

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended, and the Tax Cuts and Jobs Act of 2017, which requires the Secretary of the Interior, acting through the Bureau of Land Management (BLM), to establish and administer a competitive oil and gas program for the leasing, development, production, and transportation of oil and gas in and from the Coastal Plain area within the Arctic National Wildlife Refuge (ANWR), the BLM, Arctic District Office, has prepared an Environmental Assessment (EA) and Draft Finding of No New Significant Impact (FONNSI) for proposed 3-dimensional seismic exploration in the Coastal Plain of the ANWR.

DATES: The BLM will accept comments concerning the adequacy of the analysis of the EA and the preliminary conclusions made in the Draft FONNSI. All comments must be received by December 30, 2020. Reviewers are encouraged to provide their comments in such a manner that they are useful to the agency's analysis. Therefore, comments should clearly articulate the reviewer's concerns and contentions.

ADDRESSES: Submit comments at the BLM ePlanning website (<https://eplanning.blm.gov/eplanning-ui/project/2003258/510>), or by mail or in person at the BLM Arctic District Office, Attn: Coastal Plain Seismic EA, 222 University Avenue, Fairbanks, Alaska 99709. Comments not transmitted in accordance with these instructions may not be considered.

FOR FURTHER INFORMATION CONTACT: Sarah LaMarr, Project Lead; by telephone, 907-474-2334; by email, slamarr@blm.gov; or by mail, at the address in the **ADDRESSES** section.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION:

The Tax Cuts and Jobs Act of 2017, Section 20001 of Public Law 115-97 (Dec. 22, 2017), requires the Secretary of the Interior, acting through the BLM, to establish and administer a competitive oil and gas program for the leasing, development, production, and transportation of oil and gas in and out of the Coastal Plain area within the ANWR. Kaktovik Iñupiat Corporation

(KIC) has requested authorization to conduct 3-dimensional seismic exploration on the eastern side of the Coastal Plain during the 2020/2021 winter season starting in January 2021, to acquire high-quality, high-resolution seismic data.

Seismic exploration would occur on approximately 352,400 acres around the community of Kaktovik, to include 92,000 acres of Kaktovik Iñupiat Corporation lands and approximately 260,400 acres of federally managed lands. Seismic exploration generates acoustic waves that are picked up by sensors as the waves travel through and bounce off subsurface formations. From this information, images can be created that show subsurface structure and formations including those areas of potential hydrocarbons.

Comments received in response to this notice, including names and addresses of those who comment, will be part of the public record for this proposed action.

Authority: 40 CFR 1506.6.

Chad B. Padgett,

State Director.

BILLING CODE 4310-JA-P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

Vineyard Wind LLC's Proposed Wind Energy Facility Offshore Massachusetts

AGENCY: Bureau of Ocean Energy Management, Department of the Interior.

ACTION: Notice.

SUMMARY: The preparation of an Environment Impact Statement (EIS) for the Construction and Operations Plan (COP) submitted by Vineyard Wind LLC (Vineyard Wind) concerning the construction and operation of an 800 megawatt wind energy facility offshore Massachusetts (Vineyard Wind 1 Project) is no longer necessary and the process is hereby terminated.

DATES: This termination takes effect immediately.

FOR FURTHER INFORMATION CONTACT: For further information, please contact: Michelle Morin, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787-1722 or michelle.morin@boem.gov.

SUPPLEMENTARY INFORMATION: In December 2017, Vineyard Wind submitted to BOEM a COP for the

Vineyard Wind 1 Project. On December 7, 2018, BOEM published a Draft EIS for the proposed Project. On June 12, 2020, BOEM published a Supplement to the Draft EIS in response to comments from the public and stakeholders requesting an expanded cumulative analysis and an analysis of fishing data previously unavailable to BOEM. A Final EIS was scheduled to be published in the **Federal Register** on December 11, 2020. However, by way of a letter dated December 1, 2020, Vineyard Wind withdrew the COP "from further review and decision-making by BOEM pursuant to 30 CFR 585.628" to conduct additional technical and logistical reviews associated with the inclusion of the General Electric Haliade-X wind turbine generator into the final project design. Vineyard Wind's December 1, 2020, letter for withdrawal of its COP was made "effectively immediately." Since the COP has been withdrawn from review and decision-making, there is no longer a proposal for a major federal action awaiting technical and environmental review, nor is there a decision pending before BOEM. See 42 U.S.C. 4332; 40 CFR 1500.1; 1508.1(q), (x). Thus, in light of Vineyard Wind's letter dated December 1, 2020, this notice advises the public that the preparation and completion of an EIS is no longer necessary, and the process is hereby terminated.

Authority: This Notice was prepared under National Environmental Policy Act, as amended (42 U.S.C. 4321 *et seq.*), and published in accordance with Council on Environmental Quality regulations (40 CFR parts 1500-1508), including sections 1503.1 and 1506.6.

