

generally range over large areas (see above). Therefore, it is most likely that the number of harbor seal takes is a small number. For all stocks, these are all likely conservative estimates of percent of stock taken because they assume all takes are of different individual animals which is likely not the case. Some individuals may return multiple times in a day, but PSOs would count them as separate takes if they cannot be individually identified.

Based on the analysis contained herein of the proposed activity (including the proposed mitigation and monitoring measures) and the anticipated take of marine mammals, NMFS preliminarily finds that small numbers of marine mammals will be taken relative to the population size of the affected species or stocks.

Unmitigable Adverse Impact Analysis and Determination

There are no relevant subsistence uses of the affected marine mammal stocks or species implicated by this action. Therefore, NMFS has determined that the total taking of affected species or stocks would not have an unmitigable adverse impact on the availability of such species or stocks for taking for subsistence purposes.

Endangered Species Act

Section 7(a)(2) of the ESA (16 U.S.C. 1531 *et seq.*) requires that each Federal agency insure that any action it authorizes, funds, or carries out is not likely to jeopardize the continued existence of any endangered or threatened species or result in the destruction or adverse modification of designated critical habitat. To ensure ESA compliance for the issuance of IHAs, NMFS consults internally, in this case with the West Coast Region Protected Resources Division Office, whenever we propose to authorize take for endangered or threatened species.

No incidental take of ESA-listed species is proposed for authorization or expected to result from this activity. Therefore, NMFS has determined that formal consultation under section 7 of the ESA is not required for this action.

Proposed Authorization

As a result of these preliminary determinations, NMFS proposes to issue an IHA to the WADOT to conduct the Purdy Bridge Rehabilitation project in Pierce, WA from July 16, 2021 through September 30, 2021, provided the previously mentioned mitigation, monitoring, and reporting requirements

are incorporated. A draft of the proposed IHA can be found at <https://www.fisheries.noaa.gov/permit/incidental-take-authorizations-under-marine-mammal-protection-act>.

Request for Public Comments

We request comment on our analyses, the proposed authorization, and any other aspect of this notice of proposed IHA for the proposed Purdy Bridge Rehabilitation project. We also request at this time comment on the potential renewal of this proposed IHA as described in the paragraph below. Please include with your comments any supporting data or literature citations to help inform decisions on the request for this IHA or a subsequent Renewal IHA.

On a case-by-case basis, NMFS may issue a one-time 1-year Renewal IHA following notice to the public providing an additional 15 days for public comments when (1) up to another year of identical, or nearly identical, activities as described in the Description of Proposed Activity section of this notice is planned or (2) the activities as described in the Description of Proposed Activity section of this notice would not be completed by the time the IHA expires and a Renewal would allow for completion of the activities beyond that described in the *Dates and Duration* section of this notice, provided all of the following conditions are met:

- A request for renewal is received no later than 60 days prior to the needed Renewal IHA effective date (recognizing that Renewal IHA expiration date cannot extend beyond one year from expiration of the initial IHA);
- The request for renewal must include the following:

(1) An explanation that the activities to be conducted under the requested Renewal IHA are identical to the activities analyzed under the initial IHA, are a subset of the activities, or include changes so minor (*e.g.*, reduction in pile size) that the changes do not affect the previous analyses, mitigation and monitoring requirements, or take estimates (with the exception of reducing the type or amount of take); and

(2) A preliminary monitoring report showing the results of the required monitoring to date and an explanation showing that the monitoring results do not indicate impacts of a scale or nature not previously analyzed or authorized; and

- Upon review of the request for Renewal, the status of the affected species or stocks, and any other

pertinent information, NMFS determines that there are no more than minor changes in the activities, the mitigation and monitoring measures will remain the same and appropriate, and the findings in the initial IHA remain valid.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information should be directed to the attention of Robert Berry, Manager, Patent and Trademark Resource Center Program, Office of the Chief Information Officer, United States Patent and Trademark Office, P.O. Box 1450, Alexandria, VA 22313-1450; by telephone at 571-272-7152; or by email at Robert.Berry@uspto.gov. Additional information about this information collection is also available at <http://www.reginfo.gov> under "Information Collection Review."

