DEPARTMENT OF EDUCATION

[Docket No.: ED-2020-SCC-0138]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Study of District and School Uses of Federal Education Funds

AGENCY: Institute of Educational Sciences (IES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of a currently approved collection.

DATES: Interested persons are invited to submit comments on or before January 6, 2021.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection request by selecting "Department of Education" under "Currently Under Review," then check "Only Show ICR for Public Comment" checkbox.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Stephanie Stulich, 202-245-6468.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize

the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Study of District and School Uses of Federal Education Funds.

OMB Control Number: 1850-0951.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 748.

Total Estimated Number of Annual Burden Hours: 7,140.

Abstract: The Study of District and School Uses of Federal Education Funds will examine targeting and resource allocation for five major federal education programs: Part A of Titles I, II, III, and IV of the Elementary and Secondary Education Act (ESEA) and Title I, Part B of the Individuals with Disabilities Education Act (IDEA), as well as funds provided to school districts through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The study will collect, from a nationally representative sample of 400 school districts, detailed data on revenues, expenditures, and personnel for the federal programs covered in this study. In addition, the study will collect data on suballocations of those federal funds to districts and schools to examine how the distribution of funds varies in relation to program goals and student needs and will conduct telephone interviews in nine districts to explore how districts use IDEA funds in conjunction with other federal, state, and local funds to meet the needs of students with disabilities.

This package is the second of two OMB clearance requests for this study. A previous package, approved by OMB on June 24, 2020 (OMB 1850-0951)

covered the selection and recruitment of a nationally representative sample of school districts and schools and collection of certain preliminary information from states (including lists of subgrantees and suballocation amounts for each program). The current submission is to request OMB clearance for the data collection instruments for this study. We anticipate beginning collection of subgrantee lists and other preliminary information in September 2020 and launching the district- and school-level data collection in January 2021.

Dated: December 2, 2020.

[FE Docket No. 17-79-LNG]

Eagle LNG Partners Jacksonville II LLC; Application To Amend Export Term Through December 31, 2050, for Existing Non-Free Trade Agreement Authorization

AGENCY: Office of Fossil Energy, Department of Energy.

ACTION: Notice of application.

SUMMARY: The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice (Notice) of receipt of an application (Application), filed on November 30, 2020, by Eagle LNG Partners Jacksonville II LLC (Eagle Maxville). Eagle Maxville seeks to amend the export term set forth in its current authorization to export liquefied natural gas (LNG) to non-free trade agreement countries, DOE/FE Order No. 4078, to a term ending on December 31, 2050. Eagle Maxville filed the Application under the Natural Gas Act (NGA) and DOE's policy statement entitled, "Extending Natural Gas Export Authorizations to Non-Free Trade Agreement Countries Through the Year 2050" (Policy Statement). Protests, motions to intervene, notices of intervention, and written comments on the requested term extension are invited.

DATES: Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the Public Comment Procedures section no later

than 4:30 p.m., Eastern time, December 22, 2020.

SUPPLEMENTARY INFORMATION: On September 15, 2017, in Order No. 4078, DOE/FE authorized Eagle Maxville to export domestically produced LNG in a volume equivalent to 2.8 billion cubic feet per year of natural gas, pursuant to NGA section 3(a), 15 U.S.C. 717b(a).¹ Eagle Maxville is authorized to export this LNG in approved ISO containers loaded at the Maxville Facility located near Jacksonville, Florida, to any country which presently has, or in the future develops, the capacity to import ocean-going LNG via approved ISO containers transported on ocean-going carriers, with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries)

for a 20-year term. In the Application,² Eagle Maxville asks DOE to extend its current export term to a term ending on December 31, 2050, as provided in the Policy Statement.³ Additional details can be found in the Application, posted on the DOE/FE website at: <https://www.energy.gov/sites/prod/files/2020/12/f81/Eagle%20LNG%20Partners%20Jacksonville%20II%20Maxville%20Application%20to%20Extend.pdf>.

DOE/FE Evaluation

In the Policy Statement, DOE adopted a term through December 31, 2050 (inclusive of any make-up period), as the standard export term for long-term non-FTA authorizations.⁴ As the basis for its decision, DOE considered its obligations under NGA section 3(a), the public comments supporting and opposing the proposed Policy Statement, and a wide range of information bearing on the public interest.⁵ DOE explained that, upon receipt of an application under the Policy Statement, it would conduct a public interest analysis of the application under NGA section 3(a). DOE further stated that “the public interest analysis will be limited to the application for the term extension—meaning an intervenor or protestor may challenge the requested extension but not the existing non-FTA order.”⁶

Accordingly, in reviewing Eagle Maxville’s Application, DOE/FE will consider any issues required by law or policy under NGA section 3(a), as informed by the Policy Statement. To the extent appropriate, DOE will consider the study entitled, *Macroeconomic Outcomes of Market Determined Levels of U.S. LNG Exports (2018 LNG Export Study)*,⁷ DOE’s response to public comments received on that Study,⁸ and the following environmental documents:

² *Eagle LNG Partners Jacksonville II LLC*, Application to Amend Export Term for Existing Long-Term Export Authorizations Through December 31, 2050, FE Docket No. 17-79-LNG (Nov. 30, 2020). Eagle Maxville’s request regarding its FTA authorization is not subject to this Notice. See 15 U.S.C. 717b(c).

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

Public Comment Procedures

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable, addressing the Application. Interested parties will be provided 15 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention. The public previously was given an opportunity to intervene in, protest, and comment on Eagle Maxville’s long-term non-FTA application. Therefore, DOE will not consider comments or protests that do not bear directly on the requested term extension.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be

Received on Study; Notice of Response to Comments, 83 FR 67251 (Dec. 28, 2018).

considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590.

Filings may be submitted using one of the following methods: (1) emailing the filing to fergas@hq.doe.gov, with FE Docket No. 17-79-LNG in the title line; (2) mailing an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Regulation, Analysis, and Engagement at the address listed in **ADDRESSES**. All filings must include a reference to FE Docket No. 17-79-LNG. *Please Note:* If submitting a filing via email, please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

A decisional record on the Application will be developed through responses to this Notice by parties, including the parties' written comments and replies thereto. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this notice, in accordance with 10 CFR 590.316.

The Application is available for inspection and copying in the Office of Regulation, Analysis, and Engagement docket room, Room 3E-042, 1000 Independence Avenue SW, Washington, DC 20585. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. The Application and any filed protests, motions to intervene or notice of interventions, and comments will also be available electronically by going to the following DOE/FE web address: <https://www.energy.gov/fe/services/natural-gas-regulation>.
