

Defendants will be required to implement a Record of Decision (“ROD”) issued by the Environmental Protection Agency (“EPA”) with respect to Operable Units 1 and 2 (“OU1” and “OU2”) of the Anniston PCB Site in Anniston, Alabama. The proposed Consent Decree requires the Defendants to finance and conduct the remedial design and remedial action (“RD/RA”), which includes remedial action for both soils and groundwater within OU1 and OU2. These two operable units are outside the plant site (OU3) and consist of both residential and non-residential properties. A previous RD/RA Consent Decree addressing certain properties within OU1 and OU2 identified by EPA as unauthorized waste disposal areas was entered into last year between the United States and MRC Holding Company. This proposed Consent Decree addresses the remainder of OU1 and OU2.

Notice of the Lodging of the proposed Consent Decree was originally published in the **Federal Register** on December 8, 2020. See 85 FR 70938–39, Dec. 8, 2020. Publication of the original notice opened a period of public comment for a period of thirty (30) days through January 7, 2021. The publication of the present notice extends the period for public comment on the proposed Consent Decree through February 6, 2021.

Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. Pharmacia, LLC and Solutia, Inc.*, and the D.J. Ref. No. 90–11–2–07135/1. All comments must be submitted no later than thirty (30) days after the publication date of this notice. ### **SUPPLEMENTARY INFORMATION:**

*Title:* DOL—Improving Customer Experience (OMB Circular A–11, Section 280 Implementation)

*Abstract:* A modern, streamlined and responsive customer experience means: raising government-wide customer experience to the average of the private sector service industry; developing indicators for high-impact Federal programs to monitor progress towards excellent customer experience and mature digital services; and providing the structure (including increasing transparency) and resources to ensure customer experience is a focal point for agency leadership.

This proposed information collection activity provides a means to garner customer and stakeholder feedback in an efficient, timely manner in accordance with the Administration’s commitment to improving customer service delivery as discussed in Section 280 of OMB Circular A–11 at <https://www.performance.gov/cx/a11-280.pdf>.

As discussed in OMB guidance, agencies should identify their highest-impact customer journeys (using customer volume, annual program cost, and/or knowledge of customer priority as weighting factors) and select touchpoints/transactions within those journeys to collect feedback.

These results will be used to improve the delivery of Federal services and programs. It will also provide government-wide data on customer experience that can be displayed on [www.performance.gov](https://www.performance.gov) to help build transparency and accountability of Federal programs to the customers they serve.

As a general matter, these information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

DOL will only submit collections if they meet the following criteria.

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours or burden-hours per respondent) and are low-cost for both

the respondents and the Federal Government;

- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered is intended to be used for general service improvement and program management purposes
- Upon agreement between OMB and the agency all or a subset of information may be released as part of A-11, Section 280 requirements only on [performance.gov](https://www.performance.gov). Summaries of customer research and user testing activities may be included in public-facing customer journey maps or summaries.
- Additional release of data must be done coordinated with OMB.

These collections will allow for ongoing, collaborative and actionable communications between the Agency, its customers and stakeholders, and OMB as it monitors agency compliance on Section 280. These responses will inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on services will be unavailable.

*Current Action:* New Collection of Information.

*Type of Review:* New.

*Affected Public:* Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

*Estimated Number of Respondents:* Below is a preliminary estimate of the aggregate burden hours for this new collection. DOL will provide refined estimates of burden in subsequent notices.

*Average Expected Annual Number of Activities:* Approximately five types of customer experience activities such as feedback surveys, focus groups, user testing, and interviews.

*Average Number of Respondents per Activity:* 1 response per respondent per activity.

*Annual Responses:* 2,001,550.

*Average Minutes per Response:* 2 minutes—60 minutes, dependent upon activity.

*Burden Hours:* DOL requests approximately 101,125 burden hours.

*Request for Comments:* Comments submitted in response to this notice will be summarized and/or included in the

request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

All written comments will be available for public inspection at [Regulations.gov](https://www.regulations.gov).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

## DEPARTMENT OF LABOR

### Mine Safety and Health Administration

[OMB Control No. 1219-0154]

#### Proposed Extension of Information Collection; Performance Reports for MSHA Grants

**AGENCY:** Mine Safety and Health Administration, Labor.

**ACTION:** Request for public comments.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce

paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Mine Safety and Health Administration (MSHA) is soliciting comments on the information collection for Performance Reports for MSHA Grants.

**DATES:** All comments must be received on or before February 16, 2021.

**ADDRESSES:** You may submit comment as follows. Please note that late, untimely filed comments will not be considered.

*Electronic Submissions:* Submit electronic comments in the following way:

- *Federal eRulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments for docket number MSHA-2020-0037. Comments submitted electronically, including attachments, to <https://www.regulations.gov> will be posted to the docket, with no changes. Because your comment will be made public, you are responsible for ensuring that your comment does not include any confidential information that you or a third party may not wish to be posted, such as your or anyone else's Social Security number or confidential business information.
- If you want to submit a comment with confidential information that you do not wish to be made available to the public, submit the comment as a written/paper submission.

*Written/Paper Submissions:* Submit written/paper submissions in the following way:

- *Mail/Hand Delivery:* Mail or visit DOL-MSHA, Office of Standards, Regulations, and Variances, 201 12th Street South, Suite 4E401, Arlington, VA 22202-5452.

- MSHA will post your comment as well as any attachments, except for information submitted and marked as confidential, in the docket at <https://www.regulations.gov>.
