SUPPLEMENTARY INFORMATION: In accordance with section 210(b) of the United States-Mexico-Canada Agreement Implementation Act, the U.S. Department of Labor issued regulations necessary to administer the high-wage components of the labor value content requirements as set forth in section 202A of that Act (85 FR 39782, July 1, 2020). The Act

implements the United States-Mexico-Canada Agreement (USMCA). Section 202A of the Act, codified at 19 U.S.C. 4532, in part implements Article 7 of the Automotive Appendix of the USMCA. The USMCA establishes labor value content (LVC) requirements for passenger vehicles, light trucks, and heavy trucks, pursuant to which an importer can only obtain preferential tariff treatment for a covered vehicle if the covered vehicle meets certain high-wage component requirements. The Act requires importers who claim preferential tariff treatment under the USMCA for goods imported into the United States from a USMCA Country, and vehicle producers whose goods are the subject of a claim for preferential tariff treatment under the USMCA, to make, keep, and, pursuant to rules and regulations promulgated by the Secretary, render for examination and inspection records and supporting documents related to the LVC requirements. See 19 U.S.C. 1508(b)(4). The Act further grants the Secretary authority during the course of a verification to request any records relating to wages, hours, job responsibilities, or any other information in any plant or facility relied on by a producer of covered vehicles to demonstrate that the production of those vehicles meets the high-wage components of the LVC requirements. See 19 U.S.C. 4532(e)(4)(B). The Act grants authority to the Secretary to issue regulations. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on July 10, 2020 (85 FR 41627).

In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.