William Yancey Brown,

Chief Environmental Officer, Bureau of Ocean Energy Management.

BILLING CODE 4310-MR-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-506 and 508 and 731-TA-1238-1243 (Review)]

Non-Oriented Electrical Steel From China, Germany, Japan, Korea, Sweden, and Taiwan

Determination

On the basis of the record¹ developed in the subject five-year reviews, the United States International Trade Commission ("Commission")

¹ The record is defined in § 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

determines, pursuant to the Tariff Act of 1930 (“the Act”), that revocation of the countervailing duty orders on non-oriented electrical steel from China and Taiwan and the antidumping duty orders on non-oriented electrical steel from China, Germany, Japan, Korea, Sweden, and Taiwan would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

Background

The Commission instituted these reviews on November 1, 2019 (84 FR 58743) and determined on February 4, 2020 that it would conduct full reviews (85 FR 8325, February 13, 2020). Notice of the scheduling of the Commission’s reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on June 2, 2020 (85 FR 33711). In light of the restrictions on access to the Commission building due to the COVID-19 pandemic, the Commission conducted its hearing through written testimony and video conference on October 8, 2020. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on December 10, 2020. The views of the Commission are contained in USITC Publication 5140 (December 2020), entitled *Non-Oriented Electrical Steel from China, Germany, Japan, Korea, Sweden, and Taiwan: Investigation Nos. 701-TA-506 and 508 and 731-TA-1238-1243 (Review)*.

By order of the Commission.

Issued: December 10, 2020.

Lisa Barton,

Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-653 and 731-TA-1527 (Final)]

Standard Steel Welded Wire Mesh From Mexico; Scheduling of the Final Phase of Countervailing Duty and Anti-Dumping Duty Investigations

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of the final phase of antidumping and countervailing duty investigation Nos. 701-TA-653 and 731-TA-1527 (Final) pursuant to the Tariff Act of 1930 (“the Act”) to determine whether an industry in the United States is materially injured or threatened with material injury, or the establishment of an industry in the United States is materially retarded, by reason of imports of standard steel welded wire mesh from Mexico, provided for in subheadings 7314.20.00 and 7314.39.00 of the Harmonized Tariff Schedule of the United States, preliminarily determined by the Department of Commerce (“Commerce”) to be subsidized. A determination from Commerce with respect to sales at less-than-fair-value is pending.

DATES: December 3, 2020.

FOR FURTHER INFORMATION CONTACT: Julie Duffy ((202) 708-2579), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these investigations may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Scope.—For purposes of these investigations, Commerce has defined the subject merchandise as covering uncoated standard welded steel reinforcement wire mesh (wire mesh) produced from smooth or deformed wire. Subject wire mesh is produced in square and rectangular grids of uniformly spaced steel wires that are welded at all intersections. Sizes are specified by combining the spacing of the wires in inches or millimeters and the wire cross-sectional area in hundredths of square inch or millimeters squared. Subject wire mesh may be packaged and sold in rolls or in sheets.

Subject wire mesh is currently produced to ASTM specification A1064/A1064M, which covers carbon-steel wire and welded wire reinforcement,

smooth and deformed, for concrete in the following seven styles:

1. 6x6 W1.4/W1.4 or D1.4/D1.4
2. 6x6 W2.1/W2.1 or D2.1/D2.1
3. 6x6 W2.9/W2.9 or D2.9/D2.9
4. 6x6 W4/W4 or D4/D4
5. 6x12 W4/W4 or D4/D4
6. 4x4 W2.9/W2.9 or D2.9/D2.9
7. 4x4 W4/W4 or D4/D4

Commerce’s written description of the scope is dispositive and appears in full in Appendix I of *Standard Steel Welded Wire Mesh From Mexico: Preliminary Affirmative Countervailing Duty Determination* (85 FR 78124, December 3, 2020).

Background.—The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)), as a result of affirmative preliminary determinations by Commerce that certain benefits which constitute subsidies within the meaning of § 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in Mexico of standard steel welded wire mesh, and that such products are being sold in the United States at less than fair value within the meaning of § 733 of the Act (19 U.S.C. 1673b). The investigations were requested in a petition filed on June 30, 2020, by Insteel Industries Inc., Mount Airy, North Carolina; Mid South Wire Company, Nashville, Tennessee; National Wire LLC, Conroe, Texas; Oklahoma Steel & Wire Co., Madill, Oklahoma; and Wire Mesh Corp., Houston, Texas.

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Participation in the investigations and public service list.—Persons, including industrial users of the subject merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the final phase of these investigations as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11 of the Commission’s rules, no later than 21 days prior to the hearing date specified in this notice. A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing
