

rate, Commerce will issue a final decision indicating that the company in question is part of the NME entity. However, in that situation, because no review of the NME entity was conducted, the NME entity's entries were not subject to the review and the rate for the NME entity is not subject to change as a result of that review (although the rate for the individual exporter may change as a function of the finding that the exporter is part of the NME entity). Following initiation of an antidumping administrative review when there is no review requested of the NME entity, Commerce will instruct CBP to liquidate entries for all exporters not named in the initiation notice, including those that were suspended at the NME entity rate.

All requests must be filed electronically in Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) on Enforcement and Compliance's ACCESS website at <https://access.trade.gov>.⁶ Further, in accordance with 19 CFR 351.303(f)(1)(i), a copy of each request must be served on the petitioner and each exporter or producer specified in the request. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.⁷

Commerce will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of December 2020. If Commerce does not receive, by the last day of December 2020, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, Commerce will instruct CBP to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

For the first administrative review of any order, there will be no assessment of antidumping or countervailing duties on entries of subject merchandise

entered, or withdrawn from warehouse, for consumption during the relevant provisional-measures "gap" period of the order, if such a gap period is applicable to the period of review.

This notice is not required by statute but is published as a service to the international trading community.

Dated: November 18, 2020.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

DEPARTMENT OF COMMERCE

International Trade Administration

Notice of Scope Rulings

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable December 2, 2020.

SUMMARY: The Department of Commerce (Commerce) hereby publishes a list of scope rulings and anti-circumvention determinations made during the period July 1, 2020, through September 30, 2020. We intend to publish future lists after the close of the next calendar quarter.

FOR FURTHER INFORMATION CONTACT: Marcia E. Short, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: 202-482-1560.

SUPPLEMENTARY INFORMATION:

Background

Commerce regulations provide that the agency will publish in the **Federal Register** a list of scope rulings on a quarterly basis.¹ Our most recent notification of scope rulings was published on September 28, 2020.² This current notice covers all scope rulings and anti-circumvention determinations made by Enforcement and Compliance between July 1, 2020–September 30, 2020.

Scope Rulings Made July 1, 2020 Through September 30, 2020

Republic of Korea (Korea)

A-580-836 and C-580-837: Certain Cut-to-Length Carbon-Quality Steel Plate Products From Korea

Requestor: Dongkuk Steel Mill Co., Ltd.; non-rectangular cross-section products (or, longitudinally-profiled 'LP' plates) produced, but not yet exported to the United States, and identified by the 3-letter prefixes in the 14-digit product codes FPD (differenced thickness plate), FPS (step plate), and FPT (tapered plate), are outside the scope of the antidumping duty (AD) and countervailing duty (CVD) orders, August 4, 2020.

People's Republic of China (China)

A-570-822: Certain Helical Spring Lock Washers From China

Requestor: MacLean Power, L.L.C. (MPS). Helical spring lock washers incorporated in MPS's pole line hardware are outside the scope of the order because pole line hardware imported by MPS are distinct assembled products for use in the attachment of cables and wires onto utility poles. March 19, 2019. This is a revision, based on litigation, to our previous scope ruling.³

A-570-967 and C-570-968: Aluminum Extrusions From China

Requestor: Schletter Inc. Eight models of grounding clamps, designed for securing solar panels to solar panel racking systems, are covered by the scope of the AD and CVD orders on aluminum extrusions from China because they consist of aluminum extrusion components that are attached to form subassemblies, and they lack the necessary components that would allow them to function as a finished solar panel mounting system; August 10, 2020.

Anti-Circumvention Determinations Made July 1, 2020, Through September 30, 2020

A-570-026 and C-570-027: Certain Corrosion-Resistant Steel Products (CORE) From China

Self-initiated: CORE completed in Costa Rica and the UAE from hot-rolled steel or cold-rolled steel substrate manufactured in China, and subsequently exported to the United States is circumventing the AD and CVD

orders on CORE from China. CORE produced in Guatemala is not circumventing the orders; July 6, 2020.

A-570-028: Hydrofluorocarbon Blends From f China

Commerce determined not to include hydrofluorocarbon (HFC) components from China (R-32, R-125, R-143a) imported into the United States for further processing into HFC blends within the scope of the AD order on HFC blends from China; August 13, 2020.

