The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Access to ACCESS is available to registered users at <http://access.trade.gov>. Scope of the Order

The scope of this order covers large liquid dielectric power transformers having a top power handling capacity greater than or equal to 60,000 kilovolt amperes (60 megavolt amperes), whether assembled or unassembled, complete or incomplete. The merchandise subject to the order is currently classified in the Harmonized Tariff Schedule of the United States at subheadings 8504.23.0040, 8504.23.0080 and 8504.90.9540. This tariff classification is provided for convenience and Customs purposes; however, the written description of the scope of the order is dispositive.⁵

Methodology

Commerce is conducting this review in accordance with section 751(a)(2) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Preliminary Determination of No Shipments

On October 23, 2019, LSIS Co., Ltd (LSIS) timely notified Commerce that it had no exports, sales, or entries of subject merchandise during the POR.⁶ Commerce issued a no shipment inquiry to U.S. Customs and Border Protection (CBP), and CBP found no evidence of shipments from LSIS during the POR.⁷ Thus, based on record evidence, we preliminarily determine that LSIS had no shipments during the POR. Consistent with Commerce's practice, we find that it is not appropriate to rescind the review with respect to LSIS but, rather, to complete the review and issue appropriate instructions to CBP based on the final results of this review.⁸

Preliminary Results of Successor-in-Interest Analysis

On May 8, 2020, LS Electric Co., Ltd. (LS Electric) requested that Commerce initiate a successor-in-interest changed circumstances review, and also requested that Commerce combine the notice of initiation of a changed circumstances review with the preliminary results of review.⁹ LS Electric stated that changed circumstances are sufficient to warrant such a review because LSIS had changed its name to LS Electric Co., Ltd., as of March 25, 2020.¹⁰

⁶ See Letter, "Large Power Transformers from the Republic of Korea: LSIS Co., Ltd.'s No Shipment Letter," dated October 23, 2019.

⁷ See Memorandum, "Large Power Transformers from the Republic of Korea; 2018–2019 Administrative Review: No Shipment Inquiry with Respect to LSIS," dated November 21, 2019.

¹⁰ *Id.* at 1–2.

We are not initiating a separate changed circumstances review, but instead, evaluating LS Electric's request as part of this administrative review. Based on our analysis of the information on the record, we preliminarily determine that LS Electric is the successor-in-interest to LSIS. See the Preliminary Decision Memorandum for further information.

Preliminary Results of Review

We preliminarily determine that, for the period August 1, 2018 through July 31, 2019, the following weighted-average dumping margins exist:

Producer/exporter	Weighted-average dumping margin (percent)
Hyosung Heavy Industries Corporation	52.75
Hyundai Electric & Energy Systems Co., Ltd	52.75
Iljin Electric Co., Ltd	52.75
Iljin	52.75

Assessment Rates

Upon completion of this administrative review, Commerce shall determine, and Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. If a respondent's weighted-average dumping margin is not zero or *de minimis* in the final results of this review and the respondent reported reliable entered values, we will calculate importer-specific *ad valorem* assessment rates for the merchandise based on the ratio of the total amount of dumping calculated for the examined sales made during the POR to each importer to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1). If the respondent has not reported reliable entered values, we will calculate a per-unit assessment rate for each importer by dividing the total amount of dumping for the examined sales made during the POR to that importer by the total sales quantity associated with those transactions. Where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries, without regard to antidumping duties, in accordance with 19 CFR 351.106(c)(2). If the respondent's weighted-average dumping margin is zero or *de minimis* in the final results of review, we will instruct CBP not to assess duties on any of its entries in accordance with the *Final Modification for Reviews*, i.e., “{w}here the weighted-average margin of dumping for the exporter is determined

to be zero or *de minimis*, no antidumping duties will be assessed.”¹⁸

Regarding entries of subject merchandise during the POR that were produced by Hyosung and for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate un-reviewed entries at the all-others rate of 22.00 percent, as established in the less-than-fair-value investigation of the order, if there is no rate for the intermediate company(ies) involved in the transaction.¹⁹ For a full discussion of this matter, see *Assessment Policy Notice*.²⁰

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Hyosung and other companies listed above will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which they were reviewed; (3) if the exporter is not a firm covered in this review, a prior review, or in the investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate of 22.00 percent, the rate established in the investigation of this proceeding.²¹ These cash deposit

requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 14, 2020.

Assistant Secretary for Enforcement and Compliance.
