

NOES is subject to the *Orders* whether it is fully processed (*i.e.*, fully annealed to develop final magnetic properties) or semi-processed (*i.e.*, finished to final thickness and physical form but not fully annealed to develop final magnetic properties). Fully processed NOES is typically made to the requirements of ASTM specification A 677, Japanese Industrial Standards (JIS) specification C 2552, and/or International Electrotechnical Commission (IEC) specification 60404–8–4. Semi-processed NOES is typically made to the requirements of ASTM specification A 683. However, the scope of the *Orders* is not limited to merchandise meeting the ASTM, JIS, and IEC specifications noted immediately above.

NOES is sometimes referred to as cold-rolled non-oriented (CRNO), non-grain oriented (NGO), non-oriented (NO), or cold-rolled non-grain oriented (CRNGO) electrical steel. These terms are interchangeable.

Excluded from the scope of the *Orders* are flat-rolled products not in coils that, prior to importation into the United States, have been cut to a shape and undergone all punching, coating, or other operations necessary for classification in Chapter 85 of the Harmonized Tariff Schedule of the United States (HTSUS) as a part (*i.e.*, lamination) for use in a device such as a motor, generator, or transformer.

The subject merchandise is provided for in subheadings 7225.19.0000, 7226.19.1000, and 7226.19.9000 of the HTSUS. Subject merchandise may also be entered under subheadings 7225.50.8085, 7225.99.0090, 7226.92.5000, 7226.92.7050, 7226.92.8050, 7226.99.0180 of the HTSUS. Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to a continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act

and 19 CFR 351.218(c)(2), Commerce intends to initiate the next sunset review of the *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Notification to Interested Parties

These five-year sunset reviews and this notice are in accordance with section 751(c) and of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: December 17, 2020.

Certain Frozen Warmwater Shrimp from the People’s Republic of China: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that Shantou Red Garden Food Processing Co., Ltd. (Shantou RGFP) is not the successor in interest to Red Garden Food Processing Co., Ltd. Additionally, we find that that Shantou RGFP and Shantou Red Garden Foodstuff Co., Ltd. (collectively, Shantou Red Garden Foods) made sales of certain frozen warmwater shrimp (shrimp) from the People’s Republic of China (China) at less than normal value during the period of review (POR) February 1, 2018 through January 31, 2019.

DATES: Applicable December 23, 2020.

SUPPLEMENTARY INFORMATION:

Background

24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days.² On July 21, 2020, Commerce tolled all deadlines in administrative reviews by an additional 60 days.³ Commerce extended the deadline for the final results further by 60 days on October 2, 2020.⁴ The deadline for the final results of this review is now December 21, 2020. For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁵

Scope of the Order⁶

The scope of the *Order* includes certain frozen warmwater shrimp and prawns, whether wild caught (ocean harvested) or farm raised (produced by aquaculture), head on or head off, shell on or peeled, tail on or tail off, deveined or not deveined, cooked or raw, or otherwise processed in frozen form. For a full description of the scope, see the Issues and Decision Memorandum.

Affiliation and Single Entity Determination

On April 29, 2020, Commerce preliminarily found that Shantou RGFP and Shantou Red Garden Foodstuff Co., Ltd. are affiliated pursuant to section 771(33) of the Tariff Act of 1930, as amended (the Act) and should be treated as a single entity for purposes of this antidumping duty proceeding pursuant to 19 CFR 351.401(f).⁷ No interested party commented on this treatment of Shantou Red Garden Foods, and this finding remains unchanged for these final results.

Final Determination of No Shipments

In the *Preliminary Results*, we found no evidence calling into question the no-shipment claims of the following companies: (1) Allied Pacific Aquatic Products (Zhanjiang) Co., Ltd.; (2) Allied Pacific Food (Dalian) Co., Ltd.; and (3) Allied Pacific (HK) Co., Ltd. No parties commented on this preliminary decision. For the final results of this review, we continue to find that these companies had no shipments of subject merchandise to the United States during the POR.

