

event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioners. Pursuant to 19 CFR 351.210(e)(2), Commerce requires that requests by respondents for postponement of a final antidumping determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On December 7, 2020, and December 9, 2020, pursuant to 19 CFR 351.210(e), MTD Products, Inc. (the petitioner)¹³ and respondent Ningbo Daye,¹⁴ respectively, requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months. In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) the preliminary determination is affirmative; (2) the requesting exporter accounts for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce will make its final determination no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.

International Trade Commission Notification

In accordance with section 733(f) of the Act, Commerce will notify the International Trade Commission (ITC) of its preliminary determination of sales at LTFV. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether these imports of the subject merchandise are materially injuring, or threaten material injury to, the U.S. industry.

¹⁴ See Ningbo Daye's Letter, "Certain Walk-Behind Lawn Mowers and Parts Thereof from the People's Republic of China, Case No. A-570-129: Request to Postpone Final Determination," dated December 9, 2020.

Notification to Interested Parties

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: December 22, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation consists of certain walk-behind lawn mowers, which are grass-cutting machines that are powered by internal combustion engines. The scope of the investigation covers certain walk-behind lawn mowers, whether self-propelled or non-self-propelled, whether finished or unfinished, whether assembled or unassembled, and whether containing any additional features that provide for functions in addition to mowing.

Walk-behind lawn mowers within the scope of this investigation are only those powered by an internal combustion engine with a power rating of less than 3.7 kilowatts (kw). These internal combustion engines are typically spark ignition, single or multiple cylinder, air cooled, internal combustion engines with vertical power take off shafts with a maximum displacement of 196cc. Walk-behind lawn mowers covered by this scope typically must be certified and comply with the Consumer Products Safety Commission (CPSC) Safety Standard For Walk-Behind Power Lawn Mowers under the 16 CFR part 1205. However, lawn mowers that meet the physical descriptions above, but are not certified under 16 CFR part 1205 remain subject to the scope of this proceeding.

The internal combustion engines of the lawn mowers covered by this scope typically must comply with and be certified under Environmental Protection Agency (EPA) air pollution controls title 40, chapter I, subchapter U, part 1054 of the Code of Federal Regulations standards for small non-road spark-ignition engines and equipment. However, lawn mowers that meet the physical descriptions above but that do not have engines certified under 40 CFR part 1054 or other parts of subchapter U remain subject to the scope of this proceeding.

For purposes of this investigation, an unfinished and/or unassembled lawn mower means at a minimum, a sub-assembly comprised of an engine and a cutting deck shell attached to one another. A cutting deck shell is the portion of the lawn mower—typically of aluminum or steel—that houses and protects a user from a rotating blade. Importation of the subassembly whether or not accompanied by, or attached to, additional components such as a handle, blade(s), grass catching bag, or wheel(s) constitute an unfinished lawn mower for purposes of this investigation. The inclusion in a third country of any components other than the mower subassembly does not remove the lawn mower from the scope. Lawn mowers that meet the physical

description above are covered by the scope of this investigation regardless of the origin of its engine, unless such lawn mowers contain an engine that is covered by the scope of the ongoing proceedings on certain vertical shaft engines between 99cc and up to 225cc, and parts thereof (small vertical engines) from China. If the proceedings on small vertical engines from China are terminated, the lawn mowers containing small vertical engines from China will be covered by the scope of this proceeding.

The lawn mowers subject to this investigation are typically at subheading: 8433.11.0050. Lawn mowers subject to this investigation may also enter under HTSUS 8407.90.1010 and 8433.90.1090. The HTSUS subheadings are provided for convenience and customs purposes only, and the written description of the merchandise under investigation is dispositive.

Stainless Steel Bar From India: Amended Final Results of Antidumping Duty Administrative Review; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is amending the final results of the administrative review of the antidumping duty (AD) order on stainless steel bar (SS Bar) from India to correct a ministerial error.

DATES: Applicable December 30, 2020.

FOR FURTHER INFORMATION CONTACT: Hermes Pinilla or Allison Hollander, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington DC 20230; telephone: (202) 482-3477 or (202) 482-2805, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On November 24, 2020, Commerce published its *Final Results* of this administrative review.¹ On November 30, 2020, Venus Wire Industries Pvt. Ltd., and its affiliates Hindustan Inox, Precision Metals, and Sieves Manufacturers (India) Pvt. Ltd. (collectively, the Venus Group), one of the mandatory respondents in this administrative review, timely submitted ministerial error comments regarding Commerce's *Final Results*.² On December 1, 2020, the petitioners filed comments rebutting the Venus Group's assertion that Commerce committed a ministerial error.³ Commerce is amending its *Final Results* to correct the ministerial error raised by the Venus Group.

Legal Framework

A ministerial error, as defined in section 751(h) of the Tariff Act of 1930, as amended (the Act), includes "errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial."⁴ With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce "will analyze any comments received and if appropriate, correct any ministerial error by amending . . . the final results of review. . . ."

