single superphosphate, chemical formula $Ca(H_2PO_4)2CCaSO_4$; concentrated superphosphate, also known as double, treble, or triple superphosphate (TSP), chemical formula $Ca(H_2PO_4)2\dot{C}H_2O$; and proprietary formulations of MAP, DAP, NSP, and TSP.

The covered merchandise also includes other fertilizer formulations incorporating phosphorous and non-phosphorous plant nutrient components, whether chemically-bonded, granulated (*e.g.*, when multiple components are incorporated into granules through, *e.g.*, a slurry process), or compounded (*e.g.*, when multiple components are compacted together under high pressure), including nitrogen, phosphate, sulfur (NPS) fertilizers, nitrogen, phosphorous, potassium (NPK) fertilizers, nitric phosphate (also known as nitrophosphate) fertilizers, ammoniated superphosphate fertilizers, and proprietary formulations thereof that may or may not include other nonphosphorous plant nutrient components. For phosphate fertilizers that contain non-phosphorous plant nutrient components, such as nitrogen, potassium, sulfur, zinc, or other non-phosphorous components, the entire article is covered, including the non-phosphorous content, provided that the phosphorous content (measured by available diphosphorous pentoxide, chemical formula P_2O_5) is at least 5% by actual weight.

Phosphate fertilizers that are otherwise subject to this investigation are included when commingled (*i.e.*, mixed or blended) with phosphate fertilizers from sources not subject to this investigation. Phosphate fertilizers that are otherwise subject to this investigation are included when commingled with substances other than phosphate fertilizers subject to this investigation (*e.g.*, granules containing only non-phosphate fertilizers such as potash or urea). Only the

subject component of such commingled products is covered by the scope of this investigation. The following products are specifically excluded from the scope of this investigation:

(1) ABC dry chemical powder preparations for fire extinguishers containing MAP or DAP in powdered form;

(2) industrial or technical grade MAP in white crystalline form with available P_2O_5 content of at least 60% by actual weight;

(3) industrial or technical grade diammonium phosphate in white crystalline form with available P_2O_5 content of at least 50% by actual weight;

(4) liquid ammonium polyphosphate fertilizers;

(5) dicalcium phosphate, chemical formula $CaHPO_4$;

(6) monocalcium phosphate, chemical formula $CaH_4P_2O_8$;

(7) trisodium phosphate, chemical formula Na_3PO_4 ;

(8) sodium tripolyphosphate, chemical formula $Na_5P_3O_{10}$;

(9) prepared baking powders containing sodium bicarbonate and any form of phosphate;

(10) animal or vegetable fertilizers not containing phosphate fertilizers otherwise covered by the scope of this investigation;

(11) phosphoric acid, chemical formula H_3PO_4 .

The Chemical Abstracts Service (CAS) numbers for covered phosphate fertilizers include, but are not limited to: 7722-76-1 (MAP); 7783-28-0 (DAP); and 65996-95-4 (TSP). The covered products may also be identified by Nitrogen-Phosphate-Potash composition, including but not limited to: NP 11-52-0 (MAP); NP 18-46-0 (DAP); and NP 0-46-0 (TSP).

The covered merchandise is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings 3103.11.0000; 3103.19.0000; 3105.20.0000; 3105.30.0000; 3105.40.0010; 3105.40.0050; 3105.51.0000; and 3105.59.0000. Phosphate fertilizers subject to this investigation may also enter under subheadings 3103.90.0010, 3105.10.0000, 3105.60.0000, 3105.90.0010, and 3105.90.0050. Although the HTSUS subheadings and CAS registry numbers are provided for convenience and customs purposes, the written description of the scope is dispositive.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-570-601]

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, from the People's Republic of China: Rescission, in Part, of Antidumping Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, United States Department of Commerce.

SUMMARY: On August 6, 2020, the Department of Commerce (Commerce) initiated an administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished and unfinished (TRBs) from the People's Republic of China (China) for 10 companies. Based on timely withdrawal of requests for review, we are now rescinding this administrative review with respect to four of these companies.

DATES: Applicable November 30, 2020.

FOR FURTHER INFORMATION CONTACT: Alex Wood or Whitley Herndon, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1959 or (202) 482-6274, respectively.