SUPPLEMENTARY INFORMATION:

I. Abstract

The Patent and Trademark Resource Center (PTRC) Program is authorized under the provision of 35 U.S.C. 2(a)(2), which provides that the United States Patent and Trademark Office (USPTO) shall be responsible for disseminating information with respect to patents and trademarks to the public. The PTRC Program is made up of public, state, and academic libraries. Each participating library designated as a PTRC must fulfill the following requirements: Assist the

public in the efficient use of patent and trademark information resources; provide free access to patent and trademark resources provided by the USPTO; and send representatives to attend the USPTO-hosted PTRC training seminars.

The USPTO seeks to collect information about the public's use of the PTRCs and training provided through the PTRC system. The PTRC Program requirements stipulate that all participating libraries must submit periodic metrics on the public's use of the PTRC's services and the public outreach efforts provided by the PTRCs. To facilitate this requirement, the USPTO electronically collects the metrics on a quarterly basis. This information collection enables the USPTO to see how current customers are being served by the PTRCs and ascertain what changes may be needed in the types of services and trainings the PTRCs should offer.

II. Method of Collection

The metrics will be submitted electronically to the USPTO.

III. Data

OMB Control Number: 0651-0068.

Forms: None.

Type of Review: Revision of a currently approved information collection.

Affected Public: Private Sector; State and Local Governments.

Estimated Number of Respondents: 90 respondents per year. The USPTO estimates that there will be up to 90 libraries reporting their metrics once per quarter, resulting in a total of 360 responses per year. This estimate includes possible growth in the PTRC program above the 83 libraries that are currently reporting.

Estimated Time per Response: The USPTO estimates that it will take the public approximately 30 minutes (0.5 hours) to complete a response, depending on the complexity of the particular item. This includes the time to gather the necessary information, create the documents, and submit the completed request to the USPTO.

Estimated Total Annual Respondent Burden Hours: 180 hours.

Estimated Total Annual Respondent Cost Burden: \$5,927.

TABLE 1—TOTAL HOURLY BURDEN FOR PRIVATE SECTOR RESPONDENTS

Item No.	Item	Estimated annual respondents	Estimated annual responses (year) (a)	Estimated time for response (hours) (b)	Estimated annual burden (hour/year) (c) (a) × (b) = (c)	Rate ¹ (\$/hour) (d)	Estimated annual respondent cost burden (e) (c) × (d) = (e)
1	PTRC Metrics	4	16	0.5 (30 minutes)	8	\$32.93	\$263
Total		4	16		8		263

TABLE 2—TOTAL HOURLY BURDEN FOR STATE, LOCAL, AND TRIBAL GOVERNMENT RESPONDENTS

Item No.	Item	Estimated annual respondents	Estimated annual responses (year) (a)	Estimated time for response (hours) (b)	Estimated annual burden (hour/year) (c) (a) × (b) = (c)	Rate ² (\$/hour) (d)	Estimated annual respondent cost burden (e) (c) × (d) = (e)
1	PTRC Metrics	86	344	0.5 (30 minutes)	172	\$32.93	\$5,664
Total		86	344		172		5,664

Estimated Total Annual Non-Hour Respondent Cost Burden: \$0. There are no filing fees, capital start-up, maintenance, operation, or postage costs associated with this information collection.

Respondent's Obligation: Required to obtain or retain benefits.

IV. Request for Comments

The USPTO is soliciting public comments to:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including

whether the information will have practical utility;

(b) Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information; including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected; and

(d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

All comments submitted in response to this notice are a matter of public record. USPTO will include or summarize each comment in the request to OMB to approve this information collection. Before including an address, phone number, email address, or other personal identifying information in a comment, be aware that the entire comment—including personal identifying information—may be made

publicly available at any time. While you may ask in your comment to withhold personal identifying information from public view, USPTO cannot guarantee that it will be able to do so.
