SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000 (NPATMA), enacted on April 5, 2000, as Public Law 106-181, required the establishment of the NPOAG within one year after its enactment. The Act requires that the NPOAG be a balanced group of representatives of general aviation, commercial air tour operations, environmental concerns, and Native American tribes. The Administrator of the FAA and the Director of NPS (or their designees) serve as ex officio members of the group. Representatives of the Administrator and Director serve alternating 1-year terms as chairperson of the advisory group.

The duties of the NPOAG include providing advice, information, and recommendations to the FAA Administrator and the NPS Director on: implementation of Public Law 106-181; quiet aircraft technology; other measures that might accommodate interests to visitors of national parks; and at the request of the Administrator and the Director, on safety, environmental, and other issues related to commercial air tour operations over national parks or tribal lands.

Agenda for the January 22, 2021 NPOAG Meeting

The agenda for the meeting will be posted on the NPOAG website (https://www.faa.gov/about/office_org/headquarters_offices/arc/programs/air_tour_management_plan/parks_overflights_group/) one week prior to the meeting and focus primarily on

current FAA and NPS work to prepare air tour management plans at 23 parks nationwide as a result of a recent court order.

[Docket No. MARAD-2019-0093]

Deepwater Port License Application: Texas GulfLink LLC; Extension of Draft Environmental Impact Statement Comment Period

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Notice of extension of the Draft Environmental Impact Statement comment period.

SUMMARY: By **Federal Register** notice of Friday, November 27, 2020, titled *Notice of Availability; Notice of Virtual Public Meetings; Request for Comments*, the Maritime Administration (MARAD), in coordination with the U.S. Coast Guard (USCG), announced the availability of the Draft Environmental Impact Statement (DEIS) for the Texas GulfLink LLC (GulfLink) deepwater port license application for the export of crude oil from the United States to nations abroad. Publication of this notice announced a 45-day comment period, requested public participation in the environmental impact review process, provided information on how to participate in the environmental impact review process, and announced the two virtual public meetings and an informational open house website for the DEIS.

The notice advised that the comment period for Texas GulfLink would end on January 11, 2021. MARAD and USCG have determined that an extension of the public comment period to January 22, 2021 for the GulfLink application is necessary to allow the public and interested parties a full 45 days to review the application and provide written feedback to the agencies. This extension is due to delays in getting the DEIS fully posted on the project's docket at www.regulations.gov. This notice announces the extension of the

comment period and new comment period end date.

DATES: Comments or related material on the Texas GulfLink deepwater port license application must be received by January 22, 2021.
