A. The licensee’s authorization to export EURATOM-obligated material to the U.K. is suspended, and such exports are prohibited, until the licensee receives notice from the NRC that the United States Government has obtained EURATOM’s pre-approval, pursuant to the U.S./EURATOM 123 Agreement, to retransfer EURATOM-obligated material to the U.K. When the licensee receives such notice from the NRC, this provision of the Order will expire without any further action by the NRC.

B. The licensee’s authorization to export Canadian-obligated material to the U.K. is suspended, and such exports are prohibited, until the licensee receives notice from the NRC that the United States Government has obtained Canada’s approval, pursuant to the U.S./Canada 123 Agreement, to retransfer Canadian-obligated material to the U.K. When the licensee receives such notice from the NRC, this provision of the Order will expire without any further action by the NRC.

The NRC finds that this action is required by operation of law and the common defense and security of the United States. Therefore, in accordance with 10 CFR 110.52(c), the licensee need not be afforded an opportunity to reply and be heard prior to issuance of this Order.

SUPPLEMENTARY INFORMATION: Section 4007 of title IV of the Employee Retirement Income Security Act of 1974 (ERISA) requires pension plans covered under title IV pension insurance programs to pay premiums to PBGC. All plans covered by title IV pay a flat-rate per-participant premium. An underfunded single-employer plan also pays a variable-rate premium based on the value of the plan’s unfunded vested benefits.

Pursuant to section 4007, PBGC has issued its regulation on Payment of Premiums (29 CFR part 4007). Under § 4007.3 of the premium payment regulation, the plan administrator of each pension plan covered by title IV of ERISA is required to file a premium payment and information prescribed by PBGC for each premium payment year. Premium information is filed electronically using “My Plan Administration Account” (“My PAA”) through PBGC’s website. Under § 4007.10 of the premium payment regulation, plan administrators are required to retain records about premiums and information submitted in premium filings.

Premium filings report (i) the flat-rate premium and related data (all plans), (ii) the variable-rate premium and related data (single-employer plans), and (iii) additional data such as identifying information and miscellaneous plan-related or filing-related data (all plans).

PBGC needs this information to identify the plans for which premiums are paid, to verify whether the amounts paid are correct, to help PBGC determine the magnitude of its exposure in the event of plan termination, to help track the creation of new plans and transfer of participants and plan assets and liabilities among plans, and to keep PBGC’s insured-plan inventory up to date. That information and the retained records are also needed for audit purposes.

PBGC intends to modify the 2021 premium filing to require certain plans that transferred assets to another plan (or received assets from another plan) at the beginning of the plan year to report additional information about the transfer. More specifically, such plans will be required to report whether the transfer was de minimis and, in the case of a de minimis merger, whether the transferee plan had fewer assets than the transferor plan. This information is necessary to verify that the date reported as the “participant count date” (i.e., the date as of which participants are counted for premium purposes) is correct.

PBGC also intends to update the premium rates and make conforming, clarifying, and editorial changes. One such change, to conform with the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019, is adding the option of “CSEC
