This Notice informs the public of an application submitted by the Fry Fire District, Arizona, for a non-competitive sale and conveyance of the reversionary interests of public land in Cochise County for the District's Recreation and Public Purposes Act patent 02-85-0038, held since 1985, for a fire station.

The conveyance is requested by the Fry Fire District in order to commercially lease its facilities, which is currently prohibited under the Recreation and Public Purposes patent it holds. This would enable the Fry Fire District to commercially lease its facilities, including placement of infrastructure such as cell towers, generating revenue to support its firefighting and emergency medical services to the public.

Issuance of the document of conveyance, a new patent, is in accordance with the 1992 Safford District Resource Management Plan (DOI-BLM-AZ-G010-1992-RMP-EIS) and the 1994 Land Tenure Amendment to the Safford District Resource Management Plan (EA/Decision Record No. AZ-040-04-12). Conveyance of the reversionary interest in the land is consistent with applicable Federal and county land use plans and meets the needs of the community. The land is not required for any other Federal purpose. This disposal would not impede access to Federal lands used for recreation, as the Federal lands in the vicinity would continue to have public access.

Application Comments: Interested parties may submit comments regarding the specific use proposed in the application or any other factor not directly related to the sale of the reversionary interest. The BLM will review and determine the validity of any adverse comments. In the absence of any adverse comments, the decision will become final. The lands will not be offered for conveyance until a determination of significance and Decision Record have been signed for the completed Environmental Assessment DOI-BLM-AZ-A020-2020-0029-EA found at: <https://eplanning.blm.gov/eplanning-ui/project/2000251/510>.
