SUPPLEMENTARY INFORMATION:

Title: Milk and Milk Products Surveys.

OMB Control Number: 0535–0020.

Expiration Date of Approval: June 30, 2021.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare and issue State and national estimates of crop and livestock production, prices and disposition as well as economic statistics, farm numbers, land values, on-farm pesticide usage, pest crop management practices, as well as the Census of Agriculture. The Milk and Milk Products Surveys obtain basic agricultural statistics on milk production and manufactured dairy products from farmers and processing plants throughout the nation. Data are gathered for milk production, dairy products, evaporated and condensed milk, manufactured dry milk, and manufactured whey products. Milk production and manufactured dairy products statistics are used by the U.S. Department of Agriculture (USDA) to help administer federal programs and by the dairy industry in planning, pricing, and projecting supplies of milk and milk products. Only minor changes are planned for the questionnaires and sample sizes. The Milk Production Survey will continue to be conducted quarterly (January, April, July, and October) and monthly estimates for the non-quarterly months will still be published for the total number of dairy cows, the number of cows milked, and the total milk produced. Estimates for the non-survey months will be generated by using a combination of administrative data, regression modeling, and historic data. In April 2012 NASS discontinued the collection of Dairy Product Prices. This data is now collected by the Agricultural Marketing Service (AMS) in compliance with the Mandatory Price Reporting Act of 2010, and the amended section 273(d) of the Agricultural Marketing Act of 1946.

Authority: Voluntary dairy information reporting is conducted under authority of 7 U.S.C. 2204(a).

Individually identifiable data collected under this authority are governed by section 1770 of the Food Security Act of 1985 (7 U.S.C. 2276), which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents.

Mandatory dairy product information reporting is based on the Agricultural Marketing Act of 1946, as amended by the Dairy Market Enhancement Act of 2000 and the Farm Security and Rural Development Act of 2002 (U.S.C. 1637–1637b). This program requires each manufacturer to report to USDA the price, quantity, and moisture content of dairy products sold and each entity storing dairy products to report information on the quantity of dairy products stored. Any manufacturer that processes, markets, or stores less than 1,000,000 pounds of dairy products per year is exempt. USDA is required to maintain information, statistics, or documents obtained under these Acts in a manner that ensures that confidentiality is preserved regarding the identity of persons and proprietary business information, subject to verification by the Agricultural Marketing Service (AMS) under Public Law 106–532. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3501, et seq.) and Office of Management and Budget regulations at 5 CFR part 1320. NASS also complies with OMB Implementation Guidance, “Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA),”

Estimate of Burden: Public reporting burden for this collection of information is estimated to average approximately 11 minutes per response. This average is based on the 7 different surveys in the information collection: 2 monthly, 4 quarterly, and 1 annual. The estimated total number of responses is 88,500 annually, with an average annual frequency of 4.37 responses per respondent. NASS will continue to use cover letters to explain the importance of the burden of the collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods. All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Kevin L. Barnes,
Associate Administrator.

Assistance provided to rural areas under this program may include the provision of loans and grants to rural MDOs for the provision of microloans to rural microenterprises and microentrepreneurs; provision of business-based training and technical assistance to rural microborrowers and potential microborrowers; and other such activities as deemed appropriate by the Secretary to ensure the development and ongoing success of rural microenterprises. Awards are made on a competitive basis using specific selection criteria contained in 7 CFR part 4280, subpart D.
C. Definition of Terms. The definitions applicable to this Notice are published at 7 CFR 4280.302.

The Agency will review, evaluate, and score applications received in response to this Notice based on the provisions found in 7 CFR part 4280, subpart D, and as indicated in this Notice. However, the Agency advises all interested parties that the applicant bears the burden in preparing and submitting an application in response to this Notice whether or not funding is appropriated for this program in FY 2021. Information required to be in the application is specified in 7 CFR 4280.315. For entities applying for program loan funds to become an RMAP microlender only, the following items are required: (1) Form RD 1910–11, “Applicant Certification Federal Collection Policies for Consumer or Commercial Debts;” (2) Demonstration that the applicant is eligible to apply for participation in this program; (3) Certification by the applicant that it cannot obtain sufficient credit elsewhere to fund the activities called for under this program with similar rates and terms; (4) Subsequent annual microlender technical assistance grants are subject to funding availability, in accordance with 7 CFR 4280.313(b)(2). Awards will be determined non-competitively based on Agency appropriations for the fiscal year. In addition, all MDOs who request Subsequent Annual Microlender Technical Assistance Grants must complete their reporting into the Lenders Interactive Network Connection (LINC) for the Federal fiscal quarter ending June 30, 2021. The deadline for reporting into LINC and requesting a TA grant is no later than 4:30 p.m. (local time) on July 31, 2021.

