Draft Amendment to the Environmental Assessment/Habitat Conservation Plan Previously Associated With the 440-acre Schlumberger Property for Concordia University, Texas

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for public comments.

SUMMARY: Concordia University has applied to the U.S. Fish and Wildlife Service for an amended incidental take permit (ITP) under the Endangered Species Act. The requested amended ITP, if granted, would authorize incidental take of the Jollyville Plateau salamander, in addition to the already existing ITP for golden-cheeked warbler. The proposed incidental take would result from activities associated with otherwise lawful activities, including construction, operation, and maintenance of Concordia University, that result in water quality and habitat degradation. Under the National

Environmental Policy Act, we invite public comment on the draft environmental assessment on the proposed amended habitat conservation plan and application.

DATES: To ensure consideration, written comments must be received or postmarked on or before January 14, 2021. We may not consider any comments we receive after the closing date in the final decision on this action.

ADDRESSES: *Accessing Documents:*

Internet: The dEA and HCP: You may obtain electronic copies of these documents at <http://www.fws.gov/southwest/es/AustinTexas/>.

U.S. Mail: You may obtain the documents by writing to the following addresses. In your request for documents, please reference Concordia University HCP and ITP Amendment (TE827597-4).

- *DEA and HCP:* A limited number of CD-ROM and printed copies of the dEA and HCP are available, by request, from Mr. Jacob Ogdee; Austin Ecological Services Field Office; U.S. Fish and Wildlife Service; 10711 Burnet Road, Suite 200; Austin, TX 78758; telephone 512-490-0057; fax 512-490-0974.

- *ITP application:* The ITP application is available from the Assistant Regional Director—Ecological Services; U.S. Fish and Wildlife Service; P.O. Box 1306, Room 6034; Albuquerque, NM 87103; Attention: Environmental Review Branch.

Submitting Comments: Regarding any of the three documents available for review, you may submit written comments by one of the following methods. In your comments, please reference Concordia University HCP and ITP Amendment (TE-827597-4).

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), make available a draft environmental assessment (dEA) under the National Environmental Policy Act for the Habitat Conservation Plan for an Endangered Species Act Section 10(a)(1)(B) Incidental Take Permit for

the Golden-cheeked Warbler Previously Associated with the 440-acre Schlumberger Property to Include Incidental Take of the Jollyville Plateau Salamander Due to Activities Associated with the Construction, Operation, and Maintenance of Concordia University Texas, in Travis County, Texas. Concordia University applied for an amendment to their existing HCP and incidental take permit (ITP) under the Endangered Species Act (16 U.S.C. 1531 *et seq.*) that would add authorization for incidental take of the Jollyville Plateau salamander (*Eurycea tonkawae*) to the already permitted incidental take of golden-cheeked warbler (*Setophaga chrysoparia*). The dEA evaluates the impacts of, and alternatives to, implementation of the proposed HCP.

Background

Section 9 of the ESA (16 U.S.C. 1531 *et seq.*) and its implementing regulations prohibit the “take” of animal species listed as endangered or threatened. Take is defined under the ESA as to “harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect listed animal species, or to attempt to engage in such conduct” (16 U.S.C. 1538). However, under section 10(a) of the ESA, we may issue permits to authorize incidental take of listed species. “Incidental take” is defined by the ESA as take that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing such take of endangered and threatened species, respectively, are found in the Code of Federal Regulations at 50 CFR 17.22 and 50 CFR 17.32.

Alternatives

Proposed Action

The proposed action involves the issuance of an amended ITP by the Service for the covered activities in the permit area, under section 10(a)(1)(B) of the ESA. The ITP would cover “take” of the covered species associated with construction, operation, and maintenance of Concordia University within the permit area. An application for an ITP must include a HCP that describes the conservation measures the applicant has agreed to undertake to minimize and mitigate for the impacts of the proposed taking of covered species to the maximum extent practicable. The applicant will fully implement the HCP if approved by the Service. The terms of the HCP and ITP will also ensure that incidental take will not appreciably reduce the likelihood of
