SRC Railway LLC—Lease and Operation Exemption—Strasburg Rail Road Company

SRC Railway LLC (Railway LLC), a noncarrier, has filed a verified notice of exemption pursuant to 49 CFR 1150.31 to lease from Strasburg Rail Road Company (SRC) and operate approximately 4.25 miles of rail line known as the Strasburg Line in Lancaster County, Pa. (the Line). The Line extends from approximately quarter-milepost 20 at Leaman Place (immediately north of the underpass at U.S. Highway 30 and west of the interchange connection with Norfolk Southern Railway Company and the National Railroad Passenger Corporation (NRP) milepost 56.8)), southwesterly to quarter-milepost 3 at East Strasburg.

This transaction is related to a concurrently filed verified notice of exemption in *Strasburg Rail Road Company—Continuance in Control Exemption—SRC Railway LLC*, Docket No. FD 36454, in which SRC seeks to continue in control of Railway LLC upon Railway LLC's becoming a Class III rail carrier.

Railway LLC states that it will shortly execute agreements with SRC pursuant to which it will lease the Line from SRC. According to Railway LLC, the proposed agreements do not contain any provision that would limit future interchange on the Line with a third-party connecting carrier.

Further, Railway LLC certifies that its projected annual revenue will not exceed \$5 million and will not result in Railway LLC becoming a Class I or II rail carrier.

The earliest this transaction may be consummated is January 20, 2021, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than January 12, 2021.

All pleadings, referring to Docket No. FD 36453, should be filed with the

Surface Transportation Board via e-filing on the Board's website. In addition, a copy of each pleading must be served on Railway LLC's representative, Bradon J. Smith, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606-3208.

According to Railway LLC, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

Board decisions and notices are available at www.stb.gov.

Decided: December 31, 2020.

AGENCY: Office of the United States Trade Representative (USTR).

In implementing this approach, the U.S. Trade Representative has determined to revise the action by adding certain products of certain EU member States to the list of products subject to additional duties.

DATES: The revisions in Annex I are applicable with respect to products that are entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern standard time on January 12, 2021.

SUPPLEMENTARY INFORMATION

A. Proceedings in the Investigation

On April 12, 2019, the U.S. Trade Representative announced the initiation of an investigation to enforce U.S. rights in the WTO dispute against the EU and certain EU member States addressed to subsidies on large civil aircraft. *See* 84 FR 15028 (April 12 notice). The April 12 notice contains background information on the investigation and the dispute settlement proceedings.

The April 12 notice solicited comments on a proposed determination that, *inter alia*, the EU and certain member States have denied U.S. rights under the WTO Agreement, and in particular, under Articles 5 and 6.3 of the Agreement on Subsidies and Countervailing Measures and the General Agreement on Tariffs and Trade 1994, and have failed to comply with the WTO Dispute Settlement Body (DSB) recommendations to bring the WTO-inconsistent subsidies into compliance with WTO obligations. The April 12 notice invited public comments on a proposed action in the form of an additional *ad valorem* duty of up to 100 percent on products of EU member States to be drawn from a list of 317 tariff subheadings and 9 statistical reporting numbers of the Harmonized Tariff Schedule of the United States (HTSUS) included in the annex to that notice.

On July 5, 2019, USTR published a notice inviting public comments on a second list of products also being considered for an additional *ad valorem* duty of up to 100 percent. *See* 84 FR 32248.

On October 2, 2019, the WTO Arbitrator issued a report concluding that the appropriate level of countermeasures in response to the WTO-inconsistent launch aid provided by the EU or certain member States to their large civil aircraft domestic industry is approximately \$7.5 billion annually.

On October 9, 2019, the U.S. Trade Representative published a determination that the EU and certain member States have denied U.S. rights under the WTO Agreement and have failed to implement DSB recommendations concerning certain subsidies to the EU large civil aircraft industry. The U.S. Trade Representative determined to take action in the form of additional duties on products of certain current or former member States of the EU, at levels of 10 or 25 percent *ad valorem*, effective October 18, 2019. *See* 84 FR 54245 (October 9, 2019) and 84 FR 55998 (October 18, 2019).

On December 12, 2019, the U.S. Trade Representative announced a review of

the action and invited public comments regarding potential revisions. *See* 84 FR 67992. As part of that review, on February 14, 2020, the U.S. Trade Representative announced a determination to revise the list of non-aircraft products subject to 25 percent additional duties and to increase additional duties on certain large civil aircraft from 10 to 15 percent, effective March 5 and March 18. *See* 85 FR 10204 (February 21, 2020) and 85 FR 14517 (March 12, 2020). The U.S. Trade Representative also determined that “going forward, the action may be revised as appropriate immediately upon any EU imposition of additional duties on U.S. products in connection with the Large Civil Aircraft dispute or with the EU’s WTO challenge to the alleged subsidization of U.S. large civil aircraft.”