Changes Since the *Preliminary Results*

After evaluating the comments received from interested parties and record information, we have made two changes to the *Preliminary Results*. First, we have elected to use Shantou Red Garden Foods' most recently-submitted factors of production (FOP) database in calculating its final weighted-average dumping margin. Second, we have determined that the use of partial adverse facts available (AFA), pursuant to sections 776(a)–(b) of the Act, is appropriate when determining the weighted-average distance of shrimp suppliers to Shantou Red Garden Foods' factory. For a more detailed discussion of these changes, see the Final Analysis Memorandum.⁸

⁷ See Memorandum, "Affiliation and Collapsing of Shantou Red Garden Food Processing Co., Ltd. with Shantou Red Garden Foodstuff Co., Ltd.," dated April 29, 2020.

⁸ See Memorandum, "Final Analysis Memorandum for Shantou Red Garden Food Processing Co., Ltd. and Shantou Red Garden Foodstuff Co., Ltd.," dated concurrently with, and hereby adopted by, this notice (Final Analysis Memorandum).

Separate Rate

In the *Preliminary Results*, we found that information placed on the record by Shantou Red Garden Foods demonstrated that this entity is entitled to separate rate status, which we preliminarily granted.⁹ The American Shrimp Processors Association (ASPA) argued that Shantou Red Garden Foods failed to fully cooperate in responding to Commerce's questions regarding its ownership, control, and history, and that, as a result, Commerce should find that Shantou Red Garden Foods' information is unreliable, rendering it ineligible for a separate rate.¹⁰ For the final results, we continue to find that Shantou Red Garden Foods is eligible for a separate rate. For a more detailed discussion of this issue, see Issues and Decision Memorandum.

Final Results of the Review

Commerce determines that the following weighted-average dumping margin exists for the period February 1, 2018 through January 31, 2019:

Exporter	Weighted-average dumping margin (percent)
Shantou Red Garden Food Processing Co., Ltd./Shantou Red Garden Foodstuff Co., Ltd	58.96

China-Wide Entity

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.¹¹ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, the entity is not under review and the entity's rate (*i.e.*, 112.81 percent) is not subject to change.¹²

Aside from the no-shipment and separate rate companies discussed above, Commerce considers all other companies for which a review was requested (none of which filed a

separate rate application) to be part of the China-wide entity.¹³ This includes Shantou Yuexing Enterprise Company, a company that is under review that had previously been granted a separate rate¹⁴ but that failed to submit either a no shipment certification or a separate rate certification in this review. No parties commented on this preliminary decision. For the final results of this review, we continue to find that these companies (identified in Appendix II) should be treated as part of the China-wide entity.

Assessment Rates

Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). In accordance with 19 CFR 351.212(b)(1), we have calculated importer-specific assessment rates for merchandise subject to this review. We calculated importer (or customer)-specific assessment rates for merchandise subject to this review on a per-unit (*i.e.*, per-kilogram) basis. Specifically, we calculated a per-unit assessment rate by aggregating the antidumping duties due for all U.S. sales to that importer (or customer) and divided this amount by the total quantity sold to that importer (or customer) during the POR. To determine whether the duty assessment rates are *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we calculate importer- (or customer-) specific *ad valorem* ratios based on the estimated entered value. If an importer (or customer)-specific assessment rate is *de minimis* (*i.e.*, less than 0.50 percent), Commerce will instruct CBP to liquidate that importer's (or customer's) entries of subject merchandise without regard to antidumping duties.

For entries that were not reported in the U.S. sales data submitted by Shantou Red Garden Foods during this review, Commerce will instruct CBP to

¹³ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 84 FR 18777, 18777–78, (May 2, 2019) ("All firms listed below that wish to qualify for separate rate status in the administrative reviews involving {non-market economy} countries must complete, as appropriate, either a separate rate application or certification, as described below"). Companies that are subject to this administrative review that are considered to be part of the China-wide entity are identified in Appendix II.

liquidate such entries at the rate for the China-wide entity.¹⁵

Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review in the **Federal Register**.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For Shantou Red Garden Foods, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate published for the completed segment of the most recent period; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (this includes Shantou Yuexing Enterprise Company); and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Orders

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary

information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(1).

