

**POLICIES AND PRACTICES FOR STORAGE OF RECORDS:**

We maintain records in this system in paper and electronic form.

**POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:**

We will retrieve records by the individual's name, SSN, as well as internal transaction identifiers (*e.g.*, transaction identification for the internet Claim application, transaction identification for an electronic online Direct Deposit change, etc.). Information from these retrieved records that matches across other agency systems of records will also create a linkage to retrieve those records, because the system is able to show key connections or overlaps based on similar information stored in different data sources at the agency.

**POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:**

These records are currently unclassified. We retain the records in accordance with NARA approved records schedules. In accordance with NARA rules codified at 36 CFR 1225.16, we maintain unclassified records until NARA approves an agency-specific records schedule or publishes a corresponding General Records Schedule.

**ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:**

We retain electronic and paper files containing personal identifiers in secure storage areas accessible only by our authorized employees who have a need for the information when performing their official duties. Security measures include, but are not limited to, the use of codes and profiles, personal identification number and password, and personal identification verification cards. We restrict access to specific correspondence within the system based on assigned roles and authorized users. We maintain electronic files with personal identifiers in secure storage areas. We will use audit mechanisms to record sensitive transactions as an additional measure to protect information from unauthorized disclosure or modification. We keep paper records in cabinets within secure areas, with access limited to only those employees who have an official need for access in order to perform their duties.

We annually provide our employees and contractors with appropriate security awareness training that includes reminders about the need to protect PII and the criminal penalties that apply to unauthorized access to, or disclosure of PII. *See* 5 U.S.C. 552a(i)(1). Furthermore, employees and contractors

with access to databases maintaining PII must annually sign a sanction document that acknowledges their accountability for inappropriately accessing or disclosing such information.

**RECORD ACCESS PROCEDURES:**

This system of records is exempt from the Privacy Act's access, contesting, and notification provisions stated below. However, individuals may submit requests for information about whether this system contains a record about them by submitting a written request to the system manager at the above address, which includes their name, SSN, or other information that may be in this system of records that will identify them. These procedures are in accordance with our regulations at 20 CFR 401.40 and 401.45.

**CONTESTING RECORD PROCEDURES:**

Same as record access procedures. Individuals should also reasonably identify the record, specify the information they are contesting, and state the corrective action sought and the reasons for the correction with supporting justification showing how the record is incomplete, untimely, inaccurate, or irrelevant.
