

The drivers were included in docket numbers FMCSA-1998-3637; FMCSA-2000-7006; FMCSA-2000-8203; FMCSA-2004-17195; FMCSA-2004-17984; FMCSA-2004-18885; FMCSA-2008-0106; FMCSA-2008-0174; FMCSA-2010-0082; FMCSA-2010-0187; FMCSA-2011-0299; FMCSA-2012-0214; FMCSA-2012-0215; FMCSA-2012-0216; FMCSA-2013-0165; FMCSA-2013-0168; FMCSA-2014-0003; FMCSA-2014-0004; FMCSA-2014-0005; FMCSA-2014-0006; FMCSA-2014-0007; FMCSA-2014-0010; FMCSA-2014-0296; FMCSA-2015-0056; FMCSA-2016-0028; FMCSA-2016-0029; FMCSA-2016-0030; FMCSA-2016-0206; FMCSA-2016-0208; FMCSA-2018-0011; FMCSA-2018-0012; FMCSA-2018-0013; FMCSA-2018-0014; FMCSA-2018-0015; FMCSA-2018-0017. Their exemptions were applicable as of December 3, 2020, and will expire on December 3, 2022.

As of December 10, 2020, and in accordance with 49 U.S.C. 31136(e) and 31315, the following four individuals have satisfied the renewal conditions for obtaining an exemption from the vision requirement in the FMCSRs for interstate CMV drivers (83 FR 56140; 84 FR 2309):

Alejandro R. Almaguer (FL)  
Abdallah A. Alserhan (IL)  
Denis Cuzimencov (NC)  
Steven M. Huddleston (NM)

The drivers were included in docket number FMCSA-2018-0207. Their exemptions were applicable as of December 10, 2020, and will expire on December 10, 2022.

As of December 20, 2020, and in accordance with 49 U.S.C. 31136(e) and 31315, the following two individuals have satisfied the renewal conditions for obtaining an exemption from the vision requirement in the FMCSRs for interstate CMV drivers (77 FR 64839; 77 FR 75494; 79 FR 73393; 81 FR 96180; 84 FR 2326):

Noah E. Bowen (OH); and Emin Toric (GA)

The drivers were included in docket number FMCSA-2012-0280. Their exemptions were applicable as of December 20, 2020, and will expire on December 20, 2022.

As of December 25, 2020, and in accordance with 49 U.S.C. 31136(e) and 31315, the following two individuals have satisfied the renewal conditions for obtaining an exemption from the vision requirement in the FMCSRs for interstate CMV drivers (79 FR 69985; 80 FR 8927; 81 FR 96180; 84 FR 2326):  
Thurman T. Clayton (LA); and Tig G. Cornell (ID)

The drivers were included in docket number FMCSA-2014-0298. Their exemptions were applicable as of December 25, 2020, and will expire on December 25, 2022.

As of December 30, 2020, and in accordance with 49 U.S.C. 31136(e) and 31315, the following individual has satisfied the renewal conditions for obtaining an exemption from the vision requirement in the FMCSRs for interstate CMV drivers (81 FR 86063; 82 FR 12683; 84 FR 2326):

Michal Golebiowski (IL)

The driver was included in docket number FMCSA-2016-0212. The exemption was applicable as of December 30, 2020, and will expire on December 30, 2022.

In accordance with 49 U.S.C. 31315(b), each exemption will be valid for 2 years from the effective date unless revoked earlier by FMCSA. The exemption will be revoked if the following occurs: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained prior to being granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315(b).

## DEPARTMENT OF TRANSPORTATION

### Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2020-0015]

#### Qualification of Drivers; Exemption Applications; Vision

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of applications for exemption; request for comments.

**SUMMARY:** FMCSA announces receipt of applications from seven individuals for an exemption from the vision requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) to operate a commercial motor vehicle (CMV) in interstate commerce. If granted, the exemptions will enable these individuals to operate CMVs in interstate commerce without meeting the vision requirement in one eye.