Dioctyl Terephthalate From the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Hanwha Chemical Corporation (Hanwha Chemical) made sales of subject merchandise at less than normal value (NV) during the August 1, 2018 through July 31, 2019 period of review (POR). Commerce preliminarily determines that sales of subject merchandise have not been made below NV by Aekyung Petrochemical Co., Ltd. (AKP) and LG Chem Ltd. (LG Chem) during the POR. Interested parties are invited to comment on these preliminary results of review.

DATES: Applicable December 23, 2020.

FOR FURTHER INFORMATION CONTACT: Laurel LaCivita or Patrick Barton, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4243 or (202) 482-0012, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 7, 2019, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), Commerce initiated an administrative review of the antidumping duty (AD) order on dioctyl terephthalate (DOTP) from the Republic of Korea (Korea), covering three companies: AKP, Hanwha Chemical, and LG Chem.¹ Hanwha Chemical informed Commerce that it would not

be participating in the review on January 3, 2020.²

On April 21, 2020, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), Commerce extended the preliminary results deadline by 118 days.³ On April 24, 2020, Commerce tolled all deadlines in administrative reviews by 50 days.⁴ On July 21, 2020, Commerce tolled all deadlines in administrative reviews by an additional 60 days.⁵ The deadline for these preliminary results is now December 16, 2020.

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁶

Scope of the Order

The merchandise covered by this order is DOTP, regardless of form. DOTP that has been blended with other products is included within this scope when such blends include constituent parts that have not been chemically reacted with each other to produce a different product. For such blends, only the DOTP component of the mixture is covered by the scope of this order. Subject merchandise is currently classified under subheading 2917.39.2000 of the Harmonized Tariff Schedule of the United States (HTSUS). Subject merchandise may also enter under subheadings 2917.39.7000 or 3812.20.1000 of the HTSUS. While the Chemical Abstract Service (CAS) registry number and HTSUS classification are provided for convenience and customs purposes, the written description of the scope of this order is dispositive. See the Preliminary Decision Memorandum for a full description of the scope of the order.

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B)

and (2) of the Act. We calculated export price and constructed export price in accordance with section 772 of the Act. We calculated NV in accordance with section 773 of the Act. For a full description of the methodology underlying our calculations, see the Preliminary Decision Memorandum.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content. A list of the topics discussed in the Preliminary Decision Memorandum is attached as the Appendix to this notice.

Application of Facts Available with Adverse Inferences

Pursuant to section 776(a) of the Act, Commerce is preliminarily relying upon facts otherwise available to determine a weighted-average dumping margin for Hanwha Chemical in this review. Commerce preliminarily finds that necessary information is not available on the record, and that Hanwha Chemical withheld information requested by Commerce, failed to provide the requested information in the form and manner requested, and significantly impeded the proceeding, warranting a determination on the basis of the facts available under section 776(a) of the Act. Further, Commerce preliminarily determines that Hanwha Chemical failed to cooperate to the best of its ability, and thus, Commerce is applying facts available with adverse inferences (AFA) to Hanwha Chemical, in accordance with section 776(b) of the Act. For a full description of the methodology underlying our conclusions regarding the application of AFA, see the Preliminary Decision Memorandum.

Preliminary Results of the Review

As a result of this review, we preliminarily determine the following weighted-average dumping margins for the period August 1, 2018 through July 31, 2019:

Exporter or producer	Weighted-average dumping margin (percent)
Aekyung Petrochemical Co., Ltd	0.00

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 84 FR 53411 (October 7, 2019) (*Initiation Notice*).
