This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection’s supporting statement and associated materials (see ADDRESSES).

CMS–10765 Review Choice Demonstration for Inpatient Rehabilitation Facility (IRF) Services

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection
1. Type of Information Collection Request: New collection (Request for a new OMB control number)
Title of Information Collection: Review Choice Demonstration for Inpatient Rehabilitation Facility (IRF) Services
Use: Section 402(a)(1)(J) of the Social Security Amendments of 1967 (42 U.S.C. 1395b–1(a)(1)(J)) authorizes the Secretary to “develop or demonstrate improved methods for the investigation and prosecution of fraud in the provision of care or services under the health programs established by the Social Security Act.” Pursuant to this authority, the CMS seeks to develop and implement a Medicare demonstration project, which CMS believes will help assist in developing improved procedures for the identification, investigation, and prosecution of Medicare fraud occurring among IRFs providing services to Medicare beneficiaries.
This demonstration will assist in developing improved procedures for the identification, investigation, and prosecution of potential Medicare fraud. The demonstration will ensure that payments for IRF services are appropriate through either pre-claim or postpayment review, thereby working towards the prevention and identification of potential fraud, waste, and abuse, as well as protecting the Medicare Trust Funds from improper payments while reducing Medicare appeals. CMS proposes implementing the demonstration in Alabama, then expand to Pennsylvania, Texas, and California. After the initial four states, CMS will expand the demonstration to include the IRFs in any state that bill to Medicare Administrative Contractor (MAC) jurisdictions JJ, JH, JI, and JE. Under this demonstration, CMS proposes to offer choices for providers to demonstrate their compliance with CMS’ IRF policies. Providers in the demonstration states may participate in either 100 percent pre-claim review, or 100 percent postpayment review. These providers will continue to be subject to the selected review method until the IRF reaches the target affirmation or claim approval rate (90 percent, based on a minimum of 10 pre-claim requests or claims submitted). Once an IRF reaches the target pre-claim review affirmation or postpayment review claim approval rate, it may choose to be relieved from claim reviews under the demonstration, except for a spot check of five percent of their claims to ensure continued compliance.

The information required under this collection is required by Medicare contractors to determine proper payment or if there is a suspicion of fraud. Under the pre-claim review choice, IRFs will submit pre-claim review request along with all required documentation to the Medicare contractor for review prior to submitting the final claim for payment. If a claim is submitted without a pre-claim review decision on file, the Medicare contractor will request the information from the IRF to determine if payment is appropriate. For the postpayment review option, the Medicare contractor will also request the information from the IRF provider who submitted the claim for payment. The Medicare program to determine if payment was appropriate. Form Number: CMS–10765 (OMB Control Number: 0938–NEW);
Frequency: Occasionally; Affected Public: Private Sector (Business or other for-profits and Not-for-profits); Number of Respondents: 526; Number of Responses: 179,910; Total Annual Hours: 89,955. (For questions regarding this collection contact Jaclyn Gray (410) 786–3744.)