**DATES:** Comments must be received on or before February 5, 2021.

**ADDRESSES:** You may submit comments identified by the Federal Docket

Management System (FDMS) Docket No. FMCSA-2020-0015 using any of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/docket?D=FMCSA-2020-0015>. Follow the online instructions for submitting comments.

- *Mail:* Dockets Operations; U.S. Department of Transportation, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

- *Hand Delivery:* West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal Holidays.

- *Fax:* (202) 493-2251.

To avoid duplication, please use only one of these four methods. See the "Public Participation" portion of the **SUPPLEMENTARY INFORMATION** section for instructions on submitting comments.

**FOR FURTHER INFORMATION CONTACT:** Ms. Christine A. Hydock, Chief, Medical Programs Division, (202) 366-4001, [fmcamedical@dot.gov](mailto:fmcamedical@dot.gov), FMCSA, Department of Transportation, 1200 New Jersey Avenue SE, Room W64-224, Washington, DC 20590-0001. Office hours are 8:30 a.m. to 5 p.m., ET, Monday through Friday, except Federal holidays. If you have questions regarding viewing or submitting material to the docket, contact Dockets Operations, (202) 366-9826.

#### SUPPLEMENTARY INFORMATION:

##### I. Public Participation

###### A. Submitting Comments

If you submit a comment, please include the docket number for this notice (Docket No. FMCSA-2020-0015), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. FMCSA recommends that you include your name and a mailing address, an email address, or a phone number in the body of your document so that FMCSA can contact you if there are questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov/docket?D=FMCSA-2020-0015>. Click on the "Comment Now!" button and type your comment into the text box on the following screen. Choose whether you are submitting your comment as an individual or on behalf of a third party and then submit.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope.

FMCSA will consider all comments and material received during the comment period.

### B. Viewing Documents and Comments

To view comments, as well as any documents mentioned in this notice as being available in the docket, go to <http://www.regulations.gov/docket?D=FMCSA-2020-0015> and choose the document to review. If you do not have access to the internet, you may view the docket online by visiting Dockets Operations in Room W12-140 on the ground floor of the DOT West Building, 1200 New Jersey Avenue SE, Washington, DC 20590-0001, between 9 a.m. and 5 p.m., ET, Monday through Friday, except Federal holidays. To be sure someone is there to help you, please call (202) 366-9317 or (202) 366-9826 before visiting Dockets Operations.

### C. Privacy Act

In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to [www.regulations.gov](http://www.regulations.gov), as described in the system of records notice (DOT/ALL-14 FDMS), which can be reviewed at [www.transportation.gov/privacy](http://www.transportation.gov/privacy).

## II. Background

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the FMCSRs for no longer than a 5-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statute also allows the Agency to renew exemptions at the end of the 5-year period. FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver's medical certification.

The seven individuals listed in this notice have requested an exemption from the vision requirement in 49 CFR 391.41(b)(10). Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting an exemption will achieve the required level of safety mandated by statute.

The physical qualification standard for drivers regarding vision found in § 391.41(b)(10) states that a person is physically qualified to drive a CMV if that person has distant visual acuity of at least 20/40 (Snellen) in each eye without corrective lenses or visual acuity separately corrected to 20/40 (Snellen) or better with corrective lenses, distant binocular acuity of at least 20/40 (Snellen) in both eyes with or without corrective lenses, field of vision of at least 70° in the horizontal Meridian in each eye, and the ability to recognize the colors of traffic signals and devices showing standard red, green, and amber.

On July 16, 1992, the Agency first published the criteria for the Vision Waiver Program, which listed the conditions and reporting standards that CMV drivers approved for participation would need to meet (57 FR 31458). The current Vision Exemption Program was established in 1998, following the enactment of amendments to the statutes governing exemptions made by § 4007 of the Transportation Equity Act for the 21st Century, Public Law 105-178, 112 Stat. 107, 401 (June 9, 1998). Vision exemptions are considered under the procedures established in 49 CFR part 381 subpart C, on a case-by-case basis upon application by CMV drivers who do not meet the vision standards of § 391.41(b)(10).

