

recordkeeping, or other administrative requirements. Accordingly, a regulatory flexibility analysis is not required.

Paperwork Reduction Act

The collection of information in this rule has been previously approved by the Office of Management and Budget (OMB) under the title "Labeling and Advertising Requirements Under the Federal Alcohol Administration Act," and assigned control number 1513-0087. This regulation will not result in a substantive or material change in the previously approved collection action, since the nature of the mandatory information that must appear on labels affixed to the container remains unchanged.

Executive Order 12866

It has been determined that this final rule is not a significant regulatory action as defined in Executive Order 12866 of September 30, 1993. Therefore, a regulatory assessment is not necessary.

Inapplicability of the Delayed Effective Date Requirement

Because these regulations relieve a restriction by providing wine and distilled spirits bottlers and importers with additional flexibility to use new bottle sizes if they so choose, and do not impose any new reporting, recordkeeping, or other administrative requirements, it has been determined, pursuant to 5 U.S.C. 553(d)(1), that these regulations will be issued without a delayed effective date.

33 CFR Part 165

[Docket No. USCG-2020-0719]

RIN 1625-AA00

Safety Zone; Oakland Ship-to-Shore Crane Arrival, San Francisco Bay, Oakland, CA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the navigable waters of the San Francisco Bay during the transit of the M/V ZHEN HUA 35, scheduled to arrive between December 24, 2020 and January 10, 2021. This safety zone is necessary to protect personnel, vessels, and the marine environment from hazards associated with the arms of three ship-to-shore gantry cranes, which will extend more than 200 feet out from the transiting vessel when the arms are lowered, and from the vessel's stability condition due to an air draft greater than 300 feet when the cranes are in the up position. Unauthorized persons or vessels are prohibited from entering into, transiting through, or remaining in the safety zone without permission of the Captain of the Port San Francisco or a designated representative.

DATES: This rule is effective without actual notice from December 29, 2020 through 11:59 p.m. on January 10, 2021. For the purposes of enforcement, actual notice will be used from 12:01 a.m. December 24, 2020 through December 29, 2020.

CFR Code of Federal Regulations
COTP Captain of the Port San Francisco
DHS Department of Homeland Security
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that

good cause exists for not publishing a notice of proposed rulemaking with respect to this rule because it is impracticable. The Coast Guard did not receive details for the vessel's arrival and transit until December 20, 2020. The Coast Guard must establish this safety zone by December 24, 2020 and lacks sufficient time to provide a reasonable comment period and consider those comments before issuing the rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. It is contrary to the public interest to delay the effective date of this rule because the safety zone must be effective by December 24, 2020 to protect vessels and persons from the dangers associated with the M/V ZHEN HUA 35 as it transits a busy waterway between December 24, 2020 and January 10, 2021.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port San Francisco has determined that potential hazards associated with the transit of the M/V ZHEN HUA 35 between December 24, 2020 and January 10, 2021, will be a safety concern for anyone within a 500-foot radius of the vessel during its transit to Oakland, Berth 58, while the vessel is within the San Francisco Bay and areas shoreward of the line drawn between San Francisco Main Ship Channel Lighted Bell Buoy 7 and San Francisco Main Ship Channel Lighted Whistle Buoy 8 (LLNR 4190 & 4195) in positions 37°46.9' N, 122°35.4' W and 37°46.5' N, 122°35.2' W, respectively. For this reason, a safety zone is needed to protect personnel, vessels, and the marine environment in the navigable waters around the M/V ZHEN HUA 35 during its transit to Berth 58 at the Oakland International Container Terminal in Oakland, CA.

IV. Discussion of the Rule

This rule establishes a safety zone from 12:01 a.m. on December 24, 2020 until 11:59 p.m. on January 10, 2021, during the inbound transit of the M/V ZHEN HUA 35. While the M/V ZHEN HUA 35 is within the San Francisco Bay and areas shoreward of the line drawn between San Francisco Main Ship Channel Lighted Bell Buoy 7 and San Francisco Main Ship Channel Lighted Whistle Buoy 8 (LLNR 4190 & 4195) in positions 37°46.9' N, 122°35.4' W and 37°46.5' N, 122°35.2' W, respectively, the safety zone will encompass the

navigable waters around and under the vessel, from surface to bottom, within a circle formed by connecting all points 500 feet out from the vessel. The safety zone is needed to protect personnel, mariners, and vessels from hazards associated with ship-to-shore gantry crane arms which will extend more than 200 feet out from the transiting vessel. This loading configuration is necessary in order for the vessel to pass safely under the Golden Gate Bridge and the San Francisco-Oakland Bay Bridge.

The M/V ZHEN HUA 35 will make a temporary stop in Anchorage 9 during its transit to the Oakland International Container Terminal. The vessel will stop temporarily for the crew to make adjustments to the cargo so the vessel can safely moor at Berth 58 in Oakland, CA. The cargo adjustments will include raising three ship-to-shore crane arms to an upright position which will facilitate mooring.

The effect of the safety zone is to restrict navigation in the vicinity of the M/V ZHEN HUA 35. Except for persons or vessels authorized by the COTP or the COTP's designated representative, no person or vessel may enter or remain in the restricted area. "Designated representative" means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel or a Federal, State, or local officer designated by or assisting the Captain of the Port San Francisco (COTP) in the enforcement of the safety zone.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the limited duration and

narrowly tailored geographic area of the safety zone. This safety zone impacts a 500-foot-radius area of the San Francisco Bay in San Francisco, CA for a limited duration. While the safety zone encompasses a two week period to account for uncertain transit delays of the M/V ZHEN HUA 35, the safety zone will only be enforced for the duration of the vessel's inbound transit, which is expected to last less than 24 hours, and that period will be announced via Broadcast Notice to Mariners. Vessels desiring to transit through the safety zone may do so upon express permission from the COTP or the COTP's designated representative.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the temporary safety zone may be small entities, for the reasons stated in section V.A. above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain

about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and U.S. Coast Guard Environmental Planning Policy, COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human

environment. This rule involves a safety zone which prevents entry to a 500-foot radius area of the San Francisco Bay for a limited period of time during a vessel's inbound transit. It is categorically excluded from further review under paragraph L60(a) in Table 3–1 of Department of Homeland Security Directive 023–01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.