In addition to the requirements in 7 CFR 4280.310, applicants must not be delinquent on any Federal debt or otherwise disqualified from participation in this program to be eligible to apply. All other restrictions in this Notice will apply.

The Agency requires sufficient information to make an eligibility determination through application materials. Potential microlenders must provide evidence that: (1) Has demonstrated experience in the management of a revolving loan fund; or (2) Certifies that it, or its employees, have received education and training from a qualified microenterprise development training entity so that the applicant has the capacity to manage such a revolving loan fund; or (3) Is actively and successfully participating as an intermediary lender in good standing under the U.S. Small Business Administration (SBA) Microloan Program or other similar loan programs as determined by the Administrator. Subsequent to acceptance into the program, an attorney’s opinion will not be required unless the Agency determines significant changes to the microlender have occurred.

B. Cost Sharing or Matching. The Federal share of the eligible project cost of a microborrower’s project funded under this Notice shall not exceed 75 percent. The cost share requirement shall be met by the microlender in accordance with the requirements specified in 7 CFR 4280.311(d).

The MDO is required to provide a match of not less than 15 percent of the total amount of the grant in the form of matching funds, indirect costs, or in-kind goods or services.

C. Other Eligibility Requirements. Applications will only be accepted from eligible MDOs and will be awarded a program score in compliance with 7 CFR 4280.316. Eligible MDOs must score a minimum of 70 points out of 100 available points to be considered to receive an award. Awards for each Federal fiscal quarter will be based on ranking with the highest-ranking applications being funded first, subject to available funding.

None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

D. Completeness Eligibility. All applications must be submitted as a complete application, in one package. Applications will not be considered for funding if they do not provide sufficient information to determine eligibility or are unbound, not received in one package, are missing required elements or are otherwise not suitable for evaluation. Such applications will be withdrawn with notification provided to the applicant of such action.

Unless withdrawn by the applicant, completed applications that receive a score of at least 70 (the minimum required to be considered for funding), but have not yet been funded, will be retained by the Agency for consideration in subsequent reviews through a total of four consecutive quarterly reviews. Applications that remain unfunded after four quarterly reviews, including the initial quarter in which the application was competed, will not be considered further for an award. The applicant must submit a new application at that time if it desires further funding consideration.

D. Explanation of Dates: Applications must be in the USDA Rural Development State Office by the deadline dates and times as indicated above. If the due date falls on a Saturday, Sunday, or Federal holiday, the application is due the next business day.

V. Application Review Information

application will not be considered for funding. An application must receive at least 70 points to be considered for funding in the quarter in which it is scored and competing.

B. Review and Selection Process. The State Offices will review applications to determine if they are eligible for assistance based on requirements contained in 7 CFR part 4280, subpart D. If determined eligible, the application will be submitted to the National Office, where it will be reviewed and prioritized by ranking in highest to lowest score order with each application competing in that quarter. All eligible applications will be funded until funds have been exhausted for each funding cycle. Funding of projects is subject to the MDO’s satisfactory submission of the additional items required by that subpart and the USDA Rural Development Letter of Conditions.

VI. Award Administration Information

Applicants must comply with all applicable statutes and regulations before the award will be approved. Provided the application and eligibility requirements have not changed, an application not selected will be reconsidered for three subsequent funding competitions for a total of four competitions. If an application is withdrawn, it can be resubmitted and will be evaluated as a new application. Unsuccessful applications after four quarterly competitions will receive notification by mail, detailing why the application was unsuccessful.

B. Administrative and National Policy Requirements. Additional requirements that apply to MDOs selected for this program can be found in 7 CFR part 4280, subpart D. The USDA and the Agency have adopted the USDA grant regulations at 2 CFR chapter IV. SUPPLEMENTARY INFORMATION:

Background

On October 7, 2020, in response to a request by LNSK Greenhouse Agro, Commerce published a notice of initiation of changed circumstances review to consider whether LNSK Greenhouse Agro is the successor in interest to Greenhouse Agro. On October 6, 2020, we issued a supplemental questionnaire to LNSK Greenhouse Agro, to which we received a response on October 20, 2020.