On June 26, 2020, the U.S. Trade Representative published a notice announcing another review of the action and establishing a docket to receive public comments. *See* 85 FR 38488 (June 26 notice). The June 26 notice included a proposal to impose additional duties of up to 100 percent on a new list of products of France, Germany, Spain and the United Kingdom, covered by an additional 30 tariff subheadings with an approximate annual trade value of \$3.1 billion in terms of estimated import trade value for calendar year 2018. *See* June 26 notice, as amended by 85 FR 39661 (July 1, 2020).

On August 12, 2020, the U.S. Trade Representative announced certain revisions to the action. *See* 85 FR 50866 (August 18, 2020). The notice reiterated the U.S. Trade Representative’s prior determination that “the action may be revised as appropriate immediately upon any EU imposition of additional duties on U.S. products.”

On November 9, 2020, the EU announced that it would impose additional duties on goods of the United States, effective November 10, 2020. Specifically, the EU determined to impose additional duties of 15 percent on imports of certain large civil aircraft of the United States, and additional duties of 25 percent on other U.S. goods. The EU stated that its action has an annual trade value of \$4 billion. The EU’s action followed a decision by the WTO arbitrator in *United States—Measure Affecting Trade in Large Civil Aircraft (DS353)*, and a corresponding WTO authorization for the EU to suspend WTO concessions to the United States.

The EU has represented that its retaliatory action mirrors the action taken by the United States in this investigation, but that is not accurate.

Specifically, the EU’s action does not mirror the U.S. action because the methodology used by the EU to exercise its \$4 billion authorization relies on a benchmark reference period affected by the economic downturn caused by the COVID pandemic. Under this methodology, the EU was able to cover a greater volume of imports than if, like the United States, it had used data from a period when trade was not affected by the pandemic.

In addition, up to and until the exit of the United Kingdom from EU customs territory is finalized, goods of the United States are subject to additional EU duties when entering the United Kingdom. However, the EU’s trade action valuation does not account for U.S. exports to the United Kingdom. Therefore, the value of U.S. exports subject to tariffs is greater than the trade value the EU ascribes to the various covered tariff lines.

The United States has expressed its concerns to the EU and has given the EU an opportunity to address these issues. The EU has declined to do so.

B. Revision of Action

In light of these developments, the U.S. Trade Representative determined to make a further revision of the action in this investigation as part of the ongoing efforts toward a satisfactory resolution of the dispute. The revision takes account of public comments received in the investigation, advice of advisory committees, and advice of the interagency Section 301 Committee.

In particular, the U.S. Trade Representative has determined to mirror the EU approach to exercising its DSB authorization by adjusting the reference period used for the U.S. trade action to mirror the August 2019 to July 2020 reference period used by the EU. In adopting this approach, the United States has made appropriate adjustments to ensure that the trade data from the revised reference period does not reflect reductions in trade resulting from the October 2019 trade action in the investigation. Using the estimated trade values from this reference period, the value of the U.S. trade action as last revised on August 12, 2020, is well below the \$7.5 billion level authorized by the DSB.

In order to exercise the DSB authorization to the United States, the U.S. Trade Representative has determined to add products to the list of products currently subject to additional duties, while otherwise maintaining the trade action as last revised on August 12, 2020. In considering actions most likely to result in the EU’s implementation of DSB recommendations or a mutually

satisfactory resolution of the dispute, the U.S. Trade Representative has determined that the additional products should be goods of France and Germany, as these countries have provided the greatest level of WTO-inconsistent large civil aircraft subsidies.

As specified in the annexes to this notice, additional goods of France and Germany are subject to additional duties. These goods were drawn from the proposed lists in the April 12, 2019 notice.

In accordance with section 306(b)(2)(F) of the Trade Act (19 U.S.C. 2416(b)(2)(F)), the action includes reciprocal goods of the affected industry. The annual trade value of the tariff subheadings subject to additional duties under the revised action remains at approximately \$7.5 billion, which is consistent with the WTO Arbitrator’s finding on the appropriate level of countermeasures in the United States’ dispute against the EU involving large civil aircraft.

Annex I to this notice identifies the products affected by the revised action, the rate of duty to be assessed, and the current or former EU member States affected. Annex II, section 1, contains the unofficial descriptive list of the revisions made by this Notice. Annex II, section 2, contains an unofficial, consolidated description of the action, reflecting the changes in annex I.

In order to implement this determination, effective January 12, 2021, subchapter III of chapter 99 of the HTSUS is modified by annex I to this notice. The additional duties provided for in the HTSUS subheadings established by annex I apply in addition to all other applicable duties, fees, exactions and charges.

