RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

1. *Title and purpose of information collection:* Application for Employee Annuity Under the Railroad Retirement Act; OMB 3220–0002.

Section 2(a) of the Railroad Retirement Act (RRA) (45 U.S.C. 231a) provides for payments of age and service, disability, and supplemental annuities to qualified employees. An annuity cannot be paid until the employee stops working for a railroad employer. In addition, the age and service employee must relinquish any rights held to such jobs. A disabled employee does not need to relinquish

employee rights until attaining Full Retirement Age, or if earlier, when their spouse is awarded a spouse annuity. Benefits become payable after the employee meets certain other requirements, which depend on the type of annuity payable. The requirements for obtaining the annuities are prescribed in 20 CFR 216 and 220.

To collect the information needed to help determine an applicant's entitlement to, and the amount of, an employee retirement annuity the RRB uses Forms AA–1, *Application for Employee Annuity*; AA–1d, *Application for Determination of Employee Disability*; G–204, *Verification of Workers Compensation/Public Disability Benefit Information*, and electronic Forms AA–1cert, *Application Summary and Certification*, and AA–1sum, *Application Summary*.

The AA–1 application process obtains information from an applicant about their marital history, work history, military service, benefits from other governmental agencies, railroad pensions and Medicare entitlement for either an age and service or disability annuity. An RRB representative interviews the applicant either at a field office, an itinerant point, or by telephone. During the interview, the RRB representative enters the information obtained into an on-line information system. Upon completion of the interview, the on-line information system generates Form AA–1cert, *Application Summary and Certification*, or Form AA–1sum, *Application Summary*, a summary of the information that was provided for the applicant to review and approve. Form AA–1cert documents approval using the traditional pen and ink “wet” signature, and Form AA–1sum documents approval using the alternative signature method called Attestation. When the RRB representative is unable to contact the applicant in person or by telephone, for example, the applicant lives in another country, a manual version of Form AA–1 is used.

Form AA–1d, *Application for Determination of Employee's Disability*, is completed by an employee who is filing for a disability annuity under the RRA, or a disability freeze under the Social Security Act, for early Medicare based on a disability. Form G–204, *Verification of Worker's Compensation/Public Disability Benefit Information*, is used to obtain and verify information concerning a worker's compensation or a public disability benefit that is or will be paid by a public agency to a disabled railroad employee.

One response is requested of each respondent. Completion of the forms is required to obtain/retain a benefit.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (85 FR 62775 on October 5, 2020) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Information Collection Request (ICR)

Title: Application for Employee Annuity Under the Railroad Retirement Act.

OMB Control Number: 3220-0002.

Form(s) submitted: AA-1, AA-1cert, AA-1d, AA-1sum and G-204.

Type of request: Revision of a currently approved collection.

Affected public: Individuals or Households.

Abstract: The Railroad Retirement Act provides for payment of age, disability and supplemental annuities to qualified employees. The application and related forms obtain information about the applicant's family work history, military service, disability benefits from other government agencies and public or private pensions. The information is

used to determine entitlement to and the amount of the annuity applied for.

Changes proposed: The RRB proposes no changes to Form AA-1 and Form AA-1 (internet). The RRB propose a minor editorial change to Form AA-1d to change the date under Section 1 "General Instructions". The RRB propose the following change to Form G-204: Update the title in the Paperwork Reduction Act and Privacy Act Notices to Associate Chief Information Officer for Policy and Compliance.

The burden estimate for the ICR is as follows:

Form No.	Annual responses	Time (minutes)	Burden (hours)
AA-1 (without assistance)	35	62	36
AA-1cert (with assistance)	7,050	30	3,525
AA-1sum (with assistance)	2,415	29	1,166
AA-1 (Internet) (without assistance)	3,220	45	2,415
AA-1d (with assistance)	2,600	60	2,600
AA-1d (without assistance)	5	85	7
G-204	20	15	5
Total	15,345	9,754

2. Title and purpose of information collection: Certification of Termination of Service and Relinquishment of Rights; OMB 3220-0016.

Under Section 2(e)(2) of the Railroad Retirement Act (RRA) (45 U.S.C. 231a), an age and service annuity, spouse annuity, or divorced spouse annuity cannot be paid unless the Railroad Retirement Board (RRB) has evidence that the applicant has ceased railroad employment and relinquished rights to return to the service of a railroad employer. Under Section 2(f)(6) of the RRA, earnings deductions are required for each month an annuitant works in certain non-railroad employment termed Last Pre-Retirement Non-Railroad Employment.

Normally, the employee, spouse, or divorced spouse relinquishes rights and

certifies that employment has ended as part of the annuity application process. However, this is *not always* the case. In limited circumstances, the RRB utilizes Form G-88, *Certification of Termination of Service and Relinquishment of Rights*, to obtain an applicant's report of termination of employment and relinquishment of rights. One response is required of each respondent. Completion is required to obtain or retain benefits.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (85 FR 62776 on October 5, 2020) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Title: Certification of Termination of Service and Relinquishment of Rights.

OMB Control Number: 3220-0016.

Form(s) submitted: G-88.

Type of request: Extension without change of a currently approved collection.

Affected public: Individuals or Households.

Abstract: Under Section 2(e)(2) of the Railroad Retirement Act, the Railroad Retirement Board must have evidence that an annuitant for an age and service, spouse, or divorced spouse annuity has ceased railroad employment and relinquished their rights to return to the service of a railroad employer. The collection provides the means for obtaining this evidence.

Changes proposed: The RRB proposes no changes to Form G-88.

The burden estimate for the ICR is as follows:

Form No.	Annual responses	Time (minutes)	Burden (hours)
G-88	3,600	6	360

3. Title and Purpose of information collection: Statement of Authority to Act for Employee; OMB 3220-0034.

Under Section 5(a) of the Railroad Unemployment Insurance Act (RUIA) (45 U.S.C. 355), claims for benefits are to be made in accordance with such regulations as the Railroad Retirement Board (RRB) shall prescribe. The provisions for claiming sickness benefits

as provided by Section 2 of the RUIA are prescribed in 20 CFR 335.2. Included in these provisions is the RRB's acceptance of forms executed by someone else on behalf of an employee if the RRB is satisfied that the employee is sick or injured to the extent of being unable to sign forms.

The RRB utilizes Form SI-10, Statement of Authority to Act for

Employee, to provide the means for an individual to apply for authority to act on behalf of an incapacitated employee and also to obtain the information necessary to determine that the delegation should be made. Part I of the form is completed by the applicant for the authority and Part II is completed by the employee's doctor. One response is requested of each respondent.

Completion is required to obtain benefits.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (85 FR 62777 on October 5, 2020) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

4. Title and Purpose of information collection: Employee Non-Covered Service Pension Questionnaire; OMB 3220-0154

Section 215(a)(7) of the Social Security Act provides for a reduction in social security benefits based on employment not covered under the Social Security Act or the Railroad Retirement Act (RRA). This provision applies a different social security benefit formula to most workers who are first eligible after 1985 to both a pension based in whole or in part on non-covered employment and a social security retirement or disability benefit. There is a guarantee provision that limits the reduction in the social security benefit to one-half of the portion of the pension based on non-covered employment after 1956. Section 8011 of Public Law 100-647 changed the effective date of the onset from the first month of eligibility to the first month of concurrent entitlement to the non-covered service benefit and the RRA benefit.

Section 3(a)(1) of the RRA (45 U.S.C. 231b) provides that the Tier I benefit of an employee annuity shall be equal to the amount (before any reduction for age or deduction for work) the employee would receive if entitled to a like benefit under the Social Security Act. The

reduction for a non-covered service pension also applies to a Tier I portion of the employee annuity under the RRA when the annuity or non-covered service pension begins after 1985. Since the amount of a spouse's Tier I benefit is one-half of the employee's Tier I, the spouse annuity is also affected.