Ministerial Error

In the *Final Results*, Commerce indicated that it was adjusting the Venus Group's direct material cost or DIRMAT to take into account whether the producer is the Venus Group or its unaffiliated suppliers.⁵ We stated that we adjusted the Venus Group's direct material cost or DIRMAT where the

producer is identified as the Venus Group.⁶ However, in the *Final Results*, we incorrectly adjusted the Venus Group's direct material cost or DIRMAT regardless of whether the producer was identified as the Venus Group or one of its unaffiliated suppliers. Accordingly, Commerce determines that, in accordance with section 751(h) of the Act and 19 CFR 351.224(f), it made a ministerial error in the *Final Results*. Pursuant to 19 CFR 351.224(e), Commerce is amending the *Final Results* to reflect the correction of this ministerial error in the calculation of the final weighted-average dumping margin assigned to the Venus Group, which changes from 17.24 percent to 16.48 percent.⁷ For a detailed discussion of this ministerial error, as well as Commerce's analysis, see Amended Final Analysis Memorandum.⁸

Amended Final Results of Review

As a result of correcting the ministerial error described above, Commerce determines that, for the period of review (POR) February 1, 2018 through January 31, 2019, the following weighted-average dumping margin exists for the Venus Group:

Producer/exporter	Weighted-average dumping margin (percent)
Venus Wire Industries Pvt. Ltd., and its affiliates Hindustan Inox, Precision Metals and Sieves Manufacturers (India) Pvt. Ltd.	16.48

Disclosure

We intend to disclose the calculations performed for these amended final results in accordance with 19 CFR 351.224(b).

Antidumping Duty Assessment

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce shall determine and U.S. Customs and Border Protections (CBP) shall assess, antidumping duties on all

appropriate entries of subject merchandise in accordance with the amended final results of this review. We will calculate importer-specific assessment rate on the basis of the total amount of antidumping duties calculated for each importer's examined sales and the total entered values of the sales in accordance with 19 CFR 351.212.(b)(1).

We intend to issue liquidation instructions to CBP 15 days after publication of the amended final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective retroactively for all shipments of subject merchandise that entered, or withdrawn from warehouse, for consumption on or after November 24, 2020, the date of publication of the *Final Results* of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the Venus Group will be equal to the weighted-average dumping margin established in these amended final results of this review; (2) for previously reviewed or investigated companies, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 12.45 percent, the all-others rate established in the less-than-fair-value investigation.⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these amended final results of review in accordance with sections 751(h) and 777(i) of the Act and 19 CFR 351.224(e).

Dated: December 22, 2020.

Certain Walk-Behind Lawn Mowers and Parts Thereof From the Socialist Republic of Vietnam: Preliminary Affirmative Determination of Sales at Less Than Fair Value, Postponement of Final Determination, and Extension of Provisional Measures

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that certain walk-behind lawn mowers and parts thereof (lawn mowers) from the Socialist Republic of Vietnam (Vietnam) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is October 1, 2019 through March 31, 2020. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable December 30, 2020.

FOR FURTHER INFORMATION CONTACT: Frank Schmitt or Mark Flessner, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4880 or (202) 482-6312, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 733(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on June 22, 2020.¹ We selected Ducar Technology Co., Ltd. (Ducar) as the mandatory respondent.² On August 11, 2020, Commerce postponed the preliminary determination of this investigation, and the revised deadline is now December 22, 2020.³ For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.⁴ A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Investigation

The products covered by this investigation are certain walk-behind lawn mowers and parts thereof from Vietnam. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the preamble to Commerce's regulations,⁵ the *Initiation*

¹ See *Certain Walk-Behind Lawn Mowers and Parts Thereof from the People's Republic of China and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair Value Investigations*, 85 FR 37426 (June 22, 2020) (*Initiation Notice*).

Notice set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁶ No interested party commented on the scope of the investigation within the allotted time period. However, on November 6, 2020, Commerce solicited comments from interested parties regarding the overlap in the scope of the antidumping (AD) and countervailing duty (CVD) investigations of lawn mowers and the scope of the AD and CVD investigations of certain vertical shaft engines and parts thereof from China, and certain interested parties submitted comments and rebuttal comments.⁷ For a summary of the product coverage comments and rebuttal responses submitted to the record for this investigation, and accompanying discussion and analysis of all comments timely received, see the Preliminary Scope Determination Memorandum.⁸ As a result of our analysis of comments received, we have preliminarily revised the scope of the investigation. See Appendix I.

Methodology

Commerce is conducting this investigation in accordance with section 731 of the Act. Commerce has calculated export prices in accordance with section 772(a) of the Act and constructed export prices in accordance with section 772(b) of the Act. Because Vietnam is a non-market economy, within the meaning of section 771(18) of the Act, Commerce has calculated normal value in accordance with section 773(c) of the Act.

In addition, Commerce has relied on facts available under section 776(a) of the Act to determine the cash deposit rate assigned to the Vietnam-wide entity. Furthermore, pursuant to sections 776(a) and (b) of the Act, because the Vietnam-wide entity did not cooperate to the best of its ability in responding to Commerce's request for data, Commerce has preliminarily relied upon facts otherwise available, with adverse inferences, for the Vietnam-wide entity. For a full description of the methodology underlying Commerce's preliminary determination, see the Preliminary Decision Memorandum.

⁶ See *Initiation Notice*.

⁷ See Memorandum, "Request for Comments Regarding Scope Overlap," dated November 6, 2020.

⁸ See Memorandum, "Antidumping and Countervailing Duty Investigations of Lawn Mowers from the People's Republic of China and the Socialist Republic of Vietnam: Preliminary Scope Determination Memorandum," dated concurrently with this notice.
