BILLING CODE P

DEPARTMENT OF LABOR

Employment and Training Administration

Notice To Ensure State Workforce Agencies Are Aware of the Revised Schedule of Remuneration for the Unemployment Compensation for Ex-Servicemembers (UCX) Program That Reflects the Military Pay Increase Effective January 1, 2021

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: Each year, the Department of Defense issues a Schedule of Remuneration used by states for UCX purposes. States must use the schedule to determine Federal military wages for UCX "first claims" only when the Federal Claims Control Center (FCCC) responds to a request for information

indicating that there is no Copy 5 of the Certificate of Release or Discharge from Active Duty (DD Form 214) for an individual under the social security number provided. A response from the FCCC that indicates "no DD214 on file" will prompt the state to start the affidavit process and to use the attached schedule to calculate the Federal military wages for an unemployment insurance or UCX monetary determination. The schedule applies to UCX "first claims" filed beginning with the first day of the first week that begins on or after January 1, 2021. States must continue to use the 2020 schedule (or other appropriate schedule) for UCX "first claims" filed before the effective date of the revised schedule.

John Pallasch,

Assistant Secretary for Employment and Training, Labor.

Attachment I

2021 FEDERAL SCHEDULE OF REMUNERATION [20 CFR 614.12(d)]

Table with 4 columns: Pay grade, Monthly rate, Weekly (7/30th), Daily (1/30th). Rows include Commissioned Officers (O-10 to O-1), Commissioned Officers With Over 4 Years Active Duty As An Enlisted Member or Warrant Officer (O-3 E to O-1 E), Warrant Officer (W-5 to W-1), and Enlisted Personnel (E-9 to E-1).

The Federal Schedule includes columns reflecting derived weekly and daily rates. This revised Federal Schedule of Remuneration is effective for UCX "first claims" filed beginning with the first day of the first week which begins on or after January 1, 2021, pursuant to 20 CFR 614.12(c).

DEPARTMENT OF LABOR**Employment and Training
Administration****Agency Information Collection
Activities; Comment Request;
YouthBuild (YB) Reporting System****ACTION:** Notice.

SUMMARY: The Department of Labor's (DOL) Employment and Training Administration (ETA) is soliciting comments concerning a proposed extension for the authority to conduct the information collection request (ICR) titled, "YouthBuild Reporting System." This comment request is part of continuing Departmental efforts to reduce paperwork and respondent burden in accordance with the Paperwork Reduction Act of 1995 (PRA).

DATES: Consideration will be given to all written comments received by March 5, 2021.

ADDRESSES: A copy of this ICR with applicable supporting documentation, including a description of the likely respondents, proposed frequency of response, and estimated total burden, may be obtained free by contacting Stephanie Pena by telephone at (202) 693-3153 (this is not a toll-free number), TTY 1-877-889-5627 (this is not a toll-free number), or by email at pena.stephanie.l@dol.gov. Submit written comments regarding, or requests for a copy of, this ICR by email: pena.stephanie.l@dol.gov; or by fax: (202) 693-3113.

FOR FURTHER INFORMATION CONTACT: Contact Stephanie Pena by telephone at (202) 693-3153 (this is not a toll-free number) or by email at pena.stephanie.l@dol.gov.

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

The YouthBuild legacy quarterly performance report (ETA-9136 and ETA-9138) includes aggregate and participant-level information on

demographic characteristics, types of services received, placements, outcomes, and follow-up status. Specifically, these reports collect data on individuals who receive education, occupational skill training, leadership development services, and other services essential to preparing at-risk youth for in-demand occupations through YouthBuild programs. There are no changes proposed for ETA-9136 and ETA-9138 in this ICR, and ETA expects that these forms will sunset in the next few years as new grantees shift to a new reporting system associated with a different information collection. The Work Site Description and Housing Census (ETA-9143) form collects information about the proposed work sites for low-income or homeless individuals or families where YouthBuild participants receive training and participate in construction skills activities. This form also collects information annually on the number of housing units that grantees build or renovate each year, which allows ETA to demonstrate the annual increase in affordable housing supported by YouthBuild. ETA is proposing changes to the ETA-9143 form based on YouthBuild grantee feedback to clarify the information requested for collection and to provide improved instructions on the form.

The accuracy, reliability, and comparability of program reports submitted by grantees using Federal funds are fundamental elements of good public administration and are necessary tools for maintaining and demonstrating system integrity. The use of a standard set of data elements, definitions, and specifications at all levels of the workforce system helps improve the quality of performance information submitted to ETA. The Workforce Innovation and Opportunity Act (29 U.S.C. 3101) authorizes this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive

consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB 1205-0464.

Submitted comments will also be a matter of public record for this ICR and posted on the internet, without redaction. DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, (e.g., permitting electronic submission of responses).