To qualify for an exemption from the vision requirement, FMCSA requires a person to present verifiable evidence that he/she has driven a commercial vehicle safely in intrastate commerce with the vision deficiency for the past 3 years. Recent driving performance is especially important in evaluating future safety, according to several research studies designed to correlate past and future driving performance. Results of these studies support the principle that the best predictor of future performance by a driver is his/her past record of crashes and traffic violations. Copies of the studies may be found at <https://www.regulations.gov/docket?D=FMCSA-1998-3637>.

FMCSA believes it can properly apply the principle to monocular drivers, because data from the Federal Highway Administration's (FHWA) former waiver study program clearly demonstrated the driving performance of experienced monocular drivers in the program is better than that of all CMV drivers collectively.<sup>1</sup> The fact that experienced monocular drivers demonstrated safe

driving records in the waiver program supports a conclusion that other monocular drivers, meeting the same qualifying conditions as those required by the waiver program, are also likely to have adapted to their vision deficiency and will continue to operate safely.

The first major research correlating past and future performance was done in England by Greenwood and Yule in 1920. Subsequent studies, building on that model, concluded that crash rates for the same individual exposed to certain risks for two different time periods vary only slightly (See Bates and Neyman, University of California Publications in Statistics, April 1952). Other studies demonstrated theories of predicting crash proneness from crash history coupled with other factors. These factors—such as age, sex, geographic location, mileage driven and conviction history—are used every day by insurance companies and motor vehicle bureaus to predict the probability of an individual experiencing future crashes (See Weber, Donald C., "Accident Rate Potential: An Application of Multiple Regression Analysis of a Poisson Process," Journal of American Statistical Association, June 1971). A 1964 California Driver Record Study prepared by the California Department of Motor Vehicles concluded that the best overall crash predictor for both concurrent and nonconcurrent events is the number of single convictions. This study used 3 consecutive years of data, comparing the experiences of drivers in the first 2 years with their experiences in the final year.

## III. Qualifications of Applicants

### Johnny J. Brown

Mr. Brown, 59, has corneal scarring in his right eye due to a traumatic incident in 1971. The visual acuity in his right eye is no light perception, and in his left eye, 20/20. Following an examination in 2020, his optometrist stated, "He has no light perception in the right eye due to an injury he had in 1971, but his condition is stable. In my medical opinion Mr. Brown meets all the requirements to operate a commercial vehicle at this time." Mr. Brown reported that he has driven buses for 25 years, accumulating 125,000 miles. He holds a Class B CDL from Mississippi. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

### Gordon L. Hendricks

Mr. Hendricks, 60, has had amblyopia in his left eye since childhood. The visual acuity in his right eye is 20/20, and in his left eye, 20/100. Following an

<sup>1</sup> A thorough discussion of this issue may be found in a FHWA final rule published in the *Federal Register* on March 26, 1996 and available on the internet at <https://www.govinfo.gov/content/pkg/FR-1996-03-26/pdf/96-7226.pdf>.

examination in 2020, his optometrist stated, "Mr. Hendricks has a condition called Refractive Amblyopia; which is the inability of one eye to see as well as the other. In my opinion, there is not any condition that would prevent Mr. Hendricks from operating a commercial vehicle safely." Mr. Hendricks reported that he has driven straight trucks for 8 years, accumulating 960,000 miles, and tractor-trailer combinations for 2 years, accumulating 150,000 miles. He holds a Class A CDL from Texas. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

*Justin T. Hoben*

Mr. Hoben, 24, has ectopia lentis in his left eye due to Marfan's Syndrome since childhood. The visual acuity in his right eye is 20/40, and in his left eye, 20/60. Following an examination in 2020, his optometrist stated, "In my medical opinion, Justin T [sic] Hoben has sufficient vision to operate a commercial vehicle." Mr. Hoben reported that he has driven straight trucks for 5 years, accumulating 10,000 miles, and tractor-trailer combinations for 5 years, accumulating 10,000 miles. He holds a Class A CDL from Illinois. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

*Burl V. Ingebretsen*

Mr. Ingebretsen, 74, has had a retinal detachment in his right eye since 2016. The visual acuity in his right eye is 20/200, and in his left eye, 20/20. Following an examination in 2020, his optometrist stated, "In my opinion, Burl has sufficient vision to perform driving tasks required for a commercial license." Mr. Ingebretsen reported that he has driven straight trucks for 54 years, accumulating 1.78 million miles, and tractor-trailer combinations for 34 years, accumulating 3.4 million miles. He holds a Class A CDL from Minnesota. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

*Weldon D. Rudder*

Mr. Rudder, 37, has had amblyopia in his right eye since birth. The visual acuity in his right eye is 20/80, and in his left eye, 20/20. Following an examination in 2020, his ophthalmologist stated, "I certify in my medical opinion that Weldon Rudder has sufficient vision to perform the driving tasks required to operate a commercial vehicle." Mr. Rudder reported that he has driven straight trucks for 3 years, accumulating 60,000

miles and tractor-trailer combinations for 3 years, accumulating 60,000 miles. He holds a Class A CDL from Oklahoma. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

*Patrick W. Sargent*

Mr. Sargent, 54, had a retinal detachment in his right eye due to a traumatic incident in 2017. The visual acuity in his right eye is 20/50, and in his left eye, 20/20. Following an examination in 2020, his ophthalmologist stated, "Given the near perfect vision in his left eye, which was measured at 20/25 on his last exam with no retinal or optic nerve pathology, I believe there is sufficient evidence that he can perform the driving tasks required to operate a commercial vehicle." Mr. Sargent reported that he has driven straight trucks for 35 years, accumulating 56,000 miles, tractor-trailer combinations for 30 years, accumulating 165,000 miles, and buses for 27 years, accumulating 199,800 miles. He holds a Class A CDL from Montana. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

*John F. Skrobarczyk*

Mr. Skrobarczyk, 61, has had optic nerve hypoplasia in his left eye since birth. The visual acuity in his right eye is 20/20, and in his left eye, 20/400. Following an examination in 2020, his ophthalmologist stated, "In my opinion Mr. Skrobarczyk has sufficient vision to operate a commercial vehicle." Mr. Skrobarczyk reported that he has driven tractor-trailer combinations for 3 years, accumulating 105,000 miles. He holds a Class A CDL from Texas. His driving record for the last 3 years shows no crashes and no convictions for moving violations in a CMV.

#### IV. Request for Comments

In accordance with 49 U.S.C. 31136(e) and 31315(b), FMCSA requests public comment from all interested persons on the exemption petitions described in this notice. We will consider all comments and material received before the close of business on the closing date indicated under the **DATES** section of the notice.

#### Qualification of Drivers; Exemption Applications; Vision

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice of renewal of exemptions; request for comments.

**SUMMARY:** FMCSA announces its decision to renew exemptions for 66 individuals from the vision requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) for interstate commercial motor vehicle (CMV) drivers. The exemptions enable these individuals to continue to operate CMVs in interstate commerce without meeting the vision requirements in one eye.

**DATES:** Each group of renewed exemptions are applicable on the dates stated in the discussions below and will expire on the dates stated in the discussions below. Comments must be received on or before February 5, 2021.

**ADDRESSES:** You may submit comments identified by the Federal Docket Management System (FDMS) Docket No. FMCSA-2000-7006, Docket No. FMCSA-2000-7165, Docket No. FMCSA-2001-11426, Docket No. FMCSA-2002-12294, Docket No. FMCSA-2004-18885, Docket No. FMCSA-2004-19477, Docket No. FMCSA-2005-21711, Docket No. FMCSA-2006-24783, Docket No. FMCSA-2006-26066, Docket No. FMCSA-2007-0071, Docket No. FMCSA-2008-0021, Docket No. FMCSA-2008-0106, Docket No. FMCSA-2008-0174, Docket No. FMCSA-2008-0266, Docket No. FMCSA-2008-0292, Docket No. FMCSA-2008-0340, Docket No.
