

necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. *Performance Measures:* For the purposes of the Government Performance and Results Act of 1993 (GPRA), and reporting under 34 CFR 75.110, the Department has established four performance measures for the AIVRS program. The measures are:

(a) Of all those exiting the program, the percentage of individuals who leave the program with an employment outcome after receiving services under an individualized plan for employment (IPE).

(b)(1) The percentage of individuals who leave the program with an employment outcome after receiving services under an IPE.

(2) The percentage of individuals who leave the program without an employment outcome after receiving services under an IPE.

(3) The percentage of individuals who have not left the program and are continuing to receive services under an IPE.

(c) The percentage of projects that demonstrate an average annual cost per employment outcome of no more than \$35,000.

(d) The percentage of projects that demonstrate an average annual cost of services per participant of no more than \$10,000.

Each grantee must annually report the data needed to measure its performance on the GPRA measures through the Annual Performance Reporting Form (APR Form) for the AIVRS program.

Note: For purposes of this section, the term “employment outcome” means, with respect to an individual, (a) entering or retaining full-time or, if appropriate, part-time competitive employment in the integrated labor market; (b) satisfying the vocational outcome of supported employment; or (c) satisfying any other vocational

outcome the Secretary of Education may determine to be appropriate (including satisfying the vocational outcome of customized employment, self-employment, telecommuting, or business ownership). (Section 7(11) of the Rehabilitation Act (29 U.S.C. 705(11)).

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Other Information

Accessible Format: On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document and a copy of the application package in an accessible format.

The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotope, or compact disc, or other accessible format.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at: www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit

your search to documents published by the Department.

Mark Schultz,

Delegated the Authority to Perform the Functions and Duties of the Assistant Secretary for the Office of Special Education and Rehabilitative Services.

BILLING CODE 4000–01–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2020–SCC–0197]

Agency Information Collection Activities; Comment Request; Annual Report on Appeals Process (RSA–722)

AGENCY: Office of Special Education and Rehabilitation Services (OSERS), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, ED is proposing an extension without change to a currently approved collection.

DATES: Interested persons are invited to submit comments on or before February 22, 2021.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2020–SCC–0197. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W208D, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Caneshia McAlister, 202–245–6059.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork

Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records..

Title of Collection: Annual Report on Appeals Process (RSA-722).

OMB Control Number: 1820-0563.

Type of Review: An extension without change of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 78.

Total Estimated Number of Annual Burden Hours: 156.

Abstract: Pursuant to Subsection 102(c)(8)(A) and (B) of the Rehabilitation Act of 1973, as amended by Title IV of the Workforce Innovation and Opportunity Act, the RSA-722 is needed to meet specific data collection requirements on the number of requests for mediations, hearings, administrative reviews, and other methods of dispute resolution requested and the manner in which they were resolved. The information collected is used to evaluate the types of complaints made by applicants and eligible individuals of the vocational rehabilitation program and the final resolution of appeals filed. Respondents are State agencies that administer the Federal/State Program for Vocational Rehabilitation.

Dated: December 18, 2020.

Kate Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Posting of the Presidential Policy Directive 6 (Space Policy), "National Strategy for Space Nuclear Power and Propulsion"

AGENCY: Office of the Secretary, Department of Energy.

ACTION: Notice.

SUMMARY: Presidential Policy Directive 6 (Space Policy) directs implementation of the National Strategy for Space Nuclear Power and Propulsion. The Secretary is authorized and directed to publish the Memorandum in the **Federal Register**.

DATES: Presidential Policy Directive 6 was signed on December 16, 2020.

FOR FURTHER INFORMATION CONTACT: For further information about this Notice, please contact Ms. Tracey Bishop, Deputy Assistant Secretary for Nuclear Infrastructure Programs, U.S. Department of Energy, 19901 Germantown Road, Germantown, MD 20874; phone: 301-903-5543; email to: Tracey.Bishop@nuclear.energy.gov.

SUPPLEMENTARY INFORMATION:

Presidential Policy Directive Memorandum: National Strategy for Space Nuclear Power and Propulsion.

Memorandum for: The Vice President; The Secretary of State; The Secretary of Defense; The Secretary of Commerce; The Secretary of Transportation; The Secretary of Energy; The Director of the Office of Management and Budget; The Assistant to the President for National Security Affairs; The Administrator of the National Aeronautics and Space Administration; The Chairman of the Nuclear Regulatory Commission; The Director of the Office of Science and Technology Policy.

Section 1. Policy. The ability to use space nuclear power and propulsion (SNPP) systems safely, securely, and sustainably is vital to maintaining and advancing United States dominance and strategic leadership in space. SNPP systems include radioisotope power systems (RPSs) and fission reactors used for power or propulsion in spacecraft, rovers, and other surface elements. SNPP systems can allow operation of such elements in environments in

which solar and chemical power are inadequate. They can produce more power at lower mass and volume compared to other energy sources, thereby enabling persistent presence and operations. SNPP systems also can shorten transit times for crewed and robotic spacecraft, thereby reducing radiation exposure in harsh space environments.

National Security Presidential Memorandum-20 (NSPM-20) of August 20, 2019 (Launch of Spacecraft Containing Space Nuclear Systems), updated the process for launches of spacecraft containing space nuclear systems. It established it as the policy of the United States to "develop and use space nuclear systems when such systems safely enable or enhance space exploration or operational capabilities."

Cooperation with commercial and international partners is critical to achieving America's objectives for space exploration. Presidential Policy Directive 4 of June 28, 2010 (National Space Policy), as amended by the Presidential Memorandum of December 11, 2017 (Reinvigorating America's Human Space Exploration Program), established it as the policy of the United States to "[l]ead an innovative and sustainable program of exploration with commercial and international partners to enable human expansion across the solar system and to bring back to Earth new knowledge and opportunities."

This memorandum establishes a national strategy to ensure the development and use of SNPP systems when appropriate to enable and achieve the scientific, exploration, national security, and commercial objectives of the United States. In the context of this strategy only, the term "development" includes the full development process from design through testing and production, and the term "use" includes launch, operation, and disposition. This memorandum outlines high-level policy goals and a supporting roadmap that will advance the ability of the United States to use SNPP systems safely, securely, and sustainably. The execution of this strategy will be subject to relevant budgetary and regulatory processes and to the availability of appropriations.

Section 2. Goals. The United States will pursue goals for SNPP development and use that are both mission-enabling and ambitious in their substance and their timeline. These goals will enable a range of existing and future space missions, with the aim of accelerating achievement of key milestones, including in-space demonstration and use of new SNPP capabilities. This