Any product listed in annex I to this notice, except any product that is eligible for admission under ‘domestic status’ as defined in 19 CFR 146.43, which is subject to the additional duty imposed by this determination, and is admitted into a U.S. foreign trade zone on or after 12:01 a.m. eastern standard time on January 12, 2021, only may be admitted as ‘privileged foreign status’ as defined in 19 CFR 146.41. Such products will be subject upon entry for consumption to any *ad valorem* rates of duty or quantitative limitations related to the classification under the applicable HTSUS subheading.

The U.S. Trade Representative will continue to consider the action taken in this investigation.

Joseph Barloon,

General Counsel, Office of the United States Trade Representative.

Pursuant to section 201 of the United States-Chile Free Trade Agreement Implementation Act (Pub. L. 108-77; 19 U.S.C. 3805 note), Presidential Proclamation No. 7746 of December 30, 2003 (68 FR 75789) implemented the Chile FTA on behalf of the United States and modified the HTSUS to reflect the tariff treatment provided for in the Chile FTA.

Note 12(a) to subchapter XI of HTSUS chapter 99 requires USTR annually to

publish a determination of the amount of Chile's trade surplus, by volume, with all sources for goods in HTSUS subheadings 1701.11, 1701.12, 1701.91, 1701.99, 1702.20, 1702.30, 1702.40, 1702.60, 1702.90, 1806.10, 2101.12, 2101.20, and 2106.90, except that Chile's imports of goods classified under HTSUS subheadings 1702.40 and 1702.60 that qualify for preferential tariff treatment under the Chile FTA are not included in the calculation of Chile's trade surplus. Proclamation 8771 of December 29, 2011 (77 FR 413) reclassified HTSUS subheading 1701.11 as 1701.13 and 1701.14.

Note 12(b) to subchapter XI of HTSUS chapter 99 provides duty-free treatment for certain sugar and syrup goods and sugar-containing products of Chile entered under subheading 9911.17.05 in any calendar year (CY) (beginning in CY2015) is the quantity of goods equal to the amount of Chile's trade surplus in subdivision (a) of the note. During CY2019, the most recent year for which data is available, Chile's imports of the sugar and syrup goods and sugar-containing products described above exceeded its exports of those goods by 633,441 metric tons according to data published by its customs authority, the Servicio Nacional de Aduana. Based on this data, USTR has determined that Chile's trade surplus is negative. Therefore, in accordance with U.S. Note 12(b) to subchapter XI of HTSUS chapter 99, goods of Chile are not eligible to enter the United States duty-free under subheading 9911.17.05 in CY2021.

II. Morocco FTA

Pursuant to section 201 of the United States-Morocco Free Trade Agreement Implementation Act (Pub. L. 108-302; 19 U.S.C. 3805 note), Presidential Proclamation No. 7971 of December 22, 2005 (70 FR 76651) implemented the Morocco FTA on behalf of the United States and modified the HTSUS to reflect the tariff treatment provided for in the Morocco FTA.

Note 12(a) to subchapter XII of HTSUS chapter 99 requires USTR annually to publish a determination of the amount of Morocco's trade surplus, by volume, with all sources for goods in HTSUS subheadings 1701.11, 1701.12, 1701.91, 1701.99, 1702.40, and 1702.60, except that Morocco's imports of U.S. goods classified under HTSUS subheadings 1702.40 and 1702.60 that qualify for preferential tariff treatment under the Morocco FTA are not included in the calculation of Morocco's trade surplus. Proclamation 8771 of December 29, 2011 (77 FR 413)

reclassified HTSUS subheading 1701.11 as 1701.13 and 1701.14.

Note 12(b) to subchapter XII of HTSUS chapter 99 provides duty-free treatment for certain sugar and syrup goods and sugar-containing products of Morocco entered under subheading 9912.17.05 in an amount equal to the lesser of Morocco's trade surplus or the specific quantity set out in that note for that calendar year.

Note 12(c) to subchapter XII of HTSUS chapter 99 provides preferential tariff treatment for certain sugar and syrup goods and sugar-containing products of Morocco entered under subheading 9912.17.10 through 9912.17.85 in an amount equal to the amount by which Morocco's trade surplus exceeds the specific quantity set out in that note for that calendar year.

During CY2019, the most recent year for which data is available, Morocco's imports of the sugar and syrup goods and sugar-containing products described above exceeded its exports of those goods by 694,075 metric tons according to data published by its customs authority, the Office des Changes. Based on this data, USTR has determined that Morocco's trade surplus is negative. Therefore, in accordance with U.S. Note 12(b) and U.S. Note 12(c) to subchapter XII of HTSUS chapter 99, goods of Morocco are not eligible to enter the United States duty-free under subheading 9912.17.05 or at preferential tariff rates under subheading 9912.17.10 through 9912.17.85 in CY2021.
