**A. Overview of Information Collection**

*Title of Information Collection:* Family Self-Sufficiency program (FSS) long-term follow-up survey.  
*OMB Approval Number:* 2506-New.  
*Type of Request:* New.  
*Form Number:* N/A  
*Description of the Need for the Information and Proposed Use:* In 2012, HUD commissioned the national Family Self-Sufficiency (FSS) Study. MDRC was selected to lead this evaluation. As part of the longer-term follow-up, which

HUD authorized in 2018—and extends through 2021, MDRC will conduct a long-term follow-up survey with a sample of individuals who enrolled in the study and were randomly assigned to a program group (offered the opportunity to enroll in FSS and receive services) or a control group. The survey will allow us to understand the FSS program’s long-term effects on indicators of economic self-sufficiency (employment and income, for example) and well-being (health, financial,

material, housing, for example). The survey will also provide an opportunity to understand the program participation experiences of FSS participants in the study who continue to be enrolled in FSS and those who exited for a variety of reasons, including graduation from FSS. No other comprehensive data source exists to provide the type of information that will be collected by this follow-up survey.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Cost
Total .....	1,300.00	1 .00	1,300.00	0.33 <sup>1</sup>	429.00	\$9.87 <sup>2</sup>	\$4,234.23 <sup>3</sup>

<sup>1</sup> Based on HUD feedback and suggestions on the instrument, the survey might run between 18–20 minutes, slightly longer than the 15-minute estimate in the Federal notice.

<sup>2</sup> To compute the hourly cost per response, MDRC used the weighted average state minimum wage of the 18 study sites, as of October 1, 2020. The state minimum wages were weighted by the number of study participants in each state. State minimum wage rates were found on the DOL website (<https://www.dol.gov/agencies/whd/minimum-wage>). The minimum wages in 7 states are: California (\$12.00), Florida (\$8.56), Maryland (\$11.00), Missouri (\$9.45), New Jersey (\$11.00), Ohio (\$7.25), and Texas (\$7.25).

<sup>3</sup> To compute the total estimated annual cost, the total estimated annual burden hours were multiplied by the hourly cost per response. The calculation assumes 429 total annual burden hours if all 1,300 study participants respond to the survey.
