*Obligation to Respond:* Required to obtain or retain benefits.

*Affected Public:* Businesses or other for-profit and not-for-profit institutions.

*Responses per Respondent:* 1.5 approximately.

*Annual Responses:* 24,337.

*Average Burden per Response:* 63 hours approximately.

*Annual Burden Hours:* 1,523,053.

*Reporting Frequency:* On Occasion.

*Needs and Uses:* Section 3610 of the Coronavirus Aid, Relief and Economic Security (CARES) Act (Pub. L. 116-136), enacted on March 27, 2020, authorizes, but does not require, contracting officers to modify contracts and other agreements, without consideration, to reimburse contractors for paid leave a contractor provides to keep its employees or subcontractors in a ready state, including to protect the life and safety of Government and contractor personnel, during the public health emergency declared for Coronavirus Disease (COVID-19).

A contractor request for reimbursement under section 3610 must include sufficient documentation to support the request and enable the contracting officer to determine whether a contractor is eligible for reimbursement under section 3610 and, if so, the amount of reimbursement to provide to a contractor. Contractors' requests for reimbursement under section 3610 will vary in dollar amount and complexity; as such, so will the amount and type of information needed from a contractor to support their reimbursement request. Based on this variation, contracting officers will use one of three DoD reimbursement checklists to advise contractors of the information needed to support their request. The information described in the checklists is necessary to collect from contractors in order to ensure that contracting officers are able to determine whether to approve the request for reimbursement and expediently modify the affected contract(s) for the authorized reimbursement amount.

Section 3610 also requires that any reimbursements made under its authority are reduced by the amount of credit a contractor is allowed under other provisions of the CARES Act and division G of the Families First Coronavirus Response (FFRCA) (Pub. L. 116-127). As the status of such credits may not be known at the time of reimbursement, DFARS clause 252.243-7999, Section 3610 Reimbursement (Deviation 2020-00021), requires contractors to notify the contracting officer of any credits received after receiving reimbursement under section 3610 and make any repayment, as necessary, to comply with the requirements of section 3610. This information is necessary so that

contracting officers may comply with the provisions of section 3610.

*Type of Request:* Extension.

*Obligation to Respond:* Required to obtain or retain benefits.

*Affected Public:* Businesses or other for-profit and not-for-profit institutions.

*Number of Respondents:* 5,859.

*Responses per Respondent:* 5.

*Annual Responses:* 29,295.

*Average Burden per Response:* 8.

*Annual Burden Hours:* 234,360.

*Reporting Frequency:* On occasion.

*Needs and Uses:* DFARS part 217

prescribes policies and procedures for acquiring supplies and services by special contracting methods.

Contracting officers use the required information as follows:

DFARS 217.7004(a)—When solicitations permit the exchange (or trade-in) of personal property and application of the exchange allowance to the acquisition of similar property, offerors must provide the prices for the new items being acquired both with and without any exchange. Contracting officers use the information to make an informed decision regarding the reasonableness of the prices for both the new and trade-in items.

DFARS 217.7404–3(b)—When awarded an undefinitized contract action, contractors are required to submit a qualifying proposal in accordance with the definitization schedule provided in the contract. Contracting officers use this information to complete a meaningful analysis of a contractor's proposal in a timely manner.

DFARS 217.7505(d)—When responding to sole source solicitations that include the acquisition of replenishment parts, offerors submit price and quantity data on any Government orders for the replenishment part(s) issued within the most recent 12 months. Contracting

officers use this information to evaluate recent price increases for sole source replenishment parts.

DFARS clause 252.217–7012—Included in master agreements for repair and alteration of vessels, paragraph (d) of the clause requires contractors to show evidence of insurance under the agreement. Contracting officers use this information to ensure contractor is adequately insured when performing work under the agreement. Paragraphs (f) and (g) of the clause require contractors to notify the contracting officer of any property loss or damage for which the Government is liable under the agreement and submit a request, with supporting documentation, for reimbursement of the cost of replacement or repair. Contracting officers use this information to stay informed of lost or damaged property for which the Government is liable, and to determine the appropriate course of action for replacement or repair of the property.

DFARS provision 252.217–7026—Included in certain solicitations for supplies that are being acquired under other than full and open competition, the provision requires the apparently successful offeror to identify their sources of supply so that competition can be enhanced in future acquisitions.

DFARS clause 252.217–7028—When performing under contracts for overhaul, maintenance, and repair, contractors must submit a work request and proposal for “over and above” work that is within the scope of the contract, but not covered by the line item(s) under the contract, and necessary in order to satisfactorily complete the contract. This requirement allows the Government to review the need for pending work before the contractor begins performance.
