2. Questions for Satellite Television Subscribers in Unserved Households.38

When answering, please indicate if you receive satellite service at your residence, your RV, or your commercial
truck. Please also indicate which category of “unserved household” applies to you.

a. Before June 1, 2020, did you receive distant network retransmissions (i.e., network stations from markets outside of your local area) from DISH or DirecTV?
   i. If your answer is “yes,” did you continue to receive the same distant networks after June 1, 2020?
      (1) If you continued to receive the same distant networks, did the price of your subscription increase or decrease? If it did, was the reason for the change explained?
      (2) If you did not continue to receive the same distant networks after June 1, 2020, did you receive access to new networks that are physically closer to you as a replacement for the distant networks you no longer receive? Did the price of your subscription increase or decrease? If it did, was the reason for the change explained?
   ii. If your answer is “no,” did the price of your satellite subscription increase or decrease on or after June 1, 2020? If it did, was the reason for the change explained?

b. Before June 1, 2020, did you receive local network retransmissions (i.e., network stations from a nearby market) from DISH or DirecTV?
   i. If your answer is “yes,” did you continue to receive local networks from DISH or DirecTV on or after June 1, 2020?
      (1) If you did continue to receive local networks, did the price of your subscription increase or decrease? If it did, was the reason for the change explained?
      (2) If you did not continue to receive local networks, did you receive access to replacement networks? Were these replacement networks physically closer to or further from your location? Did the price of your subscription increase or decrease? If it did, was the reason for the change explained?
   ii. If your answer is “no,” did the price of your subscription increase or decrease on or after June 1, 2020? If it did, was the reason for the change explained?

3. Questions for Satellite Carriers

a. If you relied upon the section 119 statutory license to provide distant-into-local network retransmissions before June 1, 2020, did you continue to rely upon the amended license (under the STCPPA) on or after that date?
   i. If your answer is “yes,” did you provide distant-into-local network retransmissions after that date?
   ii. If your answer is “no,” did you provide distant-into-local network retransmissions after that date?

b. Do you meet the new STCPPA requirement of providing local-into-local network retransmissions to all 210 DMAs as a prerequisite for using the new section 119 statutory license to provide distant-into-local network retransmissions?
   i. If your answer is “no,” what approach did you take to providing distant-into-local network retransmissions after May 31, 2020?
   ii. If you declined to provide local-into-local network retransmissions for all 210 DMAs, thus forgoing the use of the section 119 license, and instead decided to make individual carriage deals with each broadcast network for distant-into-local retransmission, please explain your reasoning.

38 Households in unserved markets are households in one or more of the following categories:
   • Households that cannot receive a local over-the-air signal via an antenna;
   • Households that receive a waiver from a local network affiliate to receive a distant signal;
   • “Grandfathered” households that received distant signals via a section 119 license on or before October 31, 1999;
   • Households that receive a transition license related to receiving “C-Band” satellite signals;
   • RVs and commercial trucks;
   • Households located in short markets (meaning markets that lack one or more of the four most widely available network stations).
