BILLING CODE 4312-52-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-660-661 and
731-TA-1543-1545 (Preliminary)]

Utility Scale Wind Towers From India, Malaysia, and Spain

Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (“Commission”) determines, pursuant to the Tariff Act of 1930 (“the Act”), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of utility scale wind towers from India, Malaysia, and Spain, provided for in subheadings 7308.20.00 and 8502.31.00 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (“LTFV”) and to be subsidized by the governments of India and Malaysia.²

Commencement of Final Phase Investigations

Pursuant to § 207.18 of the Commission’s rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in § 207.21 of the Commission’s rules, upon notice from the U.S. Department of Commerce (“Commerce”) of affirmative preliminary determinations in the investigations under §§ 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under §§ 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission

antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On September 30, 2020, the Wind Tower Trade Coalition (Arcosa Wind Towers Inc. (Dallas, Texas) and Broadwind Towers, Inc. (Manitowoc, Wisconsin)) filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of subsidized imports of utility scale wind towers from India and Malaysia and LTFV imports of utility scale wind towers from India, Malaysia, and Spain. Accordingly, effective September 30, 2020, the Commission instituted countervailing duty investigation Nos. 701-TA-660-661 and antidumping duty investigation Nos. 731-TA-1543-1545 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference through video conferencing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of October 6, 2020 (85 FR 63137). In light of the restrictions on access to the Commission building due to the COVID-19 pandemic, the Commission conducted its conference through written testimony and video conference on October 21, 2020. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to §§ 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)). It completed and filed its determinations in these investigations on December 4, 2020. The views of the Commission are contained in USITC Publication 5146 (December 2020), entitled *Utility Scale Wind Towers from India, Malaysia, and Spain: Investigation Nos. 701-TA-660-661 and 731-TA-1543-1545 (Preliminary)*.

By order of the Commission.

Issued: December 4, 2020.

Lisa Barton,

Secretary to the Commission.