Notification to Interested Parties

Interested parties are invited to comment on the completeness of this list of completed scope inquiries and anti-circumvention determinations made during the period July 1, 2020, through September 30, 2020. Any comments should be submitted to the Deputy Assistant Secretary for AD/CVD Operations, Enforcement and Compliance, International Trade Administration, 1401 Constitution Avenue NW, APO/Dockets Unit, Room 18022, Washington, DC 20230.

This notice is published in accordance with 19 CFR 351.225(o).

COMMODITY FUTURES TRADING COMMISSION

Agency Information Collection Activities: Proposed Revised Collection, Comment Request: “Swap Data Recordkeeping and Reporting Requirements”

AGENCY: Commodity Futures Trading Commission.

ACTION: Notice.

SUMMARY: The Commodity Futures Trading Commission (“CFTC” or “Commission”) is announcing an opportunity for public comment on the revision of an information collection by the agency. Under the Paperwork Reduction Act of 1995 (“PRA”), Federal agencies are required to publish notice in the **Federal Register** concerning each revised collection of information and to allow 60 days for public comment. The Commission recently adopted a final rule amending requirements for swap data recordkeeping and reporting. This notice solicits additional comments on certain estimated costs and burdens

associated with the amended requirements.

DATES: Comments must be submitted on or before February 1, 2021.

ADDRESSES: You may submit comments, identified by “Swap Data Recordkeeping and Reporting Requirements, OMB Control No. 3038-0096,” by any of the following methods:

- The Agency’s website, at <http://comments.cftc.gov/>. Follow the instructions for submitting comments through the website.
- *Mail:* Christopher Kirkpatrick, Secretary of the Commission, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street NW, Washington, DC 20581.
- *Hand Delivery/Courier:* Same as Mail above.

Please submit your comments using only one method. All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov>.

FOR FURTHER INFORMATION CONTACT:

Meghan Tente, Acting Deputy Director, Division of Market Oversight, Commodity Futures Trading Commission, (202) 418-5785, email: mtente@cftc.gov, and refer to OMB Control No. 3038-0096.

SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal agencies must obtain approval from the Office of Management and Budget (“OMB”) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed information collection including each proposed revision or extension of an existing information collection, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Swap Data Recordkeeping and Reporting Requirements (OMB Control No. 3038-0096). This is a request for comment on a currently approved information collection.

Abstract: The collection of information is needed to ensure that the CFTC and other regulators have access to swap data as required by the Commodity Exchange Act, as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”). The Dodd-Frank Act directed the CFTC to adopt rules providing for the reporting of data relating to swaps.

On September 17, 2020, the Commission adopted a rulemaking amending its part 45 regulations.¹ In the release accompanying the final rule, the Commission included some estimated costs and burdens that were not included in the proposal and made corrections to some of its previous estimates. The Commission explains these cost and burden estimates below and invites comment on any new or revised estimates.

1. Amendments to Regulation 45.3

Amended § 45.3 creates costs for swap data repositories (“SDRs”), swap execution facilities (“SEFs”), designated contract markets (“DCMs”), and reporting counterparties to update systems for reporting required swap creation data reports. For the proposal, the Commission estimated SDRs, SEFs, DCMs, and reporting counterparties would incur a one-time initial burden of 10 hours per entity to modify their systems to adopt the changes, for a total estimated hours burden of 17,320 hours. The cost per entity was estimated to be \$722.30 for a total cost across entities of \$1,251,024. The Commission additionally estimated 5 hours per entity annually to perform any needed maintenance or adjustments to reporting systems, at a cost of \$361.15 per entity and \$625,512 across entities.² The Commission re-evaluated the analysis in the final rule and instead used a wage estimate of between \$48 and \$101³ per

¹ The Commission proposed the amendments to Part 45 in February 2020. Swap Data Recordkeeping and Reporting Requirements, 75 FR 21578 (Apr. 17, 2020) (the “Proposal”). The final rule was published in the **Federal Register** on November 25, 2020.

² The PRA section of the Proposal included one-time and ongoing burden hour estimates for entities to modify their systems. The associated cost estimates referenced above were included in the related Supporting Statement filed with OMB for the Proposal.

³ Hourly wage rates for this aspect came from the Software Developers and Programmers category of the May 2019 National Occupational Employment and Wage Estimates Report produced by the U.S. Bureau of Labor Statistics, available at https://www.bls.gov/oes/current/oes_nat.htm. The 25th percentile was used for the low range and the 90th percentile was used for the upper range (\$36.89 and \$78.06, respectively). Each number was multiplied by an adjustment factor of 1.3 for overhead and