Background

In June 2020, Commerce received multiple timely requests to conduct an administrative review of the antidumping duty order on TRBs from China. Based upon these requests, on August 6, 2020, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), Commerce published a notice of initiation of an administrative review covering the period June 1, 2019, through May 31, 2020, with respect to 10 companies.¹ In August and September, 2020, the following companies withdrew their requests for an administrative review: Changshan Peer Bearing Co., Ltd. (CPZ/SKF); GGB Bearing Technology (Suzhou) Co., Ltd. (GGB); Ningbo Xinglun Bearings Import & Export Co., Ltd. (Xinglun Bearings); and Shanghai General Bearing Co., Ltd (SGBC).²

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 85 FR 47731 (August 6, 2020) (*Initiation Notice*). See also *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 85 FR 54983, 54990 (September 3, 2020), correcting the *Initiation Notice*.

² See CPZ/SKF's Letter, "Tapered Roller Bearing from the People's Republic of China: Withdrawal of

Partial Rescission

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. CPZ/SKF, GGB, SGBC, and Xinglun Bearings timely withdrew their requests for an administrative review. No other party requested a review of these four companies. Accordingly, we are rescinding this review, in part, with respect to these companies, pursuant to 19 CFR 351.213(d)(1).

The instant review will continue with respect to the following companies: BRTEC Wheel Hub Bearing Co., Ltd.; C&U Group Shanghai Bearing Co., Ltd.; Hebei Xintai Bearing Forging Co., Ltd.; Shanghai Tainai Bearing Co., Ltd.; Xinchang Newsun Xintianlong Precision Bearing Manufacturing Co., Ltd.; and Zhejiang Jingli Bearing Technology Co., Ltd.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Request for Administrative Review,” dated September 4, 2020; GGB’s Letter, “Withdrawal of Request for the Administrative Review of the Antidumping Duty Order on Tapered Roller Bearings from the People’s Republic of China, A–570–601 (POR: 6/1/19–5/31/20),” dated August 18, 2020; Ningbo Xinglun’s Letter, “Tapered Roller Bearing from the People’s Republic of China: Withdrawal of Request for Administrative Review,” dated September 9, 2020; and SGBC’s Letter, “Tapered Roller Bearing from the People’s Republic of China: Withdrawal of Request for Administrative Review,” dated September 4, 2020.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751 and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: November 24, 2020.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Port of Kalama Expansion Project on the Lower Columbia River

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of Renewal incidental harassment authorization.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA), as amended, notification is hereby given that NMFS has issued a Renewal incidental harassment authorization (IHA) to the Port of Kalama (POK) to incidentally harass marine mammals incidental to construction activities associated with an expansion project at the POK on the Lower Columbia River, Washington.

DATES: This Renewal IHA is valid from November 23, 2020 through October 18, 2021.

FOR FURTHER INFORMATION CONTACT: Amy Fowler, Office of Protected Resources, NMFS, (301) 427–8401. Electronic copies of the original

application, Renewal request, and supporting documents (including NMFS **Federal Register** notices of the original proposed and final authorizations, and the previous IHA), as well as a list of the references cited in this document, may be obtained online at: <https://www.fisheries.noaa.gov/permit/incidental-take-authorizations-under-marine-mammal-protection-act>. In case of problems accessing these documents, please call the contact listed above.

SUPPLEMENTARY INFORMATION:

Background

The Marine Mammal Protection Act (MMPA) prohibits the “take” of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed incidental take authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other “means of effecting the least practicable adverse impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of such species or stocks for taking for certain subsistence uses (referred to here as “mitigation measures”). Monitoring and reporting of such takings are also required. The meaning of key terms such as “take,” “harassment,” and “negligible impact” can be found in section 3 of the MMPA (16 U.S.C. 1362) and the agency’s regulations at 50 CFR 216.103.

NMFS’ regulations implementing the MMPA at 50 CFR 216.107(e) indicate that IHAs may be renewed for additional periods of time not to exceed one year for each reauthorization. In the notice of proposed IHA for the initial authorization, NMFS described the circumstances under which we would consider issuing a Renewal for this activity, and requested public comment on a potential Renewal under those circumstances. Specifically, on a case-
