L. 115–232) under lease acquisitions and commercial solution openings. This section prohibits agencies from procuring, obtaining, extending or renewing a contract with contractors that will provide or use covered telecommunication equipment or services as a substantial or essential component of any system, or as a critical technology as part of any system on or after August 13, 2020 unless an exception applies.

This requirement is implemented in the Federal Acquisition Regulation (FAR) through the provision at FAR 52.204–24, Representation Regarding Certain Telecommunications and Video Surveillance Services or Equipment and the clause at FAR 52.204–25, Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment. FAR 52.204–24 requires an offer or to represent whether they will provide or whether they will use any covered telecommunications equipment or services and if so, describe in more detail the use of the covered telecommunications equipment or services; and

FAR 52.204–25 requires contractors to report covered telecommunications equipment, systems and services identified during performance of a contract.

GSA requested approval of this information collection in order to implement the law. The information will be used by agency personnel to identify and remove prohibited equipment, systems, or services from Government use. *KR.20 Function.*

A. The Office of the Director is directly responsible to the Assistant Secretary for Children and Families for carrying out ORR's mission and providing guidance and general supervision to the components of ORR. The ORR Director provides direction in the development of program policy and budget and in the formulation of salaries and expense budgets. Program oversight is carried out by the Deputy Director for Unaccompanied Children's Program and the Deputy Director for Refugee Programs.

The ORR Director coordinates with the lead refugee and entrant program offices of other federal departments; provides leadership in representing refugee and entrant programs, policies and administration to a variety of governmental entities and other public and private interests; and acts as the coordinator of the total refugee and entrant resettlement effort for ACF and the Department. The ORR Director oversees the care and custody of unaccompanied alien children, grants specific consent for those who wish to invoke the jurisdiction of a state court for a dependency order to seek Special Immigrant Juvenile status, and makes placement determinations for those eligible for the Unaccompanied Refugee Minors (URM) Program. The Office of the Director develops regulations, legislative proposals, and routine interpretations of policy, implementing strategic initiatives and management priorities, and oversees communications for the office, including responses to media requests, congressional inquiries, and stakeholder engagements. Within the Office of the Director, the Public Affairs (PA) team provides leadership on tactical message development, relationship management, and content engagement planning for all ORR Divisions. ORR has a unique set of communication requirements demanding timely and strategic planning for engagement with the media, stakeholders, Congress, and its care provider network of grantee organizations.

ORR's PA team prioritizes the day-to-day strategic communication assignments to accommodate moderate

The Team provides strategic advice and recommendations to operational divisions, as well as senior officials on media relations activities, particularly message development and strategy for high-profile issues and complex communication challenges.

The Director of the Division of Policy and Procedures assesses and evaluates ORR programs and their legal authorities and proactively recommends policy development, regulation updates and changes, legislative proposals, and operational and management actions to comply with statutory parameters as they relate to each of the program areas. The Division advises the ORR Director, deputies, division directors, and staff on a wide range of significant and sensitive policy-related matters and strategies for attaining ORR policy objectives. The Division identifies major emerging policy issues, develops policy options and strategies, and implements policy initiatives, including the drafting of policies, guidance, and regulations. The Division consults with the ORR operating divisions in the creation and clearance of procedures, consistent with established regulations, policies and guidance, and implements training on policies and procedures for ORR staff. The Division of Policy and Procedures develops clearance and informational memoranda, briefing materials and summary statements for ORR, ACF, and the Department's leadership on complex and sensitive ORR matters. The Division collaborates with the ORR operating divisions and regional staff to clarify and enhance existing policies and guidance, particularly in areas where the work of two or more divisions overlap. The Director of the Division of Policy and Procedures serves as the ORR point of contact for other ACF and HHS offices related to legal and evaluation issues, such as the Office of the General Counsel (OGC), the Office of Legislative Affairs and Budget, the U.S. Government Accountability Office, and the Office of the Inspector General. The Division represents ORR on interagency working groups and collaborates with both government and private sector leaders on ORR policy-related issues and developments.

The Director of the Division of Strategic Planning, Budget and Data Analysis leads ORR in the development, tracking and implementation of strategic goals, and performs budget, data analysis and compliance functions for the office. The Division prepares annual budget estimates and related materials and performs allocation and tracking of