Form G-209, Employee Non-Covered Service Pension Questionnaire, is used by the RRB to obtain needed information (1) from a railroad employee who while completing Form AA-1, Application for Employee Annuity (OMB No. 3220-0002), indicates entitlement to or receipt of a pension based on employment not covered under the Railroad Retirement Act or the Social Security Act; or (2) from a railroad employee when an independently-entitled divorced spouse applicant believes the employee to be entitled to a non-covered service pension. However, this development is unnecessary if RRB records indicate the employee has 30 or more years of coverage; or (3) from an employee annuitant who becomes entitled to a pension based on employment not covered under the Railroad Retirement Act or the Social Security Act. One response is requested of each respondent. Completion is required to obtain or retain benefits.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (85 FR 62777 on October 5, 2020) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-90567; File No. SR-CboeBYX-2020-033]

Self-Regulatory Organizations; Cboe BYX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend its Fee Schedule To Remove Unused Routing-related Fee Codes

December 4, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”) ¹ and Rule 19b-4 thereunder, ² notice is hereby given that on December 1, 2020, Cboe BYX Exchange, Inc. (the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

Cboe BYX Exchange, Inc. (the “Exchange” or “BZX”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to amend the fee schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/equities/regulation/rule_filings/byx/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its fee schedule to remove unused routing-related fee codes, effective December 1, 2020.

The Exchange first notes that it operates in a highly-competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 16 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Exchange Act, to which market participants may direct their order flow. Based on publicly available information, ³ no single registered equities exchange has more than 16% of the market share. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. The Exchange in particular operates a “Taker-Maker” model whereby it pays credits to members that remove liquidity and assesses fees to those that add liquidity. The Exchange’s Fees Schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Particularly, for securities at or above \$1.00, the Exchange provides a standard rebate of \$0.00050 per share for orders that remove liquidity, assesses a fee of \$0.00200 per share for orders that add liquidity and assesses a standard fee of \$0.00300 for orders that are routed. For orders priced below \$1.00, the Exchange does not assess a fee or provide a rebate for orders that add liquidity, assesses a fee of 0.10% of total dollar value for orders that remove liquidity, and assesses a fee of 0.29% of total dollar value for orders that are routed. The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can shift order flow or

discontinue to reduce use of certain categories of products, in response to fee changes. Accordingly, competitive forces constrain the Exchange’s transaction fees, and market participants can readily trade on competing venues if they deem pricing levels at those other venues to be more favorable.

The Exchange assesses fees in connection with orders routed away to various exchanges. The Exchange proposes to eliminate several routing-related fee codes that have been unused for several years. Particularly, the Exchange proposes to eliminate the following fee codes:

- Fee Code 9, which is appended to orders routed to NYSE Arca and adds liquidity (Tapes A or C) and provides a rebate of \$0.00210 per share for securities priced at or above \$1.00 and are free for securities priced below \$1.00;
- Fee Code NB, which is appended to orders routed to any exchange not covered by Fee Code NA and adds non-displayed liquidity and assesses a fee of \$0.00300 per share for securities priced at or above \$1.00 and a fee of 0.30% of dollar value for securities priced below \$1.00;
- Fee Code R, which is appended to orders re-routed by NYSE using RDOT, RDOX or Post to Away routing strategy and assesses a fee of 0.00300 per share;
- Fee Code RA, which is appended to orders re-routed to EDGA and adds liquidity and assess a fee of 0.00300 per share for securities priced at or above \$1.00 and are free for securities priced below \$1.00; and
- Fee Code RB, which is appended to orders routed to Nasdaq BX and adds liquidity and assess a fee of 0.00200 per share for securities priced at or above \$1.00 and are free for securities priced below \$1.00.

As noted, above the Exchange has observed no volume in recent years in orders yielding fee codes 9, NB, R, RA and RB. The Exchange believes that, because no Members elect to route their orders that yield these fee codes, the current demand (or lack thereof) does not warrant the infrastructure and ongoing Systems maintenance required to support separate fee codes specifically applicable to these types of transactions. Therefore, the Exchange now proposes to delete fee codes 9, NB, R, RA and RB in the Fee Schedule. The Exchange notes that Members will continue to be able to choose to route their orders to any exchange covered by these fee codes and such orders will be automatically and uniformly assessed the current fees (or rebates) in place for routed orders, as applicable (e.g., the
